Enrollment to Participate in the U.S. Department of Education’s Student Aid Internet Gateway (SAIG)

The *Student Aid Internet Gateway (SAIG)* was established to allow a variety of entities that participate in the Title IV programs to exchange data electronically with the *U.S. Department of Education (ED, Department)*. In order to participate in the SAIG, each entity must enroll for access. The enrollment process will enable you to receive, transmit, view, and update student financial aid data, both by batch and online.

Each entity has an individual designated as the *Primary Destination Point Administrator (DPA)*. This individual is the only person within the organization who may enroll other organizational staff for additional SAIG *destination points (DPs)* (mailboxes) and associated services. Using the enrollment process, the Primary DPA can add or remove users, edit information about the entity, or change the entity’s enrollment in various SAIG services.

Notes About This Document

“We” and “us” refer to the U.S. Department of Education (ED, Department). “You” and “your” refer to the organization applying to participate in ED’s Student Aid Internet Gateway, referred to as the SAIG.

The first usage of a term in this document is *italicized* and can be found in the glossary at the end of this form. This glossary will assist you in understanding many technical terms and acronyms commonly used in the Title IV student financial aid programs.

Available Services

By completing this application, you will be enrolling individuals as Destination Point Administrators (DPAs) for destination points (DPs), or mailboxes, on the SAIG. Enrollment is designed to secure the integrity of data that is exchanged between you and the many ED systems accessed over the SAIG or online. These systems include the *Central Processing System (CPS)*, the *Common Origination and Disbursement (COD) System*, the *National Student Loan Data System (NSLDS)*, the *Campus-Based (CB) Programs* system, the *Financial Management System (FMS)*, the *Debt Management Collection System (DMCS)*, the *Conditional Disability Discharge Program (CDD)*, the *Direct Loan Servicing System (DLSS)*, and *FAA Access to CPS Online*.

Before completing the application you should determine, based on the systems that your organization must access, the programs or services that your organization needs to participate in, the appropriate people who need to use those services, and the number of destination points required.

The services that can be accessed over the SAIG are:

1. Central Processing System (CPS), Submission of Application (FAFSA) Data: *Free Application for Federal Student Aid (FAFSA)* application data, including corrections, can be entered and submitted over the SAIG. Student application data is reported to institutions on the *Institutional Student Information Record (ISIR)*. To enroll a DPA with access to these services, complete Step One; Step Two, Question 5; Step Three; and Step Four. Note: only one destination point can be used to exchange data with **each** of the CPS applicant data functions (corrections, ISIRs), except in the case of initial FAFSA applicant data. For the submission of initial FAFSA applicant data, two destination points are permitted. See table below.
2. Federal Grant Services: All participants in the *Federal Pell Grant (Pell Grant) Program*, the *Academic Competitiveness Grant (ACG)* program, the *National Science and Mathematics Access to Retain Talent Grant (National SMART Grant)* program, and the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program must transmit origination and disbursement data over the SAIG to the Common Origination and Disbursement (COD) system. To enroll for this service, complete Step One; Step Two, Question 7; Step Three; and Step Four.
3. Federal Direct Loan (Direct Loan) Program: The Common Origination and Disbursement (COD) system also allows Direct Loan program origination, disbursement, and other required reporting information to be exchanged electronically through the SAIG. To enroll for this service, complete Step One; Step Two, Question 6; Step Three; and Step Four.
4. Campus-Based Programs: The Campus-Based programs include Federal Work-Study (FWS), the Federal Supplemental Educational Opportunity Grant (FSEOG), and the Federal Perkins Loan program. The application method for enrolling and participating in one or all of the Campus-Based programs is the *Fiscal Operations Report and Application to Participate (FISAP)*. The annual submission deadline for the FISAP is October 1. To enroll for this service, complete Step One; Step Two, Question 8; Step Three; and Step Four.
5. National Student Loan Data System (NSLDS): NSLDS is a national database that collects and maintains individual student data for all Title IV student loan borrowers and grant recipients. All institutions that participate in the Title IV student financial aid programs must have at least one destination point for NSLDS services that includes the online *Enrollment Reporting* (formerly SSCR) function for updating student enrollment data, *Transfer Student Monitoring (TSM)*, overpayment update, and batch services for *Cohort Default Rate (eCDR)*. You may also request online NSLDS access to view and update Title IV loan, grant, and enrollment history information. To enroll a DPA with a destination point for these services:
 - Postsecondary Educational Institutions and Institutional Servicers must complete Step One; Step Two, Section 1, Questions 9, 10, and 11; Step Three; and Step Four.
 - FFELP Guaranty Agencies and Guaranty Agency Servicers must complete Step One; Step Two, Section 2, Questions 16 and 17; Step Three; and Step Four.
 - FFELP Lenders and Lender Servicers must complete Step One; Step Two, Section 3, Question 19; Step Three; and Step Four.

6. Financial Management System (FMS): The Lender Reporting System (LaRS) allows FFEL Program lenders or their servicers the option of sending financial reporting information to *Federal Student Aid's* Financial Management System (FMS) using their SAIG mailbox. To enroll for this service, complete Step One; Step Two, Section 3, Question 18; Step Three; and Step Four. The Guaranty Agency Financial Reporting (GAFR) allows Guaranty Agencies the option of sending financial reporting information to *Federal Student Aid's* Financial Management System (FMS) using their SAIG mailbox. To enroll for this service, complete Step One; Step Two, Section 3, Question 15; Step Three; and Step Four.
7. Direct Loan Servicing System (DLSS): The Direct Loan Borrower Delinquency Report is sent monthly to all Direct Loan institutions enrolled with the Student Aid Internet Gateway. It contains a list of delinquent/defaulted Direct Loans administered by the specified institution. Guaranty Agencies that want to enroll for Borrower Services must complete Step One; Step Two, Section 2, Question 14; Step Three; and Step Four.
8. Debt Management Collection System (DMCS): The Debt Management Collection System (DMCS) houses all Federal Student Aid held default debt. This includes FFEL loans assigned from Guaranty Agencies, Program Overpayments, Perkins loans assigned from schools, and all the Direct Loan program defaults. The system also interfaces with other government agencies such as Treasury for the Treasury Offset Program (TOP), Health and Human Services for access to CAIVERS and the National Database of New Hires (NDNH). To enroll for this service, complete Step One; Step Two, Question 12; Step Three; and Step Four.
9. Conditional Disability Discharge (CDD) Program: The Conditional Disability Discharge (CDD) Program was created to support the regulatory requirement to track borrower claims for total and permanent disability discharge for three years. The regulations require monitoring of income and loan status for a period of three years after certification of disability by a physician. Borrowers determined to be ineligible after the three-year period will be returned to active servicing status. However, if the borrower still meets the eligibility criteria at the end of this period, final discharge of student loan is granted. Guaranty Agencies that want to enroll for Borrower Services must complete Step One; Step Two, Section 2, Question 14; Step Three; and Step Four.

How the Enrollment Process Works

When you enroll a new Destination Point Administrator (DPA), a destination point (mailbox) will be established with an assigned “TG” number that identifies the DPA’s destination point on the SAIG. The TG number will be sent to the DPA upon successful processing of the enrollment form.

You may enroll more than one DPA with a separate destination point for each service or function, or you may combine services and functions through a single DPA with a single destination point. Many institutions find a single DPA and DP is sufficient. The number of destination points allowed per institution for each function is provided in the following table:

Services	Number of DP’s allowed per institution
Central Processing System (CPS), Submission of Application (FAFSA) Data	Two
CPS, All Other Functions/Types	One
Grant Services for Pell Grant, Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) and the Teacher Education Assistance for College and Higher Education (TEACH) Grant Processing/Batch Files	One
Direct Loan Program (All)	One
Campus-Based Programs, FISAP	One
FFELP and Direct Loan Cohort Default Rate Packages, Batch	One
National Student Loan Data System (NSLDS) Batch Files	One
NSLDS Online	No Limit
Financial Management System (FMS), Lender Reporting System (LaRS) and Guaranty Agency Financial Reporting (GAFR)	One

Except in the case of some NSLDS services, the DPA can then give access to the enrolled services of a destination point to other persons at the organization. These individuals are called *SAIG users* (see Attachment B).

Where permitted, the Destination Point Administrator will determine the SAIG users who are allowed access to that destination point. The DPA must enforce the security requirements as outlined in the Federal Student Aid User Statement (see Attachment B). Your President/CEO, the equivalent, or designee must certify that each DPA has developed secure procedures in compliance with the security requirements for permitting other people to use his or her destination point (see Step Four). The DPA also must complete a profile for each SAIG user within the *EDconnect* software used to connect to the SAIG. See EDconnect Help Text for instructions.

To complete the SAIG enrollment application, you may need the following information:

- Currently enrolled organizations will need their existing designated Primary Destination Point TG number, the name of its DPA, and the customer number(s) if available. Customer numbers begin with the letter “Z.”
- Postsecondary institutions will need their OPE-ID number. If your school participates in the Grant Services and/or Direct Loan Program, you will also need the institution’s Federal School Code and/or Direct Loan Program code. To find these numbers, look at the reports your school has submitted for these programs in the past, your Eligibility and Certification Report (ECAR), and your institution’s Program Participation Agreement (PPA). You can also call ED’s School Eligibility Channel at 1-202-377-4277.
- Guaranty agencies will need the Guaranty Agency (GA) code number assigned by ED. A list of active and inactive GA codes is contained in the instructions for the Guaranty Agency Financial Report -- Form 2000 accessible at <http://www.fp.ed.gov>.
- Lenders will need the Lender ID (LID) number assigned by ED. Participating lenders will find their Lender ID numbers on the Lender Application Process or LaRS forms accessible at <http://www.fp.ed.gov>.
- All entities will need the name, address, *Social Security Number (SSN)*, date of birth, and mother’s maiden name for each DPA.

Once we receive all necessary signatures, we will process your enrollment. If your enrollment was for a new TG number, we will send your SAIG TG number to you. If your enrollment was for NSLDS Online and access is granted, the User ID will be sent to you from NSLDS.

Note: If you want to cancel the enrollment of any DPAs, send a letter on organization letterhead identifying the TG numbers that you want cancelled. The letter should be mailed to CPS/SAIG Technical Support, 2450 Oakdale Blvd., Coralville, IA 52241. You may also cancel online at <http://www.fsawebenroll.ed.gov>.

Instructions for Completing Enrollment

Step One – must be completed by all applicants

Step One collects information about your organization and the Destination Point Administrator (DPA) you want to enroll or for whom you are changing or adding information.

1. This enrollment form can be used for multiple purposes. You may use the enrollment form to enroll new participants in the SAIG, including a newly eligible postsecondary educational institution (school), an institutional third-party servicer, or an FFELP lender that has never used the SAIG. You can also use the enrollment form to change or to add information about an existing DPA or destination point, and to add destination points for an organization that is already enrolled.
 - A. Check the box for “initial application” if you are a first-time participant and your organization does not have a TG number.
 - B. Check the box to “add a new user” if your organization is enrolled in the SAIG and you want to add a destination point. Provide the customer number of your organization.
 - C. Check the box to “change information for existing destination point/mailbox” if your organization is enrolled in the SAIG and you want to change or add any information about an existing destination point. Fill in the information that has changed for any questions in Step One; and complete Steps 3 and 4.

If you are uncertain of what to complete, call CPS/SAIG Technical Support at 1-800-330-5947. To reach a telecommunications device for the deaf (TDD/TTY), call 1-800-511-5806.

2. Provide the name of your organization, as you would like it to appear on all SAIG correspondence. (The limit is 40 characters, including letters and spaces.)
3. Check the appropriate box to indicate the type of organization.
 - Postsecondary educational institutions (schools) must fill out Step Two, Section 1.
 - Institutional third-party servicers must fill out Step Two, Section 1.
 - Guaranty agencies for FFELP student loans must fill out Step Two, Section 2.
 - Guaranty agency servicers for FFELP student loans must fill out Step Two, Section 2.
 - Lenders for FFELP student loans must fill out Step Two, Section 3.
 - Lender servicers for FFELP student loans must fill out Step Two, Section 3.
4. You must identify the DPA you want to enroll or for whom you are changing or adding information. All information must be provided for the DPA you wish to enroll for the organization you identified in Question 2. This information will be used to authenticate a user’s identification when a password change is requested.

Step Two

- Postsecondary educational institutions and institutional third-party servicers go to Step Two, Section 1 for instructions.
- FFELP guaranty agencies and guaranty agency servicers go to Step Two, Section 2 for instructions.
- FFELP lenders and lender servicers go to Step Two, Section 3 for instructions.

Step Two, Section 1 is for Postsecondary Educational Institutions and Institutional Servicers only

In Section 1 you will choose the services for which your institution requires enrollment.

5. A. If the DPA you are enrolling or for whom you are adding or changing services will be sending and receiving student applicant data (FAFSAs and ISIRs), complete all required information including the Federal School Code. If this enrollment is for a DPA that will not be involved in CPS applicant data transmissions, go to Question 6.
B. Check the boxes for the *award year(s)* this DPA should receive the applicant data you check in Question 5-C.
C. Check the boxes for the CPS applicant data function you want this DPA to receive and submit. If you are completing this form for an enrolled DPA, provide the TG number of the destination point already assigned to this DPA to which this data will be sent. Remember, one destination point can be used for **each** function, and that up to two destination points can be used to submit application (FAFSA) data. However, it is not necessary to have multiple destination points. You may choose to have a single destination point for all SAIG services, including all CPS functions.
D. Choose the preferred delivery option for ISIRs, if ISIRs are selected in Question 5-C. Postsecondary institutions can choose whether to receive ISIRs on a daily basis or by request. Daily receipt is the default ISIR delivery method. If you choose “by request,” you must request ISIRs from the ISIR Datamart. The ISIRs are then sent to your destination point through the SAIG. With either option, you can request a single ISIR or a specified group of ISIRs at any time.
E. If your school uses a third-party servicer to submit batch files to CPS, but also wishes to access CPS Online tools (such as FAA Access to CPS Online and Return of Title IV Funds [R2T4] on the Web), check the Yes box to designate yourself as a destination point to solely access CPS Online services for the school selected. **DO NOT** check this box if you also do batch services. If you need access for additional financial aid staff, you may enroll them under Enroll FAA Users for Online Services at <http://www.fsawebenroll.ed.gov>.
6. If your organization participates in the Direct Loan Program and the DPA identified in Question 4 will be assigned to submit and receive Direct Loan Program data, identify the years that the DPA in Question 4 will need to access Direct Loan data. Also, provide the school’s Direct Loan code. If the DPA is already enrolled and you are only updating information for that DPA, provide the TG number for that DPA’s destination point.
7. If you want this destination point to receive and submit Grant Services (Pell, ACG, SMART, and TEACH*) Payment data, then complete Question 7. *Note: If your institution is a two- or four-year, degree-granting institution, you will submit and receive payment data under the Grant Services enrollment. No separate enrollment for ACG, National SMART Grant, or TEACH Grant is needed.
8. If you participate or expect to participate in the Federal Work-Study, Federal Supplemental Educational Opportunity Grant (FSEOG), and/or Federal Perkins Loan program(s), **and** the DPA for whom you are completing this enrollment form will be administering the destination point for the FISAP, complete Question 8. Otherwise, go to Question 9.

If you currently participate in any of the Campus-Based programs, provide your Title IV OPE-ID number. You will find the OPE-ID number on your most recent FISAP report. Next, provide the TG number of the destination point you wish to use to exchange FISAP data.

Fill in the name of the school. If the address of the school has not already been provided in Question 4, provide all the requested address information.

NOTE: If you are the DPA for any of the Campus-Based programs, you must also register for access to the eCampus-Based system and establish a User ID and password. To do so, go to <http://cbfisap.ed.gov>, click on the "Login" button, and select "eCB Registration" from the menu on the left side of the screen. Complete the application and submit.

As the DPA, you will also be responsible for approving other users who wish to access your institution's data on the eCampus-Based system. To do so, you will receive an e-mail when someone attempts to register for access to your institution's data. You will log in as described above and select "eCB DPA Admin Functions" from the menu on the left side of the screen. You can then review the access that is being requested and approve or deny the request.

9. A. If you want the DPA you are enrolling to receive batch file data from NSLDS, complete Question 9.
- B. In Question 9-B, check the boxes for the batch files you want this DPA to receive. If this DPA already has a destination point, provide the TG number here. Provide the date on which this DPA will begin responsibility for the sending or receiving of NSLDS data. Indicate whether this DPA's destination point will receive Transfer Student Monitoring data, Enrollment Reporting files (formerly SSCR), and/or Federal Perkins Loan data. Select Transfer Student Monitoring if you want the DPA to send/receive Financial Aid History/Transfer Student Monitoring data.
10. Identify the DPA you are enrolling to receive electronic Cohort Default Rate Notification packages (eligibility letter and loan record detail report) from NSLDS. Your main campus (OPE-ID ending in '00') must sign up for this service.
11. If you want this DPA to have online access to student data available on NSLDS, check the boxes to indicate the specific information type(s) you want this DPA to access.

IMPORTANT: Only the DPA is permitted to use his or her destination point for access to the online NSLDS information listed in this question. Permission to use this destination point for online NSLDS CANNOT be granted to anyone else.

Online Default Services automatically given to users are:

If this DPA will access information for a school as its third-party servicer, provide the school's name and OPE-ID number. **NOTE: Authorizing Officials' signatures (Step Four) are required from both the school and the third-party servicer before access will be granted.**

12. If your organization participates in the Direct Loan Program and the DPA identified in Question 4 will be assigned to receive the Direct Loan Borrower Delinquency Report, provide the school's Direct Loan code. If the DPA is already enrolled and you are only updating information for that DPA, provide the TG number for that DPA's destination point.

- Must ensure that SAIG computing resources are used only for official government business.
- Must ensure that a substantially established relationship with the applicant is in place (e.g., the applicant has applied for admission to the institution, the applicant has included the institution on the FAFSA, the lender holds a loan for the borrower, or the applicant applied for a loan with the lender) before accessing Federal Student Aid systems.
- Must maintain a profile within the EDconnect software, unless the organization uses TDClient. (See the EDconnect Help Text for instructions on how to create and maintain these profiles. See Attachment B of the SAIG Enrollment Form for the User Statement.)

- Must ensure that procedures for sanitizing stored information are followed (e.g., overwriting disks that contain sensitive information before reuse).

Attachment A: Glossary

Academic Competitiveness Grant (ACG). The Higher Education Reconciliation Act of 2005 (the HERA), Pub. L. 109-171, created the Academic Competitiveness Grant (ACG) Program, a new grant program for full-time students at degree-granting institutions who are Federal Pell Grant recipients, are U.S. citizens, and who have successfully completed a rigorous secondary school program of study.

Account Maintenance Fee (AMF). AMF is the annual amount of money paid based on a percentage of the original principal balance of guaranteed loans outstanding during a fiscal year. The AMF back-up detail provides the loan information used in the calculation.

Annual Reasonability. NSLDS Annual Reasonability is designed to compare the loan-level detail reported to NSLDS and the aggregated loan data reported on the Guaranty Agency Financial Report (GAFR). In order to accurately account for the loan-level detail on NSLDS, NSLDS performs two types of calculations on the NSLDS database: Quarterly Calculations and Yearly Calculations.

Award Year. July 1 of one year through June 30 of the next year. For the Grant Services (Pell, ACG, SMART, and TEACH), and the Campus-Based programs, eligible students are paid out of funds designated for a particular award year.

Campus-Based (CB) Programs. The Federal Perkins Loan, Federal Work-Study (FWS), and Federal Supplemental Educational Opportunity Grant (FSEOG) programs are collectively referred to as the Campus-Based programs because the funds for these programs are awarded directly to the school for awarding and administration.

Central Processing System (CPS). ED's application data processing facility. The CPS uses information from the Free Application for Federal Student Aid (FAFSA) to calculate the student's official Expected Family Contribution (EFC), to create and transmit to schools the Institutional Student Information Record (ISIR), and to print and mail to the student the *Student Aid Report (SAR)*.

Cohort Default Rate (eCDR). A measure of the percentage of a school's student borrowers who have defaulted on their federal student loans.

Common Origination and Disbursement (COD) System. Common Origination and Disbursement (COD) is a streamlined method for processing Federal Grant Services (Pell, ACG, SMART, and TEACH), and Federal Direct Loan data.

Conditional Disability Discharge (CDD). The Conditional Disability Discharge (CDD) Program was created to support the regulatory requirement to track borrower claims for total and permanent disability discharge for three years. The regulations require monitoring of income and loan status for a period of three years after certification of disability by a physician. Borrowers determined to be ineligible after the three-year period will be returned to active servicing status. However, if the borrower still meets the eligibility criteria at the end of this period, final discharge of student loan is granted.

Debt Management Collection System (DMCS). The Debt Management Collection System (DMCS) houses all default debt held by the Department of Education. This includes Federal Family Education Loans (FFEL) loans assigned from Guaranty Agencies (GA), Program Overpayments, Perkins loans assigned from schools, and all the Direct Loan (DL) program defaults. The system allows ED to place accounts with Private Collections Agencies (PCA) who do the actual collection activities. The system tracks all debts, interest accruals, and payments at the loan level and can associate all loans to a specific borrower. The system also interfaces with other government agencies such as Treasury for the Treasury Offset Program (TOP), Health and Human Services for access to CAIVERS and the National Database of New Hires (NDNH). The system also sends out bills and correspondence as needed.

Destination Point (DP). An electronic mailbox that transmits and receives financial aid data using the SAIG. Every destination point is administered by a Destination Point Administrator (DPA) and has an electronic mailbox number that begins with the letters "TG." (See *Destination Point Administrator*.)

Destination Point Administrator (DPA). An individual representing an organization involved in the administration of Title IV student financial aid programs (such as a postsecondary institution, FFELP lender, FFELP guaranty agency or third-party servicer) that is enrolled in the SAIG and assigned a destination point. To enroll as a DPA, an organization's representative must complete and submit for processing the SAIG Enrollment Form to participate in the U.S. Department of Education's Student Aid Internet Gateway.

EDconnect. ED's telecommunications software that allows PC users to send and receive data through the SAIG.

EDExpress. A software product provided by ED that allows institutions to enter, edit and manage origination and disbursement records to report Title IV student financial aid application, grant, and Direct Loan data, using EDconnect to transmit data over SAIG. This software also has functions that institutions can use to package financial aid awards.

Enrollment Reporting (formerly SSCR). Report completed by schools or their servicers and used in the administration of the Federal Family Education Loan Program (FFELP) and the Direct Loan Program to track the enrollment status of borrowers.

FAA Access to CPS Online. A Web tool that financial aid administrators use to enter application data, view student information, and make corrections to students' processed information. It is located at <http://www.fafsa.ed.gov/FOTWebApp/faa/faa.jsp>. A PIN is required to access student information.

Federal Direct Loan (Direct Loan) Program. A federal program in which the U.S. government (not a commercial lender) provides four types of education loans to student and parent borrowers directly through schools: Federal Direct Subsidized Loan, Federal Direct Unsubsidized Loan, Federal Direct PLUS Loan, and the Federal Direct Consolidation Loan. These loans are referred to collectively as Direct Loans. (The same types of loans are available through FFELP, but in that program, commercial lenders provide the funds to eligible students.)

Federal Family Education Loan Program (FFELP). A federal loan program under which commercial lenders provide education loans to student and parent borrowers. The program offers four types of loans: Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan, Federal PLUS Loan and the Federal Consolidation Loan. All of these are long-term loans insured by state or private nonprofit guaranty agencies that are reimbursed by the federal government for all or part of any insurance claims paid to lenders. This guarantee replaces the collateral or security usually required with long-term consumer loans. (The same types of loans are available through the Federal Direct Loan Program, but in that program, the U.S. government provides the funds directly through schools.)

Federal Pell Grant (Pell Grant) Program. A federal grant program for undergraduate students with financial need.

Federal Student Aid. The 1998 Reauthorization of the Higher Education Act (HEA) established a performance-based organization to administer the Federal Student Aid programs at the U.S. Department of Education. These programs include Federal Grant Services (Pell, ACG, SMART and TEACH), FFELP Stafford loans, Federal Direct Loans, FFELP and Direct PLUS loans, and the "campus-based" programs: Federal Work Study, Federal Perkins loans, and Federal Supplemental Educational Opportunity grants.

Financial Management System (FMS) Federal Student Aid's Financial Management System (FMS) is a centralized system for all FSA financial transactions. It allows FP users to: collect, process, maintain, transmit, and report data about financial events ON-LINE. It also provides functionality to support financial planning and budgeting activities, accumulate and report cost information, and the preparation of financial statements.

Free Application for Federal Student Aid (FAFSA). The application that the student must file to apply for aid from any Title IV program, including the FFEL and Direct Loan programs. Students can apply online by using FAFSA on the Web (<http://www.fafsa.ed.gov>). The FAFSA is also printed and distributed free of charge by the U.S. Department of Education.

Fiscal Operations Report and Application to Participate (FISAP). The annual report institutions file to report on their use of Campus-Based program funds for the most recently completed award year and to apply for new funds for an upcoming award year.

Guaranty Agency (GA). An organization authorized by the U.S. Department of Education to administer the federal guarantee that loans made under the Federal Family Education Loan Program (FFELP) will be repaid.

Guaranty Agency Financial Reporting (GAFR). The GAFR service allows guaranty agencies the option to send financial reporting information to Federal Student Aid's Financial Management System (FMS) using their SAIG mailbox.

Guaranty Agency Servicers. A GA Servicer is an outside organization that contracts with a Guaranty Agency to handle the exchange of Title IV data between the GA and the Department of Education.

Institutional Student Information Record (ISIR). The ISIR is an electronic federal output document produced by the CPS from FAFSA data. The ISIR is sent to schools designated by the student on the FAFSA.

IRS Skip Trace. The Treasury Address Request (TAR) Program, referred to as the IRS Skip Trace Process, generates requests to the Internal Revenue Service (IRS) to provide address information on delinquent and defaulted borrowers. Selected borrower records on the Debt Management Collection System (DMCS) are merged with similar records received from numerous schools, loan servicers, and guarantors into a skip trace address request file to be sent to the IRS. The IRS will return an address for the borrowers matched, and these addresses will either be entered into the DMCS or forwarded to the requesting entity.

FFELP Lender (FFELP) A Lender is a commercial entity, such as a bank or credit union, which participates in the FFELP program and provides capital for student loans.

FFELP Lender Servicers. A Lender Servicer is an outside organization that contracts with a Lender manage FFELP loans for the Lender.

Lender Reporting System (LaRS). The LaRS allows lender institutions or their servicers the option to send/receive financial reporting information to Federal Student Aid's Financial Management System (FMS) using their SAIG mailbox.

Loan Processing and Issuance Fee (LPIF). LPIF is the quarterly amount of money paid based on a percentage of the disbursement activity of guaranteed loans during a given quarter of a fiscal year. The LPIF back-up detail provides the loan information used in the calculation.

Mandatory Assignment Process (MAP). Collects data pertaining to defaulted FFELP loans from Guaranty Agencies. The data is loaded to the Debt Management Collection System (DMCS) where it is used by other subsystems within DMCS to collect monies from defaulted borrowers or otherwise resolve their accounts.

National Directory of New Hires (NDNH). NDNH is the Department of Health and Human Services (HHS), Office of Child Support Enforcements' database utilized by the Department of Education (ED) through a computer matching agreement between ED and HHS to obtain address and employment information on defaulted borrowers. The NDNH database maintains some of the most comprehensive address and employment information on individuals throughout the United States.

National Science and Mathematics Access to Retain Talent Grant (National SMART Grant). The Higher Education Reconciliation Act of 2005 (the HERA), Pub. L. 109-171, created the National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), a grant program for full-time students at degree-granting institutions who are Pell Grant recipients and are U.S. citizens.

National Student Loan Data System (NSLDS). A national database of student loan-level information and selected grant recipient data for loans and grants disbursed under the Title IV programs.

Primary Destination Point Administrator (DPA). An individual who has been appointed by the organization as the responsible party for the enrollment of the organization's additional SAIG users. The Primary Destination Point Administrator is responsible for the SAIG users' access to Federal Student Aid systems, to ensure the data provided by these systems is protected according to the Privacy Act of 1974, as amended, as well as to ensure users do not inappropriately access records that are not associated with their organization.

Student Aid Report (SAR). The federal output document produced by the CPS containing information submitted by the applicant on the FAFSA as well as CPS processing results. It is made available to the student online or mailed by U.S. postal mail.

Social Security Number (SSN). Number assigned to an individual by the Social Security Administration and used as the identifying number for many federal purposes, including identifying student financial aid program administrators and applicants participating in the Title IV programs.

Student Aid Internet Gateway (SAIG). The SAIG links thousands of destination points across the United States, its territories, and certain ED-designated foreign countries to the Higher Education Act's Title IV student financial aid programs and delivery system. Organizations enroll individuals as Destination Point Administrators (DPAs) in the SAIG. DPAs are assigned destination points (electronic mailboxes) which receive and transmit data for various Title IV student aid program systems such as NSLDS, CPS, and COD. (See *Destination Point and Destination Point Administrator.*)

SAIG User. An individual allowed access to a destination point by the assigned Destination Point Administrator (DPA). A SAIG user must read and sign a Federal Student Aid User Statement that the DPA must maintain.

Teacher Education Assistance for College and Higher Education (TEACH) Grant Program. The College Cost Reduction and Access Act (the CCRAA), Pub.L. 110-84, authorized the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program for implementation beginning with the 2008-2009 award year. The TEACH Grant Program provides up to \$4,000 a year in grant assistance to a student who agrees to serve for at least four years as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves students from low-income families. A TEACH Grant recipient who does not complete the required teaching within a specified timeframe, or fails to meet certain other requirements of the TEACH Grant Program, will be required to repay the TEACH Grant as a Direct Unsubsidized Loan under the William D. Ford Federal Direct Loan (Direct Loan) Program.

TG Number. A TG Number is the identifier for an electronic mailbox. It is a five-digit alphanumeric number, preceded by "TG."

Transfer Student Monitoring (TSM). A function of the NSLDS that monitors student transfers from one school to another. Following a student transfer, the new school sends identifying information about the student to NSLDS and will then receive data updates that will allow the school to disburse and/or deliver aid to the student.

Treasury Offset Process (TOP). The Treasury Offset Process refers defaulted borrower debts to the U.S. Department of Treasury with the ultimate objective of collecting past due accounts by means of offsets of federal funds due the borrower, such as tax refunds.

U.S. Department of Education (ED, Department). The federal agency responsible for the administration of federal education programs including the federal student financial aid programs.

Attachment B: Federal Student Aid User Statement

Any individual who accesses Federal Student Aid systems and/or uses resources that access those systems, whether by batch or online, must read this statement. In addition, the Federal Student Aid User Statement must be completed and signed by the user and the Primary Destination Point Administrator and the original must be maintained by the organization. The user should keep a copy of the signed statement for his or her records.
