What is the purpose of this survey?

The purpose of this survey is to obtain information about the career paths of new teachers, including current teachers' experiences and satisfaction, and about former teachers' current employment and reasons for leaving the teaching profession.

Who authorizes this survey?

This survey is authorized by Title I, Part E, Sections 151(b) and 153(a) of Public Law 107-279, the Education Sciences Reform Act of 2002. The U.S. Census Bureau is conducting this survey for The National Center for Education Statistics (NCES) of the U.S. Department of Education.

Why should you participate in this survey?

Policymakers and educational leaders rely on data from this survey to inform their decisions concerning K-12 schools. This survey provides important insight into the career paths of beginning teachers and your participation will contribute to the success of this data collection. Because it is a sample survey, your responses represent the responses of many. Higher response rates give us confidence that the findings are accurate.

Will your responses be kept confidential?

Your responses are protected by federal statute (P.L. 107-279, Title I, Part E, Sec. 183). Your answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law.
