

Public comment will also be solicited on provisional application of those amendments. If provisional application is approved, the Parties would apply those amendments in advance of their formal entry into force under the terms of the IMSO Convention. Formal entry into force under the IMSO Convention requires deposit of an instrument of acceptance with the depositary by 2/3 of the IMSO Parties at the time of adoption. As such, it is not likely to occur for a lengthy period of time. The public meeting will also address other issues that are likely to come before the IMSO Assembly of Parties meeting, including, inter alia, a draft reference Public Services Agreement that guides the terms and conditions of the contractual agreement that satellite service providers would be required to sign before being allowed to provide services for the GMDSS. The Public Services Agreement would require the payment of new fees to the IMSO. Public views and advice are being sought well in advance of the IMSO Assembly.

The proposed amendments and other background information relating to this meeting are available at the following Department of State Web site: <http://www.state.gov/e/eeb/cip/imso/>.

Persons planning to attend this meeting should send their name and nationality by e-mail to jason.e.smith2@uscg.mil or fax to (202) 372-1925 not later than 72 hours before the meeting. Please note that due to security considerations, two valid, government issued photo identifications must be presented to gain entrance to the Headquarters building. The Headquarters building is accessible by taxi and privately owned conveyance (public transportation is not generally available). However, parking in the vicinity of the building is extremely limited.

Members of the public are encouraged to participate and join in discussions, subject to the discretion of the moderator. Persons wishing to make formal presentations should provide advance notice to Lieutenant Commander Jason Smith.
