Email: nass-or@nass.usda.gov

The annual survey of bean seed supplied to growers for planting in Washington and Oregon is needed to make preliminary estimates of acreage. This information is also useful in determining the estimates of production by commercial class.

Response to this survey is voluntary and not required by law; however, your cooperation is very important in order to accurately estimate dry beans in Washington and Oregon. Individual reports will be kept confidential.

Please make corrections to name, address and Zip Code, if necessary.

**INSTRUCTIONS:** Report all bean seed supplied to Washington and Oregon growers from your warehouse for planting the 2008 crop. (Please include an estimate of any bean seed you expect to sell for the rest of the season.)

### PLEASE REPORT FOR WASHINGTON GROWERS ONLY

COMMERCIAL CLASS	NUMBER OF BAGS SUPPLIED TO FARMERS 100 LB. BAGS	AVERAGE SEEDING RATE PER ACRE IN GROWER'S LOCALITY POUNDS/ACRE
