Study of the Implementation of the Safe and Drug-Free Schools and Communities Act Program State Grants

Introduction

NOTE TO INTERVIEWER: THROUGHOUT THIS PROTOCOL, YOU WILL SEE NOTES TO INTERVIEWER IN UPPER CASE AND ITALICS.

PLEASE LEARN AS MUCH ABOUT THE PROGRAM AS POSSIBLE BEFORE THE INTERVIEW.

PLEASE USE THE FOLLOWING AS A GENERAL INTRODUCTION. YOU DO NOT HAVE TO READ THE SCRIPT VERBATIM

Hi. My name is _____ and I'm calling on behalf of the Department of Education. I am part of the Westat/ISA Associates team conducting the study of the implementation of research-based programs as part of the Safe and Drug-Free Schools and Communities Act. As mentioned in the e-mail message we sent to you on the study, we are contacting program developers like yourself to learn as much as we can about the prevention curriculum they have developed and how that curriculum should be implemented in schools. This information will not only provide valuable information about the prevention curriculum, but also help us to assess the extent to which schools are implementing the program with fidelity. Would you be the best person to speak with about _____ curriculum?

IF NOT, GET CONTACT INFORMATION FOR APPROPRIATE PERSON.

Name of person interviewed: _____ Telephone: _____
Title/position: _____ E-Mail: _____

Is now still a good time to talk? *IF NECESSARY, RESCHEDULE THE INTERVIEW.*

Do you have any questions before we begin?

If we could start with a little bit of history, that would be great.

TO THE EXTENT THAT YOU ARE FAMILIAR WITH THE PROGRAM, FEEL FREE TO PROVIDE WHAT INFORMATION YOU KNOW. FOR EXAMPLE, "I UNDERSTAND THAT _____ WAS FIRST DEVELOPED IN 1999, IS THAT CORRECT? CAN YOU TELL ME A BIT MORE ABOUT THAT?"

OR YOU COULD USE THE FOLLOWING: "CAN YOU TELL ME A BIT ABOUT WHEN AND HOW THE PROGRAM WAS INITIALLY DEVELOPED AND FOR WHOM IT WAS INITIALLY DEVELOPED?"

NOTE: THESE AREAS SHOULD BE COVERED IN THIS SECTION OF THE INTERVIEW. USE PROBES AS NECESSARY:

- *HAS THE PROGRAM CHANGED SINCE THE ORIGINAL DEVELOPMENT?*

- *HAVE DIFFERENT VERSIONS OF THE PROGRAM BEEN DEVELOPED? IF SO, HOW MANY DIFFERENT VERSIONS OF THE PROGRAM WERE DEVELOPED AND ARE STILL IN USE?*

- *IF MULTIPLE VERSIONS, WHAT IS THE NATURE OF THESE VERSIONS?*
 - *DIFFERENT TARGET POPULATIONS (E.G., AGE OR GRADE). IF YES, HOW MANY DIFFERENT VERSIONS WERE DEVELOPED AND FOR WHICH POPULATIONS? WHEN WERE THEY DEVELOPED?*

 - *DIFFERENT "GENERATIONS" OF THE SAME PROGRAM (I.E., UPGRADES OR ENHANCEMENTS TO THE CURRICULUM). IF YES, HOW MANY GENERATIONS WERE DEVELOPED? WHEN WERE THEY DEVELOPED?*

 - *LONGER OR SHORTER VERSIONS OF THE PROGRAM. IF YES, HOW MANY DIFFERENT VERSIONS, AND IN WHAT WAY ARE THEY DIFFERENT? WHEN WERE THEY DEVELOPED?*

 - *ANY OTHER DIFFERENCES NOT NOTED ABOVE.*

- *IF MULTIPLE VERSIONS, DO THEY HAVE DIFFERENT NAMES? IF YES, WHAT ARE THOSE NAMES*

- *IF MULTIPLE VERSIONS, ARE ALL VERSIONS STILL IN USE BY SCHOOLS? HAVE SOME VERSIONS BEEN DISCONTINUED OR REPLACED BY UPDATED VERSIONS? DO YOU KNOW HOW MANY SCHOOLS ARE USING EACH VERSION?*

- *IF MULTIPLE VERSIONS, IS BLENDING ELEMENTS OF DIFFERENT VERSIONS EVER OK? FOR EXAMPLE, USE COMPONENTS FROM AN OLDER VERSION AND PUT THEM IN A NEWER VERSION? CAN YOU PROVIDE 7TH GRADERS WITH THE 5TH GRADE VERSION OF THE PROGRAM?*

Now, I'd like to get into some of the nuts and bolts of the curriculum. The next set of questions will focus on the target population, length and duration of lessons, content topics, allowable modifications, implementation strategies and staff, and training and technical assistance. Our goal is to learn as much as we can about the program so that when we get information about how schools are implementing the program we can figure out if the schools are implementing the program the way you, the developer, intended it to be implemented. At any time, if you think I need to have any additional information that can help me make that judgment, please just let me know.

IF ONLY ONE VERSION, PROCEED WITH THE INTERVIEW QUESTIONS.

IF MULTIPLE VERSIONS, USE THE FOLLOWING ADDITIONAL INTRODUCTION:

You mentioned that multiple versions of the program were developed. The next set of questions will probe specific areas of the curriculum. To the extent that the curricula are different, the responses to these questions could be very different for each version. So, we can proceed in two ways with this section of the interview. I could simply ask each question and then you can point out those places where the response varies for each version. This approach would probably work best if the differences among the versions are relatively minor. If, however, the differences among the versions are relatively major, or a number of different versions were developed, we might want to go through these questions separately for each version of the program. What do you think would be the best approach?

DIFFERENT PEOPLE MAY NEED TO BE INTERVIEWED FOR THE DIFFERENT VERSIONS. PROBE IF NECESSARY.

USE SEPARATE CODE SHEETS FOR ITEMS 1 TO 21 FOR EACH VERSION, AS NEEDED. NOTE ON THE TOP OF THE CODE SHEET THE VERSION TO WHICH THE ANSWERS APPLY.

CODE SHEET

IF YOU ARE ASKING EACH QUESTION ONLY ONCE BUT THE CURRICULUM HAS MULTIPLE VERSIONS, PLEASE PROBE AFTER EACH QUESTION FOR DIFFERENCES AMONG VERSIONS.

I'm going to read a list of possible modifications that schools sometimes make. For each item, please state whether such a change would be acceptable and, if so, whether consultation between your organization and the school is required before such a change is made.

IMPLEMENTATION MATERIALS AND CLOSE-OUT

ASK THESE QUESTIONS ONLY ONCE, AFTER YOU'VE COMPLETED ALL OF THE CODE SHEETS FOR THE PROGRAM.

1. We are nearly finished with the interview. We are interested in any implementation manuals that you might have. Can you provide us with a list of implementation manuals? If yes, what is the best way to obtain that list (e.g., e-mail, developer website)?

2. How can we obtain copies of the implementation manuals? If so, what if any is the cost and how can we order those manuals?

3. Just one more question. Do you have any additional information you think I need to know to be able to assess if a school is implementing your program with fidelity?

Thank you so much for speaking with us today. We really appreciate you taking the time to help us with the study. Your responses will help us tremendously as we learn more about how schools are implementing different research-based programs.
