

NOAA Coastal Services Center Products and Services Evaluation

March 22, 2010

OMB Control No. 0648-0342

Expires: 12/31/2011

Pre-notification

We are writing to invite your participation in the National Oceanic and Atmospheric Administration (NOAA) Coastal Services Center Products and Services Evaluation. This survey will be used to improve the products and services of the NOAA Coastal Services Center, which will help us better serve the resource management community.

You have been identified as having familiarity with one or more tools provided by the Center, please respond only to those with which you are familiar. The survey is completely voluntary, though your input is extremely valuable and will help us do a better job of planning for—and serving—your needs. Please be assured that no names of individuals will be placed on any documents or used in any reports generated from this project.

Center staff members have gone to great lengths to accurately identify people with familiarity with our products, and have sought to make the estimated response time as brief as possible. We estimate that the survey will take about 10 minutes to complete. If you have any questions or comments regarding this survey, please contact Chris Ellis at (843) 740-1195, or Chris.Ellis@noaa.gov. Thank you in advance for your participation.
