Prepare separate claims for each disease. DO NOT include mortgaged and nonmortgaged items in the same claim. All items are self-explanatory, except as follows:

- 2. To be completed by VS District or Area Office, or the Appraisal Section of the READEO.
- 3. Complete in all cases even when only one page is involved.
- 5. The date cleaning and disinfection was actually accomplished as evidenced by a statement signed by the owner-claimant and on file, or a statement signed by a regulatory representative who supervised the cleaning and disinfection. When cleaning and disinfection is not required or is not indicated, an entry such as "Not Required" or "Open Range, No C&D" should be inserted.
- 10. Report number of animals or units. Explain in item 25 if obtained by other than actual count.
- 11. Identify species, e.g., cattle, sheep, pheasant, chickens, etc.
