E. NARRATIVE

Optional focused narrative questions

At the end of most of the sections of the form there will be an optional narrative question that gives grantees the opportunity to provide additional information regarding that particular activity area.

Following is an example from the training section:

Use the space below to discuss the effectiveness of your training activities and to provide any additional information you would like to share about your training activities beyond what you have provided in the data above. An example might include that we held our first cross-disciplinary training to professionals in our community. Attendees stated upon the completion of the training that

having the opportunity to receive training across the disciplines allowed them to fully understand of the roles that each person can play in addressing elder abuse.

The following sections of the form have this question: Training, Coordinated Community Response, Policies, and Victim Services.

Question 37. Optional data clarification question

A final question allows grantees to provide additional information to explain and clarify the data contained in the reporting form.
