

APPLICATION FOR VALIDATED BRUCELLOSIS-FREE HERD CERTIFICATE

HERD OWNER'S ADDRESS

1. The owner of the herd described above having submitted all breeding swine 6 months of age and older for the required negative blood tests hereby make application for the Validated Brucellosis-Free Herd Certificate.
2. Having met the requirements for a Validated Brucellosis-Free Herd, the owner will be issued an appropriate certificate designating the dates of the validation period and a metal farmstead sign bearing the month and year validation was achieved. The validation certificate will be in effect for the designated period, unless revoked or replaced due to revalidation of the herd.
3. The Validated Brucellosis-Free Herd may be revalidated by passing an annual negative test of all breeding swine 6 months of age or older. When a herd is revalidated the owner will be issued a new Validated Brucellosis-Free Herd Certificate and a set of stickers for the metal farmstead sign showing the month and year the herd was revalidated.
4. The owner agrees to maintain the herd in accordance with the current Uniform Methods and Rules and in compliance with current State regulations.
