Dear Cranberry Grower:

In August, the National Agricultural Statistics Service will issue a report of cranberry production prospects in the five leading cranberry States. Response to this survey is voluntary and not required by law, but your answers to these questions will help ensure accurate estimates. Your report will be kept confidential and only used in summary with other reports. Please return this report promptly in the enclosed envelope, which requires no stamp. Your comments about this year's crop are valued. Thank you for your help.

Please make corrections to name, address, and zip code if necessary.

***** Please return by July 18 *****

Report for your beds		
1. Acreage for harvest this year (2006)	(431)	Acres
2. Acreage harvested last year (2005)	(432)	Acres
3. Probable production this year (2006)	(433)	Barrels
4. Quantity harvested last year (2005)	(434)	Barrels

Report for your locality		
5. What is the condition of the cranberry crop in your locality as a percent of a full crop? <i>(Let 100 percent represent the "full crop" you would expect if there were no damage from unfavorable weather, insects, disease, etc.)</i>	(435)	Percent
6. What yield (barrels per acre) for cranberries do you estimate in your locality this year (2006)?	(436)	Barrels

Comments: Please note the growing conditions of the crop this year, unusual pests, disease, heat damage or anything else which may affect production.

Reported by: _____ Date: _____ Phone: _____

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The time required to complete this information collection is estimated to average 10 minutes per response.
