Hello, I'm (Your name) from the U.S. Census Bureau. Here is my identification. As part of the census, we are contacting households to make sure we counted everyone correctly. Here is a letter explaining our interview and information we will refer to later.

- Possible Reasons for Followup:
- The last time we were here, we didn't get enough detailed information to know where some household members should have been counted in the census.
 - We have two names and we aren't sure if they refer to the same person or different people.
 - We need more detailed address information about where some of the household members stayed during 2008 – things like street address.
