Part B of title XI of the Education Amendments of 1978 (25 U.S.C. 2001 et seq.) is amended to read as follows:

“PART B—BUREAU OF INDIAN AFFAIRS PROGRAMS

“SEC. 1121. STANDARDS FOR THE BASIC EDUCATION OF INDIAN CHILDREN IN BUREAU OF INDIAN AFFAIRS SCHOOLS.

25 USC 2001

“(a)(1) The purpose of the standards developed under this section shall be to afford Indian students being served by a Bureau funded school with the same opportunities as all other students to achieve the National Education Goals embodied in the Goals 2000: Educate America Act. Consistent with the provisions of this section and section 1131, the Secretary shall take such actions as are necessary to coordinate standards developed and implemented under this section with those in the State improvement plans developed and implemented pursuant to the Goals 2000: Educate America Act for the States in which each Bureau funded school operates. In developing and reviewing such standards and coordination, the Secretary shall utilize the findings and recommendations of the panel established in section 315(b)(4) of such Act.

“(2) The Secretary shall take immediate steps to encourage school boards of Bureau funded schools to engage their communities in adopting declarations of purposes of education in their communities, analyzing the implications of such purposes for their schools, and determining how such purposes may be made to motivate students and faculties and otherwise animate their schools by May 1, 1995. Such declarations shall represent the aspirations of a community for the kinds of persons such community wants its children to increasingly become, and shall include such purposes as assuring that all learners are becoming accomplished in ways important to themselves and respected by their parents and communities, shaping worthwhile and satisfying lives for themselves, exemplifying the best values of the community and humankind,

and becoming increasingly effective in shaping the character and quality of the world all learners share.

“(b) Within 18 months of the publication of the voluntary national content standards described in section 213(a) of the Goals 2000: Educate America Act, the Secretary, in consultation with the Secretary of Education and Indian organizations and tribes, shall carry out or cause to be carried out by contract with an Indian organization such studies and surveys, making the fullest use possible of other existing studies, surveys, and plans, as are necessary to establish and revise standards for the basic education of Indian children attending Bureau funded schools. Such studies and surveys shall take into account factors such as academic needs, local cultural differences, type and level of language skills, geographic isolation, and appropriate teacher-student ratios for such children, and shall be directed toward the attainment of equal educational opportunity for such children.

“(c)(1) The Secretary shall revise the minimum academic standards published in the Federal Register of September 9, 1985 (50 Fed. Reg. 174) for the basic education of Indian children in accordance with the purpose described in subsection (a) and the findings of the studies and surveys described in subsection (b), and shall publish such revised standards in the Federal Register for the purpose of receiving comments from the tribes and other interested parties. Within 21 months of the date of enactment of the Improving America’s Schools Act of 1994, the Secretary shall establish final standards, distribute such standards to all the tribes and publish such final standards in the Federal Register. The Secretary shall revise such final standards periodically as necessary. Prior to any revision of such final standards, the Secretary shall distribute such proposed revision to all the tribes, and publish such proposed revision in the Federal Register, for the purpose of receiving comments from the tribes and other interested parties.

“(2) The standards described in paragraph (1) shall apply to Bureau schools, and subject to subsection (f), to contract or grant schools, and may also serve as a model for educational programs for Indian children in public schools. In establishing and revising such standards, the Secretary shall take into account the special needs of Indian students and the support and reinforcement of the specific cultural heritage of each tribe.

“(d) The Secretary shall provide alternative or modified standards in lieu of the standards established under subsection (c), where necessary, so that the programs of each school shall be in compliance with the minimum standards required for accreditation of schools in the State where the school is located.

“(e) A tribal governing body, or the local school board so designated by the tribal governing body, shall have the local authority to waive, in part or in whole, the standards established under subsection (c) and (d), where such standards are deemed by such body to be inappropriate. The tribal governing body or designated school board shall, within 60 days thereafter, submit to the Secretary a proposal for alternative standards that take into account the specific needs of the tribe’s children. Such revised standards shall be established by the Secretary unless specifically rejected by the Secretary for good cause and in writing to the affected tribes or local school board, which rejection shall be final and unreviewable.

“(f)(1) The Secretary, through contracting and grant-making procedures, shall assist school boards of contract or grant schools in the implementation of the standards established under subsections (c) and (d), if the school boards request that such standards, in part or in whole, be implemented. At the request of a contract or grant school board, the Secretary shall provide alternative or modified standards for the standards established under subsections (c) and (d) to take into account the needs of the Indian children and the contract or grant school.

“(2) Within 1 year of the date of the enactment of the Indian Education Technical Amendments Act of 1985, the Bureau shall, either directly or through contract with an Indian organization, establish a consistent system of reporting standards for fiscal control and fund accounting for all contract or grant schools. Such standards shall yield data results comparable to those used by Bureau schools.

“(g) Subject to subsections (e) and (f), the Secretary shall begin to implement the standards established under this section immediately upon the date of their establishment. Not later than January 1, 1995, and at each time thereafter that the annual budget request for Bureau educational services is presented, the Secretary shall submit to the appropriate committees of Congress a detailed plan to bring all Bureau schools and contract or grant schools up to the level required by the applicable standards established under this section. Such plan shall include detailed information on the status of each school’s educational program in relation to the applicable standards established under this section, specific cost estimates for meeting such standards at each school, and specific time lines for bringing each school up to the level required by such standards.

“(h)(1) Except as specifically required by statute, no school or peripheral dormitory operated by the Bureau on or after January 1, 1992, may be closed or consolidated or have its program substantially curtailed unless done according to the requirements of this subsection, except that, in those cases where the tribal governing body, or the local school board concerned (if so designated by the tribal governing body), requests closure or consolidation, the requirements of this subsection shall not apply. The requirements of this subsection shall not apply when a temporary closure, consolidation, or substantial curtailment is required by plant conditions which constitute an immediate hazard to health and safety.

“(2) The Secretary shall, by regulation, promulgate standards and procedures for the closing, consolidation, or substantial curtailment of Bureau schools in accordance with the requirements of this subsection.

“(3) Whenever closure, transfer to any other authority, consolidation, or substantial curtailment of a school is under active consideration or review by any division of the Bureau or the Department of the Interior, the affected tribe, tribal governing body, and designated local school board, will be notified as soon as such consideration or review begins, kept fully and currently informed, and afforded an opportunity to comment with respect to such consideration or review. When a formal decision is made to close, transfer to any other authority, consolidate, or substantially curtail a school, the affected tribe, tribal governing body, and designated local school board shall be notified at least 6 months prior to the end of the school year preceding the proposed closure date. such notices and information shall be transmitted promptly to the Congress and published in the Federal Register.

Reports.

"(4) The Secretary shall make a report to Congress, the affected tribe, and the designated local school board describing the process of the active consideration or review referred to in paragraph (3). At a minimum, the report shall include a study of the impact of such action on the student population, with every effort to identify those students with particular educational and social needs, and to ensure that alternative services are available to such students. Such report shall include the description of the consultation conducted between the potential service provider, current service provider, parents, tribal representative and the tribe or tribes involved, and the Director of the Office of Indian Education Programs within the Bureau regarding such students. No irreversible action may be taken in furtherance of any such proposed school closure, transfer to any other authority, consolidation, or substantial curtailment (including any action which would prejudice the personnel or programs of such school) until the end of the first full academic year after such report is made.

"(5) The Secretary may terminate, contract, transfer to any other authority, or consolidate or substantially curtail the operation or facilities of—

"(A) any Bureau funded school that is operated on or after April 1, 1987,

"(B) any program of such a school that is operated on or after April 1, 1987, or

"(C) any school board of a school operated under a grant under the Tribally Controlled Schools Act of 1988, only if the tribal governing body approves such action.

"(i) There are authorized to be appropriated such sums as may be necessary, for academic program costs, in order to bring all Bureau schools and contract or grant schools up to the level required by the applicable standards established under this section.

"(j)(1) All Bureau funded schools shall include within their curriculum a program of instruction relating to alcohol and substance abuse prevention and treatment. The Assistant Secretary shall provide the technical assistance necessary to develop and implement such a program for students in kindergarten and grades 1 through 12, at the request of—

"(A) any Bureau school (subject to the approval of the school board of such school);

"(B) any school board of a school operating under a contract entered into under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.); or

"(C) any school board of a school operating under a grant under the Tribally Controlled Schools Act of 1988.

"(2) In schools operated directly by the Bureau, the Secretary shall provide for—

"(A) accurate reporting of all incidents relating to alcohol and substance abuse; and

"(B) individual student crisis intervention.

"(3) The programs requested under paragraph (1) shall be developed in consultation with the Indian tribe that is to be served by such program and health personnel in the local community of such tribe.

"(4) Schools requesting program assistance under this subsection are encouraged to involve family units and, where appropriate, tribal elders and Native healers in such instructions.

"(k) For purposes of this section, the term 'tribal governing body' means, with respect to any school, the tribal governing body, or tribal governing bodies, that represent at least 90 percent of the students served by such school.

"(l)(1)(A)(i) The Secretary shall only consider the factors described in subparagraphs (B) and (C) in reviewing—

"(I) applications from any tribe for the awarding of a contract or grant for a school that is not a Bureau funded school; and

"(II) applications from any tribe or school board of any Bureau funded school for—

"(aa) a school which is not a Bureau funded school;

or

"(bb) the expansion of a Bureau funded school which would increase the amount of funds received by the Indian tribe or school board under section 1127.

"(ii) The Secretary shall give consideration to all of the factors under clause (i), but none of the applications under clause (i) may be denied based primarily upon the geographic proximity of public education.

"(B) The Secretary shall consider the following factors relating to the program that is the subject of an application described in subparagraph (A):

"(i) The adequacy of facilities or the potential to obtain or provide adequate facilities.

"(ii) Geographic and demographic factors in the affected areas.

"(iii) Adequacy of the applicant's program plans or, in the case of a Bureau funded school, of projected needs analysis done either by a tribe or by Bureau personnel.

"(iv) Geographic proximity of comparable public education.

"(v) The stated needs of all affected parties, including students, families, tribal governments at both the central and local levels, and school organizations.

"(C) The Secretary shall consider with respect to applications described in subparagraph (A) the following factors relating to all the educational services available at the time the application is considered:

"(i) Geographic and demographic factors in the affected areas.

"(ii) Adequacy and comparability of programs already available.

"(iii) Consistency of available programs with tribal educational codes or tribal legislation on education.

"(iv) The history and success of these services for the proposed population to be served, as determined from all factors and not just standardized examination performance.

"(2)(A) The Secretary shall make a determination of whether to approve any application described in paragraph (1)(A) by not later than the date that is 180 days after the day on which such application is submitted to the Secretary.

"(B) If the Secretary fails to make the determination described in subparagraph (A) with respect to an application by the date

described in subparagraph (A), the application shall be treated as having been approved by the Secretary.

“(3)(A) Any application described in paragraph (1)(A) may be submitted to the Secretary only if—

“(i) the application has been approved by the tribal governing body of the students served by (or to be served by) the school or program that is the subject of the application, and

“(ii) written evidence of such approval is submitted with the application.

“(B) Each application described in paragraph (1)(A)—

“(i) shall provide information concerning each of the factors described in paragraph (1)(B), and

“(ii) may provide information concerning the factors described in paragraph (1)(C).

“(4) Whenever the Secretary makes a determination to deny approval of any application described in paragraph (1)(A), the Secretary shall—

“(A) state the objections in writing to the applicant by not later than the date that is 180 days after the day on which the application is submitted to the Secretary,

“(B) provide assistance to the applicant to overcome stated objections, and

“(C) provide the applicant a hearing, under the same rules and regulations pertaining to the Indian Self-Determination and Education Assistance Act, and an opportunity to appeal the objections raised by the Secretary.

“(5)(A) Except as otherwise provided in this paragraph, the action which is the subject of any application described in paragraph (1)(A) that is approved by the Secretary shall become effective with the commencement of the academic year succeeding the fiscal year in which the application is approved, or at an earlier date determined by the Secretary.

“(B) If an application is treated as having been approved by the Secretary by reason of paragraph (2)(B), the action that is the subject of the application shall become effective on the date that is 18 months after the date on which the application is submitted to the Secretary, or at an earlier date determined by the Secretary.

“SEC. 1122. NATIONAL CRITERIA FOR DORMITORY SITUATIONS.

“(a) The Secretary, in consultation with the Secretary of the Department of Education, and in consultation with Indian organizations and tribes, shall conduct or cause to be conducted by contract with an Indian organization, a study of the costs applicable to boarding arrangements for Indian students provided in Bureau schools, and contract or grant schools, for the purpose of establishing national criteria for such dormitory situations. Such criteria shall include adult-child ratios, needs for counselors (including special needs related to off-reservation boarding arrangements), space, and privacy.

“(b) Not later than January 1, 1996, the Secretary shall propose such criteria, and shall distribute such proposed criteria to the tribes and publish such proposed criteria in the Federal Register for the purpose of receiving comments from the tribes and other interested parties. Within 18 months of the date of the enactment of the Improving America's Schools Act of 1994, the Secretary shall establish final criteria, distribute such final criteria to all

the tribes, and publish such final criteria in the Federal Register. The Secretary shall revise such final criteria periodically as necessary. Any revisions to the criteria established under this section shall be developed subject to requirements established under section 1131.

“(c) The Secretary shall begin to implement the criteria established under this section immediately upon the date of the establishment of such criteria. Not later than January 1, 1997, and at each time thereafter that the annual budget request for Bureau educational services is presented, the Secretary shall submit to the appropriate committees of Congress a detailed plan to bring all Bureau contract boarding schools up to the criteria established under this section. Such plan shall include predictions for the relative need for each boarding school in the future, detailed information on the status of each school in relation to the criteria established under this section, specific cost estimates for meeting such criteria at each school, and specific time lines for bringing each school up to the level required by such criteria.

“(d)(1) The criteria established under this section may be waived in the same manner as the standards provided under section 1121(c) may be waived under section 1121(e).

“(2) No school in operation on or before January 1, 1987 (regardless of compliance or noncompliance with the criteria established under this section) may be closed, transferred to another authority, consolidated or have its program substantially curtailed for failure to meet the criteria.

“(3) By not later than May 1, 1996, the Secretary shall submit to the Congress a report detailing the costs associated with, and the actions necessary for, complete compliance with the criteria established under this section.

“(e) There are authorized to be appropriated such sums as may be necessary in order to bring each school up to the level required by the criteria established under this section.

“SEC. 1123. REGULATIONS.

“(a) The provisions of part 32 of title 25 of the Code of Federal Regulations, as in effect on January 1, 1987, are incorporated into this Act and shall be treated as though such provisions are set forth in this subsection. Accordingly, such provisions may be altered only by means of an amendment to this subsection that is contained in an Act or joint resolution which is enacted into law. “(b)(1) Except as provided in paragraph (2), on or after July 1, 1985, no attendance area shall be changed or established with respect to any Bureau funded school unless the tribal governing body or the local school board concerned (if so designated by the tribal governing body) has been (i) afforded at least six months notice of the intention of the Bureau to change or establish such attendance area, and (ii) given the opportunity to propose alternative boundaries. Any tribe may petition the Secretary for revision of existing attendance area boundaries. “(2) In any case where there is more than 1 Bureau funded school located on an Indian reservation, at the direction of the tribal governing body, the relevant school boards of the Bureau funded schools on the reservation may, by mutual consent, establish the relevant attendance areas for such schools, subject to the approval of the tribal governing body. “SEC. 1125. FACILITIES CONSTRUCTION.

“(a) The Secretary shall immediately begin to bring all schools, dormitories, and other facilities operated by the Bureau or under contract or grant with the Bureau in connection with the education of Indian children into compliance with all applicable Federal, tribal, or State health and safety standards, whichever provide greater protection (except that the tribal standards to be applied shall be no greater than any otherwise applicable Federal or State

standards), with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), and with the Americans with Disabilities Act of 1990, except that nothing in this section shall require termination of the operations of any facility which does not comply with such provisions and which is in use on the date of enactment of the Improving America’s Schools Act of 1994.

“(b) By January 1, 1996, and at each time thereafter that the annual budget request for Bureau educational services is presented, the Secretary shall submit to the appropriate committees of Congress a detailed plan to bring such facilities into compliance with such standards. Such plan shall include detailed information on the status of each facility’s compliance with such standards, specific cost estimates for meeting such standards at each school, and specific time lines for bringing each school into compliance with such standards.

“(c) Within six months of the date of enactment of this Act, the Secretary shall submit to the appropriate committees of Congress, and publish in the Federal Register, the system used to establish priorities for school construction projects. At the time any budget request for school construction is presented, the Secretary shall publish in the Federal Register and submit with the budget request the current list of all school construction priorities.

Health or Safety.

“(2)(A) In making determinations described in paragraph (1) before July 1, 1989, health and safety officers of the Bureau shall use the health and safety guidelines of the Bureau that were in effect on January 1, 1988.

“(B)(i) If—

“(I) the Secretary fails to publish in the Federal Register in final form before July 1, 1989, and

Federal Register, publication, Regulation.

“(II) action described in paragraph (1) is taken after June 30, 1989, and before the date on which such regulations are published in final form in the Federal Register by reason of the condition of any plant,

an inspection of the condition of such plant shall be conducted by an appropriate tribal, county, municipal, or State health and safety officer to determine whether conditions at such plant constitute an immediate hazard to health and safety. Such inspection shall be completed by not later than the date that is 30 days after the date on which the action described in paragraph (1) is taken.

“(ii) The inspection required under clause (i) shall be conducted by a health and safety officer designated jointly by the Secretary and the tribes affected by the action described in paragraph (1). If the Secretary and such tribes are unable to agree on the designation of the health and safety officer, the Secretary shall designate the health and safety officer and shall provide notice of such designation to each of such tribes before the inspection is conducted by such officer.

“(iii) If the health and safety officer conducting an inspection of a plant required under clause (i) determines that conditions at the plant do not constitute an immediate hazard to health and safety, any consolidation or curtailment that was made by

reason of conditions at the plant shall immediately cease and any school closed by reason of conditions at the plant shall be reopened immediately.

“(3) If—

“(A) a Bureau school is temporarily closed or consolidated, or the programs of a Bureau school are substantially curtailed, by reason of plant conditions that constitute an immediate hazard to health and safety, and

“SEC. 1126. BUREAU OF INDIAN AFFAIRS EDUCATION FUNCTIONS.

The Assistant Secretary shall carry out such functions through the Director of the Office of Indian Education.

“(b) The Director of the Office shall direct and supervise the operations of all personnel directly and substantially involved with provision of education services by the Bureau, including school or institution custodial or maintenance personnel. The Assistant Secretary for Indian Affairs shall provide for the adequate coordination between the affected Bureau Offices and the Office to facilitate the consideration of all contract functions relating to education. Except as required by section 1129, nothing in this Act shall be construed to require the provision of separate support services for Indian education.

“(c) Education personnel who are under the direction and supervision of the Director of the Office in accordance with the first sentence of subsection (b) shall—

“(1) monitor and evaluate Bureau education programs,

“(2) provide all services and support functions for education programs with respect to personnel matters involving staffing actions and functions, and

The local supervisors of Bureau maintenance personnel shall take appropriate action to implement the decisions made by the appropriate education line officers, except that no funds under this part may be authorized for expenditure unless such appropriate education line officer is assured that the necessary maintenance has been, or will be, provided in a reasonable manner. Subject to the requirements of subsection (b) of this section, nothing in this Act shall be construed to require the provision of separate operations and maintenance personnel for the Office.

“(3) The requirements of this subsection shall be implemented not later than July 1, 1995.

“(e) Notwithstanding any other provision of law, the Director shall promulgate guidelines for the establishment of mechanisms for the acceptance of gifts and bequests for the use of, and benefit of, particular schools or designated Bureau operated education programs, including, where appropriate, the establishment and administration of trust funds. When a Bureau operated program is the beneficiary of such a gift or bequest, the Director shall make provisions for monitoring its use, and shall report to the appropriate committees of Congress the amount and terms of such gift or bequest, the use to which such gift or bequest is put, and any positive results achieved by such action.

“(f) For the purpose of this section the term ‘functions’ includes powers and duties.

“(2) Upon the establishment of the standards required by sections 1121 and 1122, the Secretary shall revise the formula established under this subsection to reflect the cost and funding standards so established. Prior to January 1, 1996, the Secretary shall review the formula established under this section and shall take such steps as may be necessary to increase the availability of counseling services for students in off-reservation boarding schools and other Bureau operated residential facilities. Concurrent with such action, the Secretary shall review the standards established under section 1121 to be certain that adequate provision is made for parental notification regarding, and consent for, such counseling services.

“(b) Notwithstanding any other provisions of law, Federal funds appropriated for the general local operation of Bureau funded schools shall be allotted pro rata in accordance with the formula established under subsection (a).

“(c)(1) For fiscal year 1990, and for each subsequent fiscal year, the Secretary shall adjust the formula established under subsection (a) to—

“(A) use a weighted unit of 1.2 for each eligible Indian student enrolled in the seventh and eighth grades of the school in considering the number of eligible Indian students served by the school;

“(B) consider a school with an enrollment of less than 50 eligible Indian students as having an average daily attendance of 50 eligible Indian students for purposes of implementing the adjustment factor for small schools; and

“(C) take into account the provision of residential services on a less than 9-month basis at a school when the school board and supervisor of the school determine that a less than 9-month basis will be implemented for the school year involved.

“(2)(A) The Secretary shall reserve for national school board training 0.2 percent of the funds appropriated for each fiscal year for distribution under this section. Such training shall be conducted through the same organizations through which, and in the same manner in which, the training was conducted in fiscal year 1992, except that the contracts for distribution of such funds shall require that such funds be distributed by the recipient organizations in a manner that assures the same pro rata share is made available for training for each school board in the system. If the contract for such training is not awarded before May 1 of each fiscal year, the contract under which such training was provided for the fiscal year preceding such fiscal year shall be renewed by the Secretary for such fiscal year. The agenda for the training sessions shall

be established by the school boards through their regional or national organizations.

“(B) For each year in which the Secretary uses a weighted unit formula established under subsection (a) to fund Bureau schools, a Bureau school which generates less than 168 weighted units shall receive an additional 2 weighted units to defray school board activities.

“(C) From the funds allotted in accordance with the formula established under subsection (a) for each Bureau school, the local school board of such school may reserve an amount which does not exceed the greater of—

“(i) \$5,000, or

“(ii) the lesser of—

“(I) \$15,000, or

“(II) 1 percent of such allotted funds,

for school board activities for such school, including and notwithstanding any other provision of law, meeting expenses and the cost of membership in, and support of, organizations engaged in activities on behalf of Indian education.

“(3) The Secretary shall adjust the formula established under subsection (a) to use a weighted unit of 2.0 for each eligible Indian student that—

“(A) is gifted and talented, and

“(B) is enrolled in the school on a full-time basis,

in considering the number of eligible Indian students served by the school.

“(4)(A) The Secretary shall adjust the formula established under subsection (a) to use a weighted unit of 0.25 for each eligible Indian student who is enrolled in a year-long credit course in an Indian or Native language as part of the regular curriculum of a school, in considering the number of eligible Indian students served by such school.

“(B) The adjustment required under subparagraph (A) shall be used for such school after—

“(i) the certification of the Indian or Native language curriculum by the school board of such school to the Secretary, together with an estimate of the number of full-time students expected to be enrolled in the curriculum in the second school year following the school year for which the certification is made; and

“(ii) the funds appropriated for allotment under this section are designated by the appropriations Act appropriating such funds as the amount necessary to implement such adjustment at such school without reducing allotments made under this section to any school by virtue of such adjustment.

“(d) The Secretary shall reserve from the funds available for distribution for each fiscal year under this section an amount which, in the aggregate, shall equal 1 percent of the funds available for such purpose for that fiscal year. Such funds shall be used, at the discretion of the Director of the Office, to meet emergencies and unforeseen contingencies affecting the education programs funded under this section. Funds reserved under this subsection may only be expended for education services or programs at a schoolsite (as defined in section 5204(c)(2) of the Tribally Controlled Schools Act of 1988). Funds reserved under this subsection shall remain available without fiscal year limitation until expended. However, the aggregate amount available from all fiscal years may

not exceed 1 percent of the current year funds. Whenever the Secretary makes funds available under this subsection, the Secretary shall report such action to the appropriate committees of Congress within the annual budget submission.

“(e) Supplemental appropriations enacted to meet increased pay costs attributable to school level personnel shall be distributed under this section.

“(f) For the purpose of this section, the term ‘eligible Indian student’ means a student who—

“(1) is a member of or is at least a $\frac{1}{4}$ degree Indian blood descendant of a member of an Indian tribe which is eligible for the special programs and services provided by the United States through the Bureau to Indians because of their status as Indians, and

“(2) resides on or near an Indian reservation or meets the criteria for attendance at a Bureau off-reservation boarding school.

“(g)(1) An eligible Indian student may not be charged tuition for attendance at a Bureau school or contract or grant school. A student attending a Bureau school under paragraph (2)(C) may not be charged tuition.

“(2) The Secretary may permit the attendance at a Bureau school of a student who is not an eligible Indian student if—

“(A) the Secretary determines that the student’s attendance will not adversely affect the school’s program for eligible Indian students because of cost, overcrowding, or violation of standards,

“(B) the school board consents,

“(C) the student is a dependent of a Bureau, Indian Health Service, or tribal government, employee who lives on or near the school site, or

“(D) a tuition is paid for the student that is not more than that charged by the nearest public school district for out-of-district students, is in addition to the school’s allocation under this section.

“(3) The school board of a contract or grant school may permit students who are not eligible Indian students under this subsection to attend its contract school or grant school and any tuition collected for those students is in addition to funding under this section.

“(h) Notwithstanding any other provision of law, at the election of the school board of a Bureau school made at any time during the fiscal year, a portion equal to not more than 15 percent of the funds allocated with respect to a school under this section for any fiscal year shall remain available to the school for expenditure without fiscal year limitation. The Assistant Secretary shall take steps as may be necessary to implement this provision immediately.

“(i) Beginning with academic year 1994–1995, tuition for the out-of-State students boarding at the Richfield Dormitory in Richfield, Utah, who attend Sevier County high schools in Richfield, Utah, shall be paid from the Indian school equalization program funds authorized in this section and section 1130 at a rate not to exceed the amount per weighted student unit for that year for the instruction of such students. No additional administrative cost funds shall be added to the grant.

“SEC. 1128. ADMINISTRATIVE COST GRANTS.

“(a)(1) The Secretary shall, subject to the availability of appropriated funds, provide grants to each tribe or tribal organization operating a contract school or grant school in the amount determined under this section with respect to the tribe or tribal organization for the purpose of paying the administrative and indirect costs incurred in operating contract or grant schools in order to—

“(A) enable tribes and tribal organizations operating such schools, without reducing direct program services to the beneficiaries of the program, to provide all related administrative overhead services and operations necessary to meet the requirements of law and prudent management practice, and

“(B) carry out other necessary support functions which would otherwise be provided by the Secretary or other Federal officers or employees, from resources other than direct program funds, in support of comparable Bureau operated programs.

“(2) Amounts appropriated to fund the grants provided under this section shall be in addition to, and shall not reduce, the amounts appropriated for the program being administered by the contract or grant school.

“(b)(1) The amount of the grant provided to each tribe or tribal organization under this section for each fiscal year shall be determined by applying the administrative cost percentage rate of the tribe or tribal organization to the aggregate of the Bureau elementary and secondary functions operated by the tribe or tribal organization for which funds are received from or through the Bureau. The administrative cost percentage rate determined under subsection (c) does not apply to other programs operated by the tribe or tribal organization.

“(2) The Secretary shall—

“(A) reduce the amount of the grant determined under paragraph (1) to the extent that payments for administrative costs are actually received by an Indian tribe or tribal organization under any Federal education program included in the direct cost base of the tribe or tribal organization, and

“(B) take such actions as may be necessary to be reimbursed by any other department or agency of the Federal Government for the portion of grants made under this section for the costs of administering any program for Indians that is funded by appropriations made to such other department or agency.

“(c)(1) For purposes of this section, the administrative cost percentage rate for a contract or grant school for a fiscal year is equal to the percentage determined by dividing—

“(A) the sum of—

“(i) the amount equal to—

“(I) the direct cost base of the tribe or tribal organization for the fiscal year, multiplied by

“(II) the minimum base rate, plus

“(ii) the amount equal to—

“(I) the standard direct cost base, multiplied by

“(II) the maximum base rate, by

“(B) the sum of—

“(i) the direct cost base of the tribe or tribal organization for the fiscal year, plus

“(ii) the standard direct cost base.

“(2) The administrative cost percentage rate shall be determined to the $\frac{1}{100}$ of a decimal point.

“(A) conduct such studies as may be needed to establish an empirical basis for determining relevant factors substantially affecting the required administrative costs of tribal elementary and secondary educational programs, using the formula set forth in subsection (c), and

“(B) conduct a study to determine—

“(i) a maximum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the smallest tribal elementary or secondary educational programs,

“(ii) a minimum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the largest tribal elementary or secondary educational programs, and

“(iii) a standard direct cost base which is the aggregate direct cost funding level for which the percentage determined under subsection (c) will—

“(I) be equal to the median between the maximum base rate and the minimum base rate, and

“(II) ensure that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of tribal elementary or secondary educational programs closest to the size of the program.

“(2) The studies required under paragraph (1) shall—

“(A) be conducted in full consultation (in accordance with section 1131) with—

“(i) the tribes and tribal organizations that are affected by the application of the formula set forth in subsection (c), and

“(ii) all national and regional Indian organizations of which such tribes and tribal organizations are typically members;

“(B) be conducted onsite with a representative statistical sample of the tribal elementary or secondary educational programs under a contract entered into with a nationally reputable public accounting and business consulting firm;

“(C) take into account the availability of skilled labor, commodities, business and automatic data processing services, related Indian preference and Indian control of education requirements, and any other market factors found substantially to affect the administrative costs and efficiency of each such tribal elementary or secondary educational program studied in order to assure that all required administrative activities can reasonably be delivered in a cost effective manner for each such program, given an administrative cost allowance generated by the values, percentages, or other factors found in the studies to be relevant in such formula;

“(D) identify, and quantify in terms of percentages of direct program costs, any general factors arising from geographic isolation, or numbers of programs administered, independent of program size factors used to compute a base administrative cost percentage in such formula; and

“(E) identify any other incremental cost factors substantially affecting the costs of required administrative cost func-

tions at any of the tribal elementary or secondary educational programs studied and determine whether the factors are of general applicability to other such programs, and (if so) how the factors may effectively be incorporated into such formula.

“(3) In carrying out the studies required under this subsection, the Secretary shall obtain the input of, and afford an opportunity to participate to, the Inspector General of the Department of the Interior.

“(4) Determinations described in paragraph (2)(C) shall be based on what is pragmatically possible to do at each location studied, given prudent management practice, irrespective of whether required administrative services were actually or fully delivered at these sites, or other services were delivered instead, during the period of the study.

“(5) Upon completion of the studies conducted under paragraph (1), but in no case later than October 1, 1989, the Secretary shall submit to the Congress a report on the findings of the studies, together with determinations based upon such findings that would affect the definitions of terms used in the formula that is set forth in subsection (c).

“(6) The Secretary shall include in the Bureau's justification for each appropriations request for each fiscal year beginning after fiscal year 1989, a projection of the overall costs associated with the formula set forth in subsection (c) for all tribal elementary or secondary educational programs which the Secretary expects to be funded in the fiscal year for which the appropriations are sought.

“(7) For purposes of this subsection, the size of tribal elementary or secondary educational programs is determined by the aggregate direct cost program funding level for all Bureau funded programs which share common administrative cost functions.

“(g)(1) There are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out this section.

“(2) If the total amount of funds necessary to provide grants to tribes and tribal organizations in the amounts determined under subsection (b) for a fiscal year exceeds the amount of funds appropriated to carry out this section for such fiscal year, the Secretary shall reduce the amount of each grant determined under subsection (b) for such fiscal year by an amount that bears the same relationship to such excess as the amount of such grant determined under subsection (b) bears to the total of all grants determined under subsection (b) for all tribes and tribal organizations for such fiscal year.

“(h)(1) Notwithstanding any other provision of this section, the amount of the grants provided under this section for fiscal year 1989 shall—

“(A) in lieu of being determined under subsection (b), be determined for each tribal elementary or secondary educational program on the same basis that indirect costs were determined for such programs for fiscal year 1988, and

“(B) be subject to the provisions of subsection (d).

“(2) Notwithstanding any other provision of this section, the amount of the grant provided under this section for fiscal year 1990 with respect to each tribal elementary and secondary educational program that was operated by a tribe or tribal organization in fiscal year 1989 shall be equal to—

"(d)(1)(A) Funds received by a tribe or contract or grant school as grants under this section for tribal elementary or secondary educational programs may be combined by the tribe or contract or grant school into a single administrative cost account without the necessity of maintaining separate funding source accounting.

"(B) Indirect cost funds for programs at the school which share common administrative services with tribal elementary or secondary educational programs may be included in the administrative cost account described in subparagraph (A).

"(2) Funds received as grants under this section with respect to tribal elementary or secondary education programs shall remain available to the contract or grant school without fiscal year limitation and without diminishing the amount of any grants otherwise payable to the school under this section for any fiscal year beginning after the fiscal year for which the grant is provided.

"(3) Funds received as grants under this section for Bureau funded programs operated by a tribe or tribal organization under a contract or agreement shall not be taken into consideration for purposes of indirect cost underrecovery and overrecovery determinations by any Federal agency for any other funds, from whatever source derived.

"(4) In applying this section and section 105 of the Indian Self-Determination and Education Assistance Act with respect to an Indian tribe or tribal organization that—

"(A) receives funds under this section for administrative costs incurred in operating a contract or grant school or a school operated under the Tribally Controlled Schools Act of 1988, and

"(B) operates 1 or more other programs under a contract or grant provided under the Indian Self-Determination and Education Assistance Act,

the Secretary shall ensure that the Indian tribe or tribal organization is provided with the full amount of the administrative costs, and of the indirect costs, that are associated with operating the contract or grant school, a school operated under the Tribally Controlled Schools Act of 1988, and all of such other programs, except that funds appropriated for implementation of this section shall be used only to supply the amount of the grant required to be provided by this section.

"(e) For purposes of this section:

"(1)(A) The term 'administrative cost' means the costs of necessary administrative functions which—

"(i) the tribe or tribal organization incurs as a result of operating a tribal elementary or secondary educational program,

"(i) the second fiscal year preceding such fiscal year,

or

"(ii) if such programs have not been operated by the tribe or tribal organization during the 2 preceding fiscal years, the first fiscal year preceding such fiscal year.

"(B) In the case of Bureau elementary or secondary education functions which have not previously been operated by a tribe or tribal organization under contract, grant, or agreement with the Bureau, the direct cost base for the initial year shall be the projected aggregate direct cost program funding for all Bureau elementary and secondary functions to be operated by the tribe or tribal organization during that fiscal year.

"(4) The term 'maximum base rate' means 50 percent.

"(5) The term 'minimum base rate' means 11 percent.

"(6) The term 'standard direct cost base' means \$600,000.

"(7) The term 'tribal elementary or secondary educational programs' means all Bureau elementary and secondary functions, together with any other Bureau programs or portions of programs (excluding funds for social services that are appropriated to agencies other than the Bureau and are expended through the Bureau, funds for major subcontracts, construction, and other major capital expenditures, and unexpended funds carried over from prior years) which share common administrative cost functions, that are operated directly by a tribe or tribal organization under a contract, grant, or agreement with the Bureau.

"(f)(1) Upon the date of enactment of the Indian Education Amendments of 1988, the Secretary shall—

“(A) if the amount of the grant determined under subsection (b) for fiscal year 1990 with respect to such program exceeds the amount received by the tribe or tribal organization with respect to such program for administrative costs for fiscal year 1988 (or fiscal year 1989 if such program was not operated by the tribe or tribal organization during fiscal year 1988), the sum of—

“(i) such amount received, plus

“(ii) $\frac{1}{3}$ of the excess of—

“(I) such amount determined under subsection (b), over

“(II) such amount received, or

“(B) if such amount received exceeds such amount determined under subsection (b), the excess of—

“(i) such amount received, over

“(ii) an amount equal to $\frac{1}{3}$ of the excess of—

“(I) such amount received, over

“(II) such amount determined under subsection (b).

“(3) Notwithstanding any other provision of this section, the amount of the grants provided under this section for fiscal year 1991 with respect to each tribal elementary and secondary educational program that was operated by a tribe or tribal organization in fiscal year 1989 shall be equal to—

“(A) if the amount of the grant determined under subsection (b) for fiscal year 1991 with respect to such program exceeds the amount received by the tribe or tribal organization with respect to such program for administrative costs for fiscal year 1990, the sum of—

Such Division shall be under the direct supervision and control of the Director of the Office.

“(b) The Division shall have the capacity to conduct such studies, surveys, or other activities as are necessary to gather demographic information on Bureau-funded schools (current and future) and project the amount necessary to provide Indian students in such schools the educational program set forth in this part.

“(c) The Division shall prepare projections on such amounts, along with such other information as the Director of the Office shall require, for each fiscal year beginning after October 1, 1996. The Director of the Office and the Assistant Secretary for Indian

Affairs shall use such reports when preparing their annual budget submissions.

“SEC. 1130. UNIFORM DIRECT FUNDING AND SUPPORT.

“(a)(1) Within six months after the date of enactment of the Improving America's Schools Act of 1994, the Secretary shall establish, by regulation adopted in accordance with section 1139, a system for the direct funding and support of all Bureau funded schools. Such system shall allot funds, in accordance with section 1127. All amounts appropriated for distribution under this section may be made available under paragraph (2).

“(2)(A) For the purpose of affording adequate notice of funding available pursuant to the allotments made by section 1127, amounts appropriated in an appropriation Act for any fiscal year shall become available for obligation by the affected schools on July 1 of the fiscal year in which such amounts are appropriated without further action by the Secretary, and shall remain available for obligation through the succeeding fiscal year.

“(B) The Secretary shall, on the basis of the amount appropriated in accordance with this paragraph—

“(3)(A) Notwithstanding any law or regulation, the supervisor of a Bureau school may expend an aggregate of not more than \$35,000 of the amount allotted the school under section 1127 to acquire supplies and equipment for the school without competitive bidding if—

“(i) the cost for any single item purchased does not exceed \$10,000;

“(ii) the school board approves the procurement;

“(c) Funds for self-determination grants under section 103(a)(2) of the Indian Self-Determination and Education Assistance Act shall not be used for providing technical assistance and training in the field of education by the Bureau unless such services are provided in accordance with a plan, agreed to by the tribe or tribes affected and the Bureau, under which control of education programs is intended to be transferred to such tribe or tribes within a specific period of time negotiated under such agreement. The Secretary may approve applications for funding tribal divisions of education and the development of tribal codes of education from funds appropriated pursuant to section 104(a) of such Act.

“(d) In the exercise of its authority under this section, a local school board may request technical assistance and training from the Secretary, and the Secretary shall, to the greatest extent possible, provide such services, and make appropriate provisions in the budget of the Office for such services.

“(2) Notwithstanding any other provision of law, funds authorized under the Act of April 16, 1934 (25 U.S.C. 452 et seq.) and this Act may be used to augment the services provided in each summer program at the option, and under the control, of the tribe or Indian controlled school receiving such funds.

“(3) The Assistant Secretary of Indian Affairs, acting through the Director of the Office, shall provide technical assistance and coordination for any program described in paragraph (1) and shall, to the extent possible, encourage the coordination of such programs with any other summer programs that might benefit Indian youth, regardless of the funding source or administrative entity of any such program.

“(B) Support services, including procurement and facilities maintenance.

“(C) Transportation.

“(2) Each agreement entered into pursuant to the authority provided in paragraph (1) shall confer a benefit upon the Bureau school commensurate with the burden assumed, though this requirement shall not be construed so as to require equal expenditures or an exchange of similar services.

“(g) Notwithstanding any other provision of law, where there is agreement on action between the superintendent and the school board of a Bureau funded school, the product or result of a project conducted in whole or in major part by a student may be given to that student upon the completion of such project.

“(h) Notwithstanding any other provision of law, funds received by a Bureau funded school under this title shall not be considered Federal funds for purposes of meeting a matching funds requirement in any Federal program.

The Secretary shall, within 1 year of the date of enactment of this Act, provide that such uniform policies, procedures, and practices shall be finalized and promulgated. Thereafter, such policies, procedures, and practices and their periodic revisions, shall serve as the foundation for future Bureau actions in education.
