QUALITY OF LIFE (QL)

This is called the Delighted-Terrible Scale. The scale goes from terrible, which has the lowest ranking of 1, to delighted, which has the highest ranking of 7. There are also points 2 through 6 with descriptions below them.

[INTERVIEWER: Read points on the scale.]

We'll use this scale to help you tell me how you feel about different things in your life. All you have to do is point to the label on the scale that best describes how you feel. For example, if I ask "how do you feel about chocolate ice cream" and you are someone who loves chocolate ice cream, you might point to 'delighted.' On the other hand, if you hate chocolate ice cream, you might point to 'terrible.' If you feel equally satisfied and dissatisfied with chocolate ice cream, then you would point to the middle of the scale.

Let's begin. The first question is a very general one.

QL-1. How do you feel about your life in general?

(QOLI-M)

TERRIBLE.....	1
UNHAPPY	2
MOSTLY DISSATISFIED.....	3
MIXED.....	4
MOSTLY SATISFIED	5
PLEASED	6
DELIGHTED	7

Now I want to ask about the vocational services you are getting.

QL-2. How do you feel about the vocational services you received after enrolling in this study, that is any vocational services you {may have} received since {INSERT DATE ENROLLED IN STUDY}?

(QOLI-M)

TERRIBLE.....	1
UNHAPPY	2
MOSTLY DISSATISFIED.....	3
MIXED.....	4
MOSTLY SATISFIED	5
PLEASED	6
DELIGHTED	7
