## **1625-0080 Change Request Justification**

DHS/USCG is submitting this change request to include two (2) customer satisfaction surveys:

1. Exercise Coordination Survey –This survey will be used by the Office of Exercise Coordination and Support Division CG-5352. There will be 6,000 additional respondents and responses. It will take 10 minutes (.1667) to complete the survey. Therefore, burden hour increase for this survey is 1000 (6,000 x .1667).
2. Vessel Traffic Services Survey – This survey will be used by Office of Shore Services (CG-7413). There will be an additional 350 respondents/responses. It is estimated that each respondent will complete the survey in 20 minutes (.3333), therefore the burden hours will increase by 117 (350 x .3333).

Also, this change request will be used to show the correct respondent and hour burden from February change request submission and approval (NOA dated 3/24/2008) to allow the Sector Ohio Valley to use the Customer Stakeholder Survey. On the previous submission the Customer Stakeholder Survey should have shown an increase to the respondents by 2500 and the burden hours should have increased by 417 (2500 x .1667).
