 International  
 Domestic  
 Both

**Product Need**

3. Are you receiving faxes for the appropriate geographic regions of your routes?  
 All products are completely appropriate for our flights.  
 We do not need the following products: \_\_\_\_\_  
 Please add the following products: \_\_\_\_\_

**Use of Products**

4. What role do Flight Folder faxed products play in your weather briefing process (mark only one)?  
 Sole source of information, used as a complete briefing package for flight crews.  
 Primary source of information but supplemented with other digital or hardcopy sources.  
 Used equally with other digital or hardcopy sources.  
 Secondary source used to supplement other primary digital or hardcopy sources.  
 Strictly a back up to other source(s).  
 Not used.
5. If you use Flight Folder faxed products as a primary weather source, do you have a reliable backup source for those products?  
 Yes  
 No
6. What other sources of weather information do you use besides Flight Folder faxes, if any (mark all that apply)?  
 Internal or other carrier's meteorology office.  
 Scheduled faxes or digital products from paid commercial provider.  
 Web based products from paid commercial provider.  
 Free web based products.  
 Other, please specify \_\_\_\_\_

7. Please rate how necessary the following Flight Folder products are to a thorough weather brief for your crews? Mark one box per row. Leave the row blank if you do not receive a particular product.

	<b>Required</b>	<b>Somewhat useful</b>	<b>Not useful</b>
Significant Weather Charts #2101-2177			
Wind/Temperature Charts #2184-2958			
TAF or METAR lists #6020-6277			
Significant weather text files #6650-6807			
U.S. Radar Summary Chart #2080			
U.S. Weather Depiction Chart #2020			

8. If you receive the Radar Summary Chart (chart #2080), is it being used in conjunction with live radar imagery or other sources of convective information during the weather brief?

- Yes  
 No  
 Product not used.

**Flight Folder Services**

9. Is your operation aware of the Flight Folder’s automated fax back request line? This allows you to request products through a phone menu system, simply by entering the document number. The system will then automatically fax them to you.  Yes  No

10. Has your operation used the automated fax back request line before?  Yes  No

11. Please add any other comments or suggestions.

**Paperwork Reduction Act Information:** In accordance with Executive Order 12862, the National Performance Review, and good management practices, NOAA offices seek to determine whether their customers are satisfied with the services and/or products they are receiving and whether they have suggestions as to how the services/products may be improved or made more useful. The information will be used to improve NOAA’s products and services. Responses to this survey are completely voluntary. No confidentiality can be provided for responses, but you need not supply your name or address. Public reporting burden for this collection of information is estimated to average 5 minutes per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Sarah Brabson, CIO-PPA1, Station 9826, 1315 East-West Highway, Silver Spring, MD 20910.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
