

## ***Survey of Support Services to the U.S. Census Bureau's Automated Export System (AES)***

---

The Automated Export System (AES) is the electronic filing system which the U.S. Census Bureau and U.S. Customs and Border Protection have established to process Electronic Export Information (EEI). Because you have chosen to transmit using one of the electronic variations (AESDirect, AESPcLink, self program/vendor, Weblink or EDI) to file your EEI, feedback about your satisfaction with the Foreign Trade Division's support services would be greatly appreciated.

We ask that you take 10 minutes to complete this survey. Your answers only will be used to help us make informed decisions about improvements to this service. Your answers are voluntary and we will ensure your confidentiality under the provisions of Title 13 USC Section 9.

For further information about this study, please contact Ms. Kelli Craig, Automated Export System Branch, at 301-763-7098.
