*SELF ASSESSMENT: (step 6 of 7)*

---

Click in each box below and select which description most accurately represents your overall proficiency for each named language. If your language proficiency is substantially better than one level but not consistently as good as the next higher level, select the appropriate "plus" level.

You can save this step at any time by clicking **Save**:

**1. Elementary proficiency.**  
I am able to read very simple text that is printed clearly with normal-style letters. For example, I can read and understand descriptions of persons, places or things. I can also understand written explanations of geography and government such as those simplified for tourists, though I sometimes misinterpret what I read. When looking at more complex texts, I can only get some main ideas and locate prominent information or subject matter.

**1+. Elementary proficiency.**  
I can read simple written material in print on subjects I am familiar with. I am able to read straightforward, familiar, and factual material with only some misunderstandings. I can locate the main ideas and details in material written for the general public. I can read uncomplicated prose on familiar subjects. I can generally comprehend most news articles involving description or narration of current events, travel, food, and music. I can also comprehend simple biographies, social notices, personal correspondence, routine business letters, and simple technical material written for the general public.

**2+. Limited working proficiency.**

**3. General professional proficiency.**  
I can read a variety of materials on unfamiliar subjects with normal speed and almost complete comprehension. I can fully understand news stories or international news items in magazines, routine correspondence, editorials, and general reports. I can understand technical reports and other materials in my field of specialization even when they include hypothesis, argumentation, and supported opinions. I can read and comprehend literature, including short stories, novels, and plays. I can usually read between the lines. If necessary, I rarely have to reread general vocabulary; however, I may have some difficulty with unusually complex structures or low frequency idioms.

**3+. General professional proficiency.**  
I can read nearly all styles and forms of the language pertinent to professional needs fluently and accurately. I can readily follow unpredictable turns of thought and author intent in such materials as sophisticated editorials, specialized journal articles, professional documents, and complex literary texts, as well as any subject directed to the nonspecialized reader. I can also read legal documents and legal texts written for the general reader and documents from earlier periods containing archaic forms of language.

**4+. Advanced professional proficiency.**

vocabulary; however, I may have some difficulty with unusually complex structures or low frequency idioms.

**3+. General professional proficiency.**  
I can read nearly all styles and forms of the language pertinent to professional needs fluently and accurately. I can readily follow unpredictable turns of thought and author intent in such materials as sophisticated editorials, specialized journal articles, professional documents, and complex literary texts, as well as any subject directed to the nonspecialized reader. I can also read legal documents and legal texts written for the general reader and documents from earlier periods containing archaic forms of language.

**4+. Advanced professional proficiency.**

**5. Educated native proficiency.**  
I can fully understand extremely difficult and abstract prose, including general legal and technical material, as well as contemporary and classical literature. I can read classical or archaic forms of writing as well as a well-educated native. I can read a wide variety of handwritten documents. My speed and comprehension are equal to that of a well-educated native reader.
