Health Insurance Cost Study

Medical Expenditure Panel Survey - Insurance Component

Welcome Screen

**Welcome to the Insurance Component of the 2008 Medical Expenditure Panel Survey**

Healthcare is one of the most important issues in the United State today. Policy makers and researchers need reliable and current information to guide our Nation's healthcare system.

The U.S. Census Bureau is conducting the Health Insurance Cost Study, the insurance component of the Medical Expenditure Panel Survey for the United States Department of Health and Human Services. Your response to this voluntary system and realistic assessments of proposed changes to that system can only be made when organizations like yours respond.

Please enter the 'Survey Key' provided in your mailing package.
