

**TO: CALIFORNIA COMMERCIAL PRUNE DEHYDRATORS**

**RE: FRENCH PRUNE DRY-AWAY RATIOS**

In accordance with Section 993.162 of Federal Marketing Order No. 993, you are requested to provide the following historical French prune dry-away information.

1. The most recent six years of dry-away ratios rounded to the nearest hundredth, i.e., 3.10 for each commercial prune dehydrator you own or operate.
2. The city in or near which each dehydrator is located.
3. The county or counties from which this dehydrator receives prunes.
4. In the case of dehydrators receiving prunes from multiple counties, indicate the estimated percentage of production each county supplies to this dehydrator. The percentages for each dehydrator must total 100%.

This information will be used to compute the dried weight equivalent for diverted fresh prune plums if the California prune industry recommends and USDA approves a voluntary green diversion program for next crop year. The Prune Marketing Committee needs this information by June 1, so that computations can be completed and regional dried weight equivalents can be recommended at the mid-June Supply Management Subcommittee meeting.

The marketing order previously contained dried weight equivalents used in the early 1970's when the industry has implemented green diversion programs. However, a recent rule change has given the PMC the flexibility to compute and announce dried weight equivalents by growing region based on actual dry-away ratios for recent crop years. This will enable growers to be more equitably credited for diverted tonnage.

Please contact me if you have any questions. Thank you for your help.

Sincerely,

[insert name]  
Executive Director

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0178. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
