SUBJECT: Request for Emergency Approval of a New Information Collection  
Package – Recovery Act - 2008 Aquaculture Grant Program

The Farm Service Agency (FSA) in the Production, Emergencies and Compliance Division (PECD) has been tasked with implementing the 2008 Aquaculture Grant Program authorized by Section 102(d) of the American Recovery and Reinvestment Act of 2009 (Recovery Act).

On February 17, 2009, the Recovery Act was enacted into Public Law 111-5. Section 102(d) of the Recovery Act authorizes \$50 million for a 2008 Aquaculture Grant Program (AGP). The Recovery Act requires that:

- AGP funding be allocated to the States, on a pro rata basis, based on the amount of aquaculture feed used in each State during the 2007 calendar year
- Not later than 60 days after the date of enactment of the Recovery Act, the State Departments of Agriculture in each State shall be notified of availability of funds to assist eligible aquaculture producers, including such terms necessary for the equitable treatment of eligible aquaculture producers.
- Not later than 30 days after the date on which the State provides assistance to eligible aquaculture producers, the State must submit to CCC, a report that describes:
  - The manner in which the State provided assistance;
  - The amounts of assistance provided per species of aquaculture; and
  - The process by which the State determined the levels of assistance to eligible aquaculture producers.

The FSA needs to collect:

- 2007 aquaculture feed delivery data to allocate grant funding based on 2007 feed deliveries
- 2008 AGP Work Plans from each State to ensure the equitable treatment of aquaculture producers
- 2008 AGP Recovery Act Report to comply with Recovery Act reporting requirements.

In addition to the information collection provided above, PECD will be collecting information on several standard grant forms; however, it is our understanding that a separate information collection package will cover the burden for all Federal agencies with respect to grant programs authorized in the Recovery Act.

We are requesting emergency approval of a new information collection package by March 27, 2009 due to the program provisions and time frames mandated by the Recovery Act.

If any questions or concerns, please call Deirdre Holder at 202-205-5851 or Mary Ann Ball at 202-720-4283.
