Dear Mr. Santos:

We are enclosing the proposed questionnaire for the 2010 Census of the Commonwealth of the Northern Mariana Islands and the other Pacific Island Areas. As discussed in our May 2006 and March 2007 meetings with your staff, our goal is to develop a questionnaire that will provide data to meet the requirements of the Commonwealth of the Northern Mariana Islands and the other Pacific Island Areas during the next decade. We developed the proposed questionnaire based on the Census 2000 questionnaire, subject recommendations we received from the Pacific Island Areas, and current research by staff in our Population and Housing and Household Economic Statistics divisions.

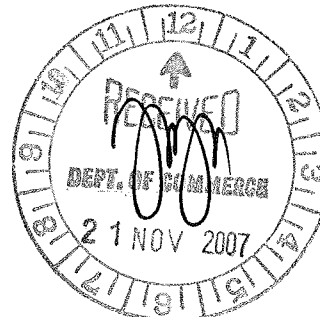

Please have your staff review the enclosed document and submit the Commonwealth of the Northern Mariana Islands' written comments to us by January 15, 2008. Once we finalize the Commonwealth of the Northern Mariana Islands questionnaire, we will send it to Governor Fitial for final concurrence. We will submit the questionnaire to Congress for clearance in March 2008.
