Dear (Salutation) (Last Name):

HUD officials need to know and you're in a position to tell them: Is HUD doing a good job?

The U.S. Department of Housing and Urban Development asked a team consisting of the Urban Institute (a non-profit, nonpartisan research organization in Washington, DC) and Silber & Associates (an independent survey research company in Clarksville, MD) to survey people and organizations from across the country who work with HUD, receive support from HUD, or are regulated by HUD—to assess satisfaction with HUD. Accordingly, we're contacting local chief elected officials and directors of local community development departments, public housing agencies, fair housing agencies and organizations, and non-profit housing organizations to ask about HUD's performance., and non-profit housing organizations to ask if HUD's performance is good or bad. .

Please help us. The enclosed questionnaire is short. We worked hard to design it to take only a few minutes of your time. The questions are meant to be answered by the person in charge—e.g., the Mayor, the Director. But if that is simply not possible, please direct the questionnaire to someone who can speak authoritatively on behalf of that person.

Be assured that the information provided will be combined with all other answers, and that neither your name, organization, community, or any other identifying information will be passed along to HUD or others, or cited or reported in any way. We have placed a number on the questionnaire for survey control purposes, so that we know if we need to send a reminder or call you if you haven't sent the questionnaire back. That's to keep the survey scientific. The number will be removed when we receive the questionnaire.

Please mail your completed questionnaire in the envelope provided by (date).

Thank you in advance for recognizing the importance of this survey and for taking a few minutes to fill it out. If you would like further information about it, please call Silber & Associates toll free at 1-888-SILBER-1 (1-888-745-2371) or e-mail support@SAsurveys.com.

Sincerely

Bohne G. Silber
