EXPORT SALES OF FLOWERS AND NURSERY PRODUCTS 2008

In cooperation with:
 Department
of Agriculture
STATE OF HAWAII
Hawaii Department of Agriculture
Agricultural Development Division

This survey is in conjunction with a producer survey regarding sales of flowers and nursery products. **Your information is kept strictly confidential and cannot be obtained by anyone, including any other government agency. This confidentiality of information is protected by Title 7 of the United States Legal Code under Chapter 55, Section 2276.** Individual reports are used only in combination with reports from other producers to prepare state and national agricultural estimates. Response to this survey is voluntary and not required by law. However, cooperation is important in order to estimate accurately flower and nursery exports in Hawaii. Please return **one (1)** copy of this questionnaire in the enclosed self-addressed envelope which requires no stamp. Provide your best estimate if book figures are not available.

Please return your completed
questionnaire by April 17, 2009
Thank you!

- Please make any corrections to your name, address, and ZIP code directly above.
- In 2008, did this operation have any out-of-State sales of flowers, foliage, leis, or plants?
 - **YES** - Please indicate the export sales below. Include all flowers and nursery products sold for shipment out-of-State and those shipped on consignment. Do not include shipping cost. Please estimate whenever exact figures are not available.
 - **NO** - Do you intend to have out-of-State sales in the future? • **YES** • **NO**

Crop	Total value of sales in 2008 (Dollars)	Crop	Total value of sales in 2008 (Dollars)
