COMMENTS	
According to the OMB, the PRA package for this survey has received a series of emergency extensions, and has not been reviewed by the BLS since 2001. Resolution all related issues will be the responsibility of the OMB and DOL. Resolution of some of the issues may require extensive amounts of additional technical work by personnel with extensive training and experience in the application of mathematical statistics to complex surveys.	
(Comment space expands to accommodate all necessary comments)	
Disclaimer: BLS is approving only the statistical methodology as presented in the written documentation, and not necessarily passing judgment on the questionnaire itself nor on the necessity to conduct the collection of information.
