

Coal Production and Preparation Report

(Mine Only)

Page 1

Reporting For Calendar Year

MSHA #

Please read the instructions provided before completing this form.

NOTICE: This report is **mandatory** under the Federal Energy Administration Act of 1974 (Public Law 93-275). Failure to comply may result in criminal fines, civil penalties and other sanctions as provided by law. For further information concerning sanctions and data protections see the provision on sanctions and the provision concerning the disclosure of information in the instructions. **Title 18 USC 1001 makes it a criminal offense for any person knowingly and willingly to make to any Agency or Department of the United States any false, fictitious, or fraudulent statements as to any matter within its jurisdiction.**

GENERAL REPORTING INSTRUCTIONS: Form EIA-7A must be submitted by all coal mining operations that produced and/or processed 10,000 or more short tons of coal and/or worked 5,000 hours or more during the reporting year. A separate Form EIA-7A must be submitted for each Mine Safety and Health Administration (MSHA) ID.

I. Identification. The shaded areas in this section are reserved for preprinted information. Please make any corrections to the information shown in these areas by drawing a line through the incorrect information and entering the changes in the space provided at the right.

A. Status Change: Did the ownership change during the year?

Yes

No

If **Yes**, give date of change and, as applicable, the name and address of the new owner.

<input type="text"/>	<input type="text"/>	<input type="text"/>
Month	Day	Year

Name of New Owner	Name of New Mining Operation			
Address of New Owner (Street)	(City)	(County)	(State)	(Zip Code)
New Owner E-mail	New Owner Phone Number	New Owner Fax Number		

Please make any corrections to the mailing label in the area provided at the right and return the completed form in the business reply envelope provided.

B. Preparer Information

Preparer Name:
Preparer Title:
Preparer Company Name:
Preparer Street Address:
Preparer City, State, Zip:
Preparer Phone #:
Preparer Fax #:
Preparer E-mail:

C. Company Contact Information. The information in this block refers to the Company that owns the MSHA ID. The Company contact person is a person who has oversight responsibility for responding to this data request and ordinarily is not the person preparing the response.

Contact Name:
Contact Title:
Contact Company Name:
Contact Street Address:
Contact City, State, Zip:
Contact Phone #:
Contact Fax #:
Contact E-mail:

D. Name and Location of Mining Operation

Mine Name:
Mine Location (County):
Mine Location (State):

E. Name and Address of Operating Company

Company Name:
Company Address:
Company City, State, Zip:

F. Operating Company Contact Information

Contact Name:
Contact Title:
Contact Street Address:
Contact City, State, Zip:
Contact Phone #:
Contact Fax #:
Contact E-mail:

G. Type of Company Operating this Mining Operation Check one. (See instructions for definitions of company types).

1. Independent Producer Operator 2. Operating Subsidiary 3. Contractor

If you checked Box 1 in Section G above, please skip to Section J. If you checked Box 2, please complete Sections H and I with information about your Parent Company. If you checked Box 3, please complete Sections H and I with information about the Contractee for which you are providing services at this mining operation. If there is more than one Parent Company or Contractee, please provide the additional information for Sections H and I on a separate sheet of paper.

H. Parent Company or Contractee

Company/Contractee Name:
Company/Contractee Address:
Company/Contractee City, State, Zip:

I. Parent Company or Contractee Contact Information

Contact Name:
Contact Title:
Contact Street Address:
Contact City, State, Zip:
Contact Phone #:
Contact Fax #:
Contact E-mail:

J. Kind of Mining Operation

- Underground Mine
- Surface Mine

**Type and Share by Production Method For
 Underground Mines**

- Drift % Continuous
 - Shaft % Conventional
 - Slope % Longwall
 - % Shortwall
 - % Other
- 100%**

**Type and Share by Production Method For
 Surface Mines**

- Contour Strip %
 - Area %
 - Open Pit %
 - Mountaintop Removal %
 - Auger, Highwall Mine or Punch %
 - Silt, Culm, Refuse bank, Slurry Dam or Dredge %
- 100%**

K. Union Identification. Check the box that applies for this mining operation and identify the union, if applicable.

Is this mining operation unionized? Yes No

If yes, enter union name here: _____

L. Mining Location

1. Longitude and Latitude. Please enter the longitude and latitude that best defines the predominant area of mining in the reporting year. The geographical points reported should represent either the center of mining activity or a central point within the predominantly mined area. Longitudes and latitudes may change from year to year to reflect the progress of mining.

Longitude Degrees Minutes Seconds

Latitude Degrees Minutes Seconds

2. Datum. Please identify the method and datum that was used in determining the longitude and latitude locations (Please check all boxes that apply).

- Maps on Us (www.maponus.com)
- U.S. Census Bureau TIGER Map Service
- Global Positioning System (GPS)
- U.S. Geological Survey MapFinder (www.usgs.gov)
- Unknown
- Other _____

If you selected GPS, USGS or Other, please indicate datum below:

- NAD27 (North American Datum 1927)
- WGS84 (World Geodetic Survey 1984)
- NAD83 (North American Datum 1983)
- Unknown
- Other _____

Reporting For Calendar Year

MSHA #

II. Annual Productive Capacity. Report the maximum amount of coal that your mining operation could have produced during the year with the existing mining equipment in place, assuming that the labor and materials sufficient to utilize the equipment were available, and that the market existed for the maximum coal production.

s.t.

III. Coal Beds Mined. Report the coal bed name, average thickness, percentage of mined coal and rank for each bed mined in the reporting year. Please exclude partings of 1 inch or thicker from reported average coal bed thicknesses. *Coal mined from the same bed should be reported on one line. An exception is made if the same bed was mined in different pits or sections and if the average thicknesses in those locations differ by 20% or more. If so, please report separately the average thickness, percentage and rank of the coal bed in the different mining locations. See Section G of the Instructions for Classification Codes. If more space is needed, please use space on page 5.*

For EIA Use Only	(1) Name of Code Bed	(2) Average Thickness (inches)	(3) Share of Production (%)	(4) Coal Classification Code
			100%	

IV. Recoverable Reserves

A. Recoverable Reserves. Enter the tonnage representing remaining coal reserves at this mine at the end of the reporting year that you estimate can be recovered (mined) in the future. Exclude coal left in place after mining. Report to the level of accuracy known, assuming today's prices and equipment currently owned and operable. *If your recoverable reserves quantity increased or decreased by more than 40% from last year's response, please explain the change in the remarks section.*

s.t.

B. Recovery Percentage. Enter the recovery rate used to estimate reserves at this mine. Report the mining recovery rate to the nearest whole percent. *Minable coal tonnage multiplied by the mining recovery rate should equal the level of recoverable coal reserves.*

%

V. Dispositions of Coal During the Reporting Calendar Year

	Quantity (short tons)	Total Revenue or Value (dollars)
A. Open Market Sales. Sales of coal to all buyers (e.g., other coal mining companies, wholesale or retail coal dealers or brokers, employees and all consumers)		
B. Captive Market Sales. Sales of coal to, or transfers of coal for the use of, the parent company or a subsidiary of the parent company.		
C. Coal Consumed to Operate This Mine (Please exclude coal consumed to generate electricity that is sold to the grid).		
D. Beginning Coal Stocks. Amount of coal stocks held at this mine at the beginning of the reporting year including adjustments. Do not include pit inventory in coal stocks. Coal stocks are defined as coal that has been mined and stored awaiting shipment or transfer to a user. Pit inventory is coal in place which has been surveyed or prepared for mining.		
E. Ending Coal Stocks. Amount of coal stocks held at this mine at the end of the reporting year. Do not include pit inventory in coal stocks. See definitions in D above.		
F. Export coal. The total amount of export coal from both Open/Market Sales at this mine during the reporting calendar year. Note: Producers are required to file with the IRS to quantify the amount of export coal. The coal export quantity reported on this form should be the same as reported to the IRS.

If coal Open Market sales, as reported in A above, are to wholesale or retail coal dealers or brokers, please provide the coal purchasers' information below.

(1) Contact Name	(2) Purchaser	(3) Contact E-mail Address	(4) Contact Phone Number

VI. A. Coal Beds Mined. Additional space for Section III A from previous page, if needed. If this additional space is used, please ensure that values entered into column (3) Share of Production in both tables equal 100%.

<i>For EIA Use Only</i>	(1) Name of Code Bed	(2) Average Thickness (inches)	(3) Share of Production (%)	(4) Coal Classification Code
			100%	

VII. Additional Remarks. Attach another sheet of paper if necessary.

VIII. Point of Contact. Enter the name, title, telephone number and e-mail address of your company representative who can answer questions regarding information provided on this form.

Name _____	Title _____
Telephone Number _____	E-mail Address _____
