

**Indian Health Service Background Investigations of Individuals Applying for Positions
Involving Regular Contact With or Control Over Indian Children and Supporting
Regulations Contained in 42 U.S.C.**

Background:

This is a request for approval of an extension of collection information required by Section 408 of the Indian Child Protection and Family Violence Prevention Act (the "Act"), Public Law (Pub.L.) 101-630, 104 Stat. 4544, 25 U.S.C. 3201-3211, as amended by section 814 of S. 3031, the Native American Laws Technical Corrections Act of 2000.

A. JUSTIFICATION

1. Circumstances making the collection necessary:

25 U.S.C. 3207 requires the Indian Health Service (IHS) to compile a list of all authorized positions within the IHS where the duties and responsibilities of which involve regular contact with, or control over, Indian children; to conduct an investigation of the character of each individual who is employed, or is being considered for employment in a position having regular contact with, or control over, Indian children and; to prescribe by regulations the minimum standards of character that individual must meet to appointed to positions having regular contact with, or control over, Indian children. Section 3207(b) was amended by Section 814 of S. 3031, the Native American Laws Technical Corrections Act of 2000. Section 3207(b) requires that the regulations prescribing the minimum standards of character ensure that none of the individuals appointed to positions which involve regular contact with, or control over, Indian children, have been found guilty of, or entered a plea of nolo contendere or guilty to, any felonious offense, or any of two or more misdemeanor offenses under Federal, State, or Tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact or prostitution; crimes against persons; or offenses committed against children.

In addition, 42 U.S.C. 13041 requires each agency of the Federal Government, and every facility operated by the Federal Government (or operated under contract with the Federal Government), that hires (or contracts for hire) individuals involved with the provision to children under age of 18 or child care services to assure that all existing and newly-hired employees undergo a criminal history background check. The background is to be initiated through the personnel program of the applicable Federal agency. This section requires employment applications for individuals who are seeking work for an agency of the Federal Government, or for a facility or program operated by (or through contract with) the Federal Government, in positions involved with the provision to children under the of 18 or child care services, to contain a question asking whether the individual has ever been arrested for or charged with a crime involving a child.

The Notice of Proposed Rule-making (NPRM) to implement the above was published in the **Federal Register** (64 FR 14560-14565) on March 25, 1999. The OMB did not receive any comments in response to the NPRM. As a result of the technical amendments to the Act, the agency has revised the questions and is soliciting comments as explained in the preamble of the Interim Final Rule. Section 36.412(a) (2) requires the individual to identify a conviction or a plea to any of the covered offenses, whether a felony or misdemeanor conviction or plea, because the agency retains the discretion not to hire this individual to, or to remove this individual from a covered position if it determines that such an individual places Indian children at risk. Section 36.412(a) (2) has been modified to include the additional category of crimes “offenses against children” pursuant to the technical amendments to section 408 of the Act.

2. Information Users:

In order to protect Indian children, the IHS prescribed by regulations that the minimum Standards of character have been met only after individuals in positions involving regular contact with or control over Indian children have been the subject of a satisfactory background investigation, and it has been determined that these individuals have not been found guilty of, or entered a plea of nolo contendere or guilty to, any felonious or any of two or more misdemeanor offenses under Federal, State, or tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact, or prostitution; crimes against persons or offenses committed against children.

The collection of information for the background investigation includes inquiries with the individual’s references and places of employment and education to help determine an individual’s trustworthiness and through a criminal history background check, which includes a fingerprint check through the Criminal Justice Information Services Division of the FBI, under procedures approved by the FBI, and inquiries to State and tribal law enforcement agencies for residence for the previous 5 years listed on the individual’s application.

To collect the information needed to determine whether a prospective or current employee has been arrested for or charged with a crime involving a child or, found guilty of, or entered a plea of nolo contendere or guilty to any felonious or misdemeanor offenses under Federal, State, or Tribal law involving crimes against person; or offenses committed against children the following “Agency Optional Questions” have been added as an addendum to item number 16 of the OPM Optional Form 306, “Declaration for Federal Employment” (see attachment 2)

- (1) Have you ever been arrested or charged with a crime involving a child? [If “Yes”, provide the date, explanation of the violation, disposition of the arrest and charge, place of occurrence, and the name and address of the police department or court involved.]
- (2) Have you ever been found guilty of, or entered a plea of nolo contendere (no contest) or guilty to any felonious or misdemeanor offense under Federal, State, or tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact or prostitution; crimes against persons; or offenses committed against children? [If “Yes”, provide the date, explanation of the violation, disposition of the arrest or crime, place of occurrence, and the name and address of the police department or court involved.]

In addition, each applicant must sign under penalty of perjury, a statement verifying the truth of all of the information provided in the employment application and acknowledge that knowingly falsifying or concealing information is subject to fine or imprisonment or both and they must sign an informed consent authorizing a criminal record check.
