Section 4. Capital Expenditures

STRUCTURES - Report the capitalized cost of buildings and structures, and all necessary expenditures to acquire, construct, and prepare the structure for its intended use. (Note: Renovations and repairs done to existing structures are considered NEW).

EQUIPMENT - Report the capitalized cost of machinery and equipment used in the production and distribution of goods and services, and in office functions.

OTHER - Report capital expenditures for assets acquired during 2008 that cannot be classified under structures or equipment. (DO NOT report furniture and fixtures, capitalized computer software, and motor vehicles as OTHER, these are considered equipment for this survey.) [\(Help\)](#)

Report the following domestic capital expenditures data for the entire company.
The grand total should equal the total capital expenditures reported in section 3.

Report dollar values rounded to thousands.
(Example: If figure is \$179,125,628.00 report -- 179126)
