**SUPPORTING STATEMENT  
Financial Responsibility - Motor Carriers, Freight Forwarders and Brokers**

**INTRODUCTION**

The purpose of this document is to support the Federal Motor Carrier Safety Administration's (FMCSA) request to revise and renew a currently-approved information collection request (ICR) entitled, "Financial Responsibility, Trucking, and Freight Forwarding," under OMB Control Number 2126-0017, that will be submitted to the Office of Management and Budget (OMB) for its review and approval. The title of this ICR is being changed to "Financial Responsibility – Motor Carriers, Freight Forwarders and Brokers" to more accurately describe its purpose. This ICR is currently due to expire on February 28, 2009.

**Part A. Justification.**

**1. Circumstances that make collection of information necessary:**

The Secretary of Transportation (Secretary) is authorized to register for-hire motor carriers of regulated commodities under the provisions of 49 U.S.C. § 13902 (see Attachment A); surface freight forwarders under the provision of 49 U.S.C. § 13903 (see Attachment B); and property brokers under the provisions of 49 U.S.C. § 13904 (see Attachment C). These persons may conduct transportation services only if they are registered pursuant to 49 U.S.C. §13901 (see Attachment D). Authority pertaining to these carrier, freight forwarder and broker registrations has been delegated to the Federal Motor Carrier Safety Administration (FMCSA). The registration authority remains valid only as long as the transportation entities maintain, on file with the FMCSA, evidence of the required levels of insurance coverage (see Attachment A, and 49 U.S.C. § 13906 at Attachment E). FMCSA regulations governing the minimum levels of financial responsibility are found at 49 CFR part 387 (see Attachment F).

Certificates of insurance (Forms BMC-91, BMC-91X and BMC-34); surety bonds (Forms BMC-82, BMC-83 and BMC-84); and trust fund agreements (Form BMC-85) satisfy this statutory requirement. The attachment of endorsements (Forms BMC-90 and BMC-32) to insured motor carriers' or freight forwarders' policies of insurance establish continuing compliance with a statutory requirement, which terminates only when a policy is canceled. Notices of cancellation (Forms BMC-35 and BMC-36) notify the FMCSA when regulated motor carriers and freight forwarders have canceled their required bodily injury and property damage (BI&PD) liability and/or cargo liability coverage. In all instances, notices of cancellation (Forms BMC-36 and BMC-85) notify the FMCSA when property brokers have canceled their surety bonds or trust fund agreements.

Motor carriers can also satisfy this statutory insurance requirement by qualifying to self-insure bodily injury and property damage and/or cargo liability in lieu of filing certificates of insurance

or surety bonds with the FMCSA. See 49 CFR §§ 387.11(d)(3) and 387.309. Form BMC-40 is the application form carriers use to apply for self-insurance authority.

## **2. How, by whom, and for what purpose is the information used.**

The purpose of certificates of insurance, when filed with FMCSA, is to certify that the insurance company making the filing is providing the motor carrier or freight forwarder named thereon with liability insurance coverage in the amounts prescribed. By filing Forms BMC-91, BMC-91X and BMC-34, the agency ensures that the public is protected and will be compensated for any claims involving bodily injury and property damage, or loss or damage to cargo, respectively.

Surety bonds (Forms BMC-82 and BMC-83), when filed with FMCSA, certify that the surety company making the filing is liable for cargo losses and damages of the motor carrier or freight forwarder named thereon. A property broker's bond (Form BMC-84) or trust fund agreement (Form BMC-85), on the other hand, only holds the surety company or trustee liable for transportation charges if the broker fails to provide transportation services for which it has been paid. The filing of these bonds or trust agreements ensure that the public is protected and will be compensated for any claims which the motor carrier, freight forwarder or property broker is unable to settle.

An endorsement (Forms BMC-90 and BMC-32) sets forth the minimum limits of liability insurance coverage which a FMCSA-regulated motor carrier or freight forwarder is required to maintain. Attachment of the endorsement to the insurance policy establishes continuing compliance with this statutory requirement. The purpose of the endorsement is to hold an insurance company liable for any damages which may occur to the public, and to avoid any stipulations or limitations which may be contained in the insured motor carrier's or freight forwarder's policy.

Notices of cancellation (Forms BMC-35, BMC-36 and BMC-85) are used by insurance and surety companies or trustees to notify the FMCSA that a certificate of insurance, surety bond or trust fund agreement has been canceled. Since evidence of security is to be maintained on a continuous basis, the FMCSA may begin proceedings to revoke the operating authority of the regulated entity if replacement insurance, a surety bond or trust fund agreement is not filed with the FMCSA by the effective date of the cancellation.

The only alternative motor carriers have to filing certificates of insurance and surety bonds with FMCSA is to qualify to act as self-insurers for their bodily injury and property damage and/or cargo liability. Form BMC-40 is the application form used by carriers to apply for such authority. Data contained on the completed self-insurance form, and in exhibits attached thereto, provide pertinent information regarding the carrier's or forwarder's financial claims and safety condition. FMCSA uses this data to make a determination regarding whether the entity qualifies for the grant of self-insurance authority.

This ICR has been disaggregated into 10 information collections (ICs) as follow:

- a. IC-1, Form BMC-91 entitled, "Motor Carrier Automobile Bodily Injury and Property Damage Liability Certificate of Insurance."
- b. IC-2, Form BMC-91X entitled, "Motor Carrier Automobile Bodily Injury and Property Damage Liability Certificate of Insurance."
- c. IC-3, Form BMC-34 entitled, "Motor Carrier Cargo Liability Certificate of Insurance."
- d. IC-4, Form BMC-82 entitled, "Motor Carrier Bodily Injury Liability and Property Damage Liability Surety Bond Under 49 U.S.C. § 13906."
- e. IC-5, Form BMC-83 entitled, "Motor Carrier Cargo Liability Surety Bond Under 49 U.S.C. § 13906."
- f. IC-6, Form BMC-84 entitled, "Property Broker's Surety Bond Under 49 U.S.C. § 13906."
- g. IC-7, Form BMC-85 entitled, "Property Broker's Trust Fund Agreement Under 49 U.S.C. § 13906 or Notice of Cancellation of the Agreement."
- f. IC-8, Form BMC-35 entitled, "Notice of Cancellation Motor Carrier Insurance Under 49 U.S.C. § 13906."
- h. IC-9, Form BMC-36 entitled, "Notice of Cancellation Motor Carrier and Brokers Surety Bonds Under 49 U.S.C. § 13906."
- f. IC-10, Form BMC-40 entitled, "Application for Authority to Self-Insure Under 49 U.S.C. § 13906."

Forms BMC-90 entitled, "Endorsement for Motor Carrier Policies of Insurance for Automobile Bodily Injury and Property Damage Liability Under Section 13906, Title 49 of the United States Code," and BMC-32 entitled, "Endorsement for Motor Common Carrier Policies of Insurance for Cargo Liability Under 49 U.S.C. § 13906," do not create a paperwork burden for any small businesses. The insurance company merely executes the endorsement, attaches it to the bodily injury and property damage or cargo liability insurance policy, respectively, and forwards it to the motor carrier or freight forwarder.

**3. Extent of automated information collection:**

All filers have the option to file the insurance forms noted above electronically, except the Form BMC-40 entitled, “Application for Authority to Self-Insure Under 49 U.S.C. § 13906. The FMCSA estimates the percentage of forms submitted annually to the agency on-line as follow:

**On-line Submission of BMC Forms**

<b>Forms</b>	<b>Electronic Filings</b>	<b>Paper</b>	<b>Total</b>	<b>Percent Submitted On-line</b>
BMC-91	388	27	415	95%
BMC-91X	171,170	360	171,530	100%
BMC-34	80,478	271	80,749	100%
BMC-82	56	0	56	100%
BMC-83	104	0	104	100%
BMC-84	2,019	412	2,431	85%
BMC-85	3,392	426	3,818	90%
BMC-90	0	0	0	0%
BMC-32	0	0	0	0%
BMC-35	138,396	1,675	140,071	99%
BMC-36	874	510	1,384	65%
BMC-40	0	5	5	0%
<b>Total</b>	<b>396,877</b>	<b>3,686</b>	<b>400,563 (rounded to 400, 565)</b>	

**4. Efforts to identify duplication:**

There are no similar insurance filings made with any other Federal agency or within the Department of Transportation that would result in duplication of this information.

**5. Efforts to minimize the burden on small businesses:**

Paperwork burdens associated with completing Forms BMC-91, BMC-91X, BMC-34, BMC-83, BMC-84, BMC-85, BMC-35 and BMC-36 are minimized for small businesses because such entities merely fill in blank spaces with information about the carrier, freight forwarder or broker and the insurer, surety or trustee. Furthermore, since certificates of insurance, surety bonds and trust fund agreements are not renewed or replaced on an annual or periodic basis, and notices of cancellation are only filed with FMCSA when an insurance policy, surety bond or trust fund agreement is terminated by the insurer.

Endorsements (see Forms BMC-90 and BMC-32) do not create a paperwork burden for any small business. The insurance company merely executes the endorsement, attaches it to the bodily injury and property damage or cargo liability insurance policy, respectively, and forwards it to the motor carrier or freight forwarder.

Applications for Authority to Self-Insure (see Form BMC-40) consist of seven pages. However, no consideration has been given to limiting the information requested by this form, since such form is submitted on a voluntary basis. Further, the filing of less information could result in the FMCSA denying the requested authority and, therefore, defeating the purpose of the form and FMCSA's regulations governing self-insurance authority.

**6. Impact of less frequent collection of information:**

If this data were collected less frequently, the purpose of the applicable regulations would be defeated. The information collected is intended to establish continuing compliance with statutory insurance requirements and is not collected on a periodic basis. Also, if notices of cancellation are not filed timely, insurers would remain at risk after their coverages is terminated and would be held liable for claims made against them, even though the policies or bonds are no longer in effect.

Form BMC-40 is not filed periodically, but on an "as needed" basis.

**7. Special circumstances:**

There are no special circumstances related to this information collection

**8. Compliance with 5 CFR § 1320.8:**

On November 24, 2008, FMCSA published a notice in the Federal Register (73 FR 71084) (Attachment G) with a 60-day comment period announcing its intention to seek OMB review and approval to revise this ICR. No comments were received in response to this notice. On February 5, 2009, FMCSA published a noticed in the Federal Register (74 FR 6203 (Attachment H) with a 30-day comment period that announced that this ICR would be sent to OMB for review and approval.

**9. Payments or gifts to respondents:**

Respondents are not provided with any payment or gift for this information collection.

**10. Assurance of confidentiality:**

There is no statute, regulation or agency policy that provides assurances of confidentiality. On the contrary, the insurance coverages and cancellations evidenced by these filings are public information regularly requested by individuals and groups.

**11. Justification for collection of sensitive information:**

The information requested and collected is not of a sensitive nature.

**12. Estimate of annual burden hours for information requested:**

The annual burden hour estimates are based on motor carrier application data derived from FMCSA's Motor Carrier Management Information System (MCMIS) for fiscal year 2007.

**13. Estimate of Total Annual Costs to Respondents:**

The FMCSA estimates that the Form BMC-40 requires an average of 40 hours to complete and that all of the other insurance forms require an average of 10 minutes to complete. The only other cost (other than labor cost) to respondents consists of postage and overnight delivery fees. The estimated number of annual paper filings for fiscal year 2007 was 3,686. Approximately 90 percent of paper insurance filings (3,686 annual filings x 0.90 = 3,317) are sent by overnight delivery companies; the other 10 percent (3,686 annual paper filings x 0.10 = 369) are sent by regular mail. Because overnight packages and regular mail envelopes can contain multiple individual filings, it is difficult to estimate costs.

However, the FMCSA estimates that delivery costs for the approximately 3,317 annual paper insurance filings sent by overnight delivery companies would equal \$24,310, if we assume an average of three filings per package and an average shipping charge of \$22 (3,317 annual filings/3 filings per package = 1,105 x \$22 = \$24,310). Postage for the 368 filings that FMCSA receives by U.S. mail would total \$1.00 per package if we assume three filings per package/envelope (368 filings x \$1.00 per package = \$369). Thus, total delivery charges would be approximately \$24,679 per year [\$24,310 + 369].

<sup>1</sup>Except for IC-4/BMC 40, the reported hourly wage is the mean hourly wage for an insurance claims and processing policy clerk, USDOL, BLS-Office and Administrative Support Occupations 2008. The reported hourly wage rate for IC-4/BMC 40 is the mean hourly wage rate for a financial specialist, USDOL, BLS, All Occupations.

**Estimate of Cost to the Federal Government:** The estimated cost to the Federal Government has decreased due to the increased number electronic submissions of insurance forms, which do not require direct processing by FMCSA employees. The BMC forms, except for BMC-40, are processed by Grade GS-5 Step 10 Transportation Specialists at FMCSA’s Enforcement Division at an hourly wage rate of \$19.78. The FMCSA estimates that each of those forms currently requires approximately 2 minutes to process. The FMCSA estimates that it requires approximately 80 hours to process Form BMC-40. The processing of Form BMC-40 is conducted by employees ranging from GS-09 to GS-15. Assuming an average grade of GS-11, Step 10, the hourly wage rate is \$36.26. Thus, the estimated total cost to the Federal Government of processing all paper insurance filings is **\$16,931.00** [\$14,504 Cost of processing Form BMC-40 + \$2,427 Cost of processing all other forms].

There have been no program changes, only adjustments due to an overall increase in the number of annual filings from 301,037 to 400,565.
