

Implementation of Engineering Controls (Safety Devices) for Sharps Injury Prevention

*Facility ID #: _____

*Year of Survey: _____

*required for saving

**required for completion

Device Type	**Your Code	**Safety Feature	**Manufacturer and Model	**Device Implementation			**Device Discontinuation		
				Qtr	Yr	Scope of Use	Qtr	Yr	Reason
Arterial blood collection device									
Hypodermic needle attached to syringe									
Unattached hypodermic needle									
Prefilled cartridge syringe needle									
IV-delivery system									
IV catheter - peripheral									
IV catheter – central line									
Huber needle									

Assurance of Confidentiality: The information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Sections 304, 306 and 308(d) of the Public Health Service Act (42 USC 242b, 242k, and 242m(d)).

Public reporting burden of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC, Reports Clearance Officer, 1600 Clifton Rd., MS D-79, Atlanta, GA 30333, ATTN: PRA (0920-0666).

Device Type	Your Code	Safety Feature	Manufacturer and Model	Device Implementation			Device Discontinuation		
				Qtr	Yr	Scope of Use	Qtr	Yr	Reason
Winged-steel (Butterfly™-type) needle									
Vacuum tube collection holder with needle									
Blood culture adapter									
Lancet									
Hemodialysis needle									
Dental aspirating syringe/needle									
Suture needle									
Scalpel									
Capillary tubes									
Blood collection tubes
