# Document History

<b>Date</b>	<b>Spec</b>	<b>Summary of Changes</b>	<b>Revised by</b>
	<b>1.0</b>	Initial version	Christopher Walton
<b>10/19/06</b>	<b>1.0 Version 9</b>	Added Global Transition Messages Added Respell 3 into name Modules Added Confirmation Messages Updated Spell Help in First Name	Christopher Walton
<b>06/15/07</b>	<b>1.0 Version 10</b>	Change Message 8301, 8401, 8601, 9407  Changes for First Name, Last Name, and Other Last Name: Verizon Business recommends the End of Speech Timeout be extended by 2 seconds to allow callers a little extra time to respond. The extra 2 seconds will reduce the numbers of callers experiencing clipping.  Verizon Business has two recommendations for reducing the number of background noises and out-of-grammar responses being recognized as Help. (1) Explicit Setting of Low Confidence Threshold: It has been noticed utterances with low confidence scores are being confirmed. By explicitly setting the Low Confidence Threshold to 175, confirmations will not occur below this level. (2) Reduce the weighting of Help in the Parallel Grammar. The default weighting on help is 1.0 and Verizon Business recommends reducing the weighting on Help to .75.  Change Other Last Name Max Timeout, Max Retry, and Max Confirmation Retry/Timeout from 8512 to 8119	Christopher Walton
<b>06/15/07</b>	<b>1.0 Version 11</b>	Re-record Messages 8301, 8401, 8601	Christopher Walton
<b>7/17/07</b>	<b>1.0 Version 12</b>	Updated Spell Help Messages in Last Name and Other Last Name to reflect that Message 8414 and 8614 were playing respectively.	Christopher Walton
<b>7/19/07</b>	<b>1.0 Version 13</b>	Removed * from the help in Command Vocabulary	Christopher Walton
<b>09/20/07</b>	<b>1.0 Version 14</b>	Add Validated Names Check Logic	Christopher Walton

Feb 29, 08	1.0 Version 15	Inserted hyperlinks and book marks for all modules	Becky Stallings
Mar 4, 08	1.0 Version 16	Added Check Null Condition module Added First Name Check Condition module Added Last Name Check Condition module Added Other Last Name Check Condition module Updated Table of Contents to show all modules Added Privacy statement to Chapter 1, Background and Motivation Updated First Name DM, Last Name DM, Other Last Name DM; Added confidential flag notation to modules notes.	Sean Stallings
Mar 07, 08	1.0 Version 17	Removed Validated Names module, replaced with Check Null Condition. Corrected typo in Last Name Check Condition	Sean Stallings
Mar 10, 08	1.0 Version 18	Updated First Name Check Condition, Last Name Check Condition, Other Last Name Check Condition; Corrected reporting information for "if else" conditions.	Sean Stallings
Apr 1, 08	1.0 Version 19	Updated reporting string for first, last, alternative name re-use.	Sean Stallings
Apr 4, 08	1.0 Version 20	Updated Check Null Condition, updated routing and made the wording clearer.	Sean Stallings
Apr 11, 08	1.0 Version 21	In order to assure that re-use items are properly reported, in Check Null Condition, if TVDC items to collect = 0, the call must then route to the next Check Condition Module.	Sean Stallings
July 14, 2008	1.0 Version 22	Updated Speech Flag Check with new Goto's to support the TVDC changes	Christopher Walton
September 4, 2008	1.0 Version 23	BBN Findings Effort 1) Updated Other Last Name Necessary Module, updated wording for invalid 2, changed to new message 8126. 2) Updated First Name, Last Name, Other Last Name modules, for invalid 2, replaced message 8515 with new message 8527. 3) Section 6.1; added new entry for message 8126. 4) Section 6.1; added new entry for message 8527. 5) Highlighted all BBN effort changes in <b>Green</b> .	Sean Stallings
September 25, 2008	1.0 Version 24	Added Verizon Business proprietary statement to title page and all page headers.	Sean Stallings

# Chapter 1: Background and Motivation

## 1.1 Privacy

The following information is considered confidential, **First Name, Last Name,** and **Other Last Name**. The confidential flag should be set to true for all dialog modules collecting this information from the caller.

## 1.2 Motivation

SSA is using a new authentication process for their Password Services. This document is not intended to be a stand alone callflow. We are only attempting to capture the first name, middle initial, last name, and other last name of the caller.

## 1.3 Aesthetics

We are using this information to authenticate the caller so the tone should be businesslike.

## 1.4 Open Issues

## 1.5 Call Examples

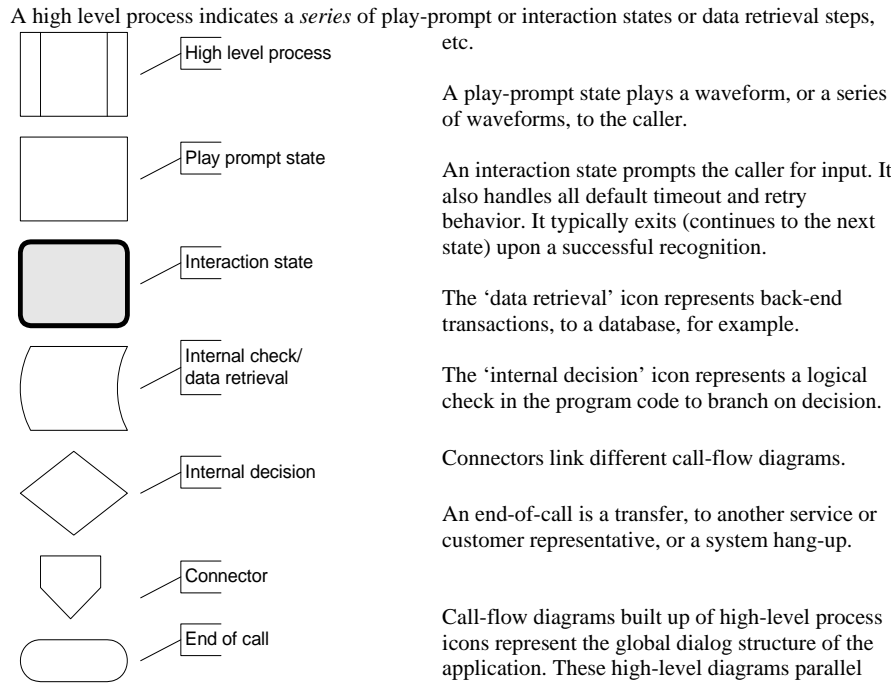

### 1.5.1 Typical Call

<b>System:</b>	Please give me your first name, including the spelling. [Pause] For example if your first name was Robin, you'd say "Robin, spelled R O B I N."
<b>Caller:</b>	John
<b>System:</b>	"Let me read that back. First Name John spelled J O H N, did I get that right?"
<b>Caller:</b>	Yes
<b>System:</b>	Please give me your last name, including the spelling. [Pause] For example, if your last name was Kusack, you'd say, "Kusack, spelled K U S A C K."
<b>Caller:</b>	Smith
<b>System:</b>	Some people have another last name - for example, a professional or maiden name - that might be listed under their social security number. Do you have another last name? Please say Yes or No.
<b>Caller:</b>	Yes
<b>System:</b>	"Please give me your OTHER last name, including the spelling. [Pause] For

	example, if your other last name was Jones, you'd say, "Jones, spelled J O N E S." Go ahead."
<b>Caller:</b>	Jones
<b>System:</b>	Thank you. We have received your request for a password...

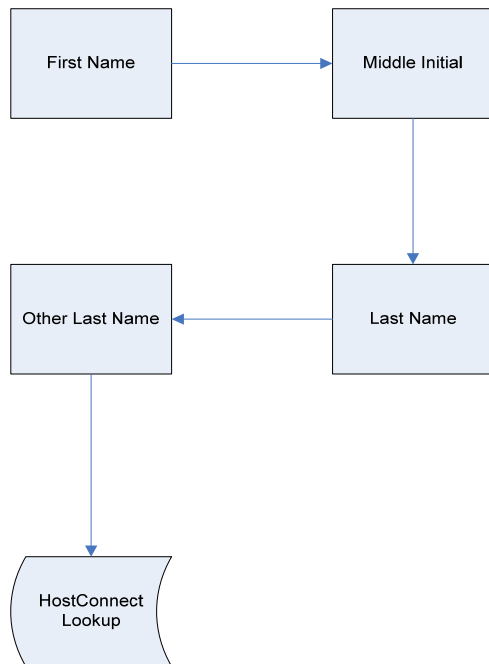

# Chapter 2: Call-Flow Diagrams

Legend for the high level call-flow diagrams presented in this section:

outline every play-prompt, interaction state, data retrieval step, internal decision and possible ends of the call. These low-level charts give a precise graphical representation of the flow of the state tables in the section "Chapter 5: Detailed Dialog Specification", using the same (or matching) naming convention for easy reference.

## 2.1 High-Level Call Flow Diagram

# Chapter 3: How to Read the Call-Flow Tables

**2100\_Finance\_Forex\_Menu**

*Title of this table*

**Speech Input** **Play Prompt** **Database Query** **Branch on Condition**

**Entering from** **Item List** *Dialog-Module type*

**Prompts**

Type	Name	Wording
Initial	21001	For which currency would you like to hear the exchange rate
Timeout 1	21002	I'm sorry, I didn't hear you. Please say the currency you want an exchange rate for, example "Sterling Pound".
Timeout 2	21003	I'm sorry, I still didn't hear you. Please say the currency you want to hear the exchange rate for, such as the "Japanese yen", or, to hear a full list to choose from, say "List all currencies".
Retry 1	21004	Please say the currency you want an exchange rate for, for example "Australian dollar".
Retry 2	21005	Touch-tone equivalents for user input: Please say the currency you want to hear the exchange rate for, such as the "Japanese yen", or, to hear a full list to choose from, say "Dutch guilder".
Help	21006	are in the foreign exchange menu. If you specify a currency, such as the "Danish e", I'll give you the exchange rate for it against the US Dollar.

*Prompts section*

**User input section**

Voicing	DTMF	Action
<currency>		Go to: "2110_Finance_Forex_ExchangeRateInfoMsg"
"List all currencies", "List currencies", "List all", "List them all", "List them"	2	Go to: "2190_Finance_Forex_CurrenciesListIntro"

*User input section*

**Global commands section**

Commands	DTMF	Action
"Back up"	#	Go to: "2000_Finance_Menu"
"Main menu"	##	Go to: "1000_MainMenu"
"Goodbye"	*	Go to: "9000_Goodbye_Msg"
"Instructions"	9	Play prompt help prompt and then re-enter module, playing prompt, awaiting new user input.
"Operator"	0	Go to: "8000_Transfer_Msg"

*Global commands section*

**Module Settings**

Module Settings
Default

*Section to specify the different settings of the module*

*Touch-tone equivalents for global commands*

*System actions following on global commands*

*System actions following on user input*

*Initial prompt: first prompt played when entering the module.*

*Timeout 1 prompt: played when no response to initial.*

*Timeout 2 prompt: played when no response to first timeout.*

*Retry 1 prompt: played when no recognition result from first input.*

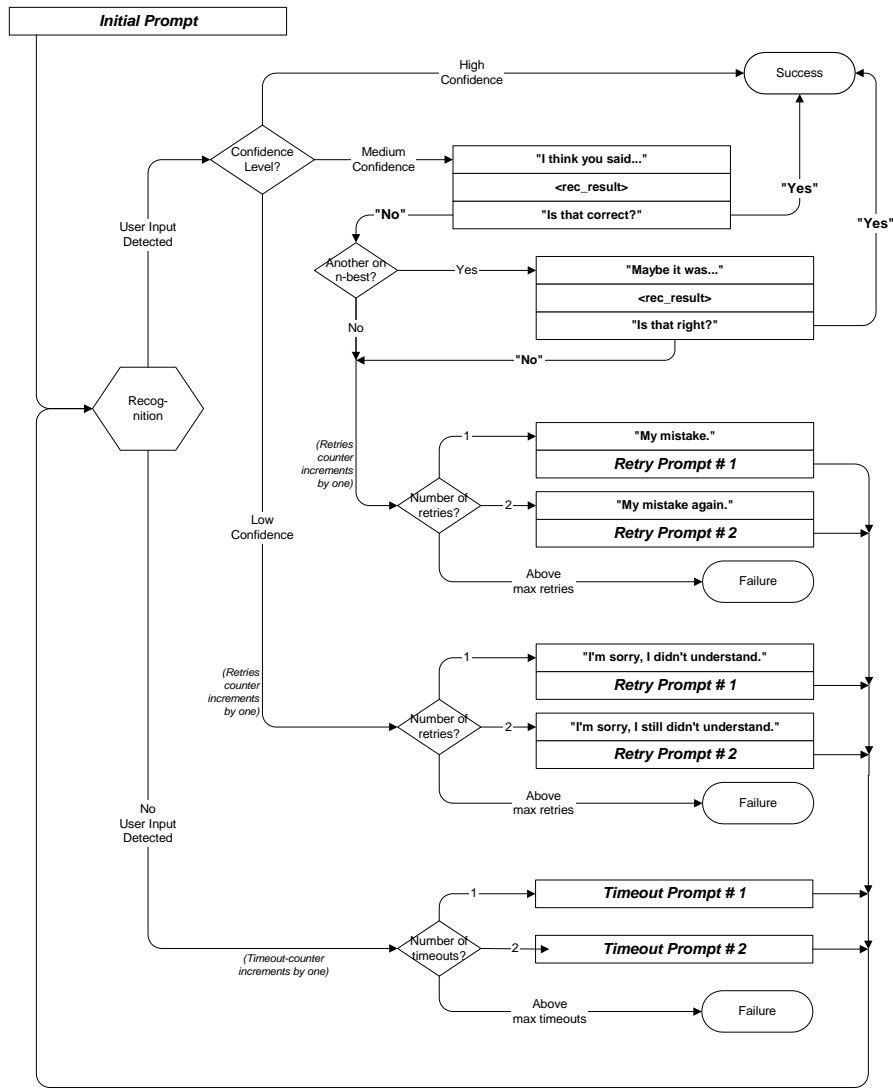

*Retry 2 prompt: played when no recognition result from input after first retry.*

*Help prompt: typically played when caller asks for help or instructions.*

## Chapter 4: Internal DialogModule Functionality

**\*\*\*PLEASE NOTE:** *This is a generic example of Internal DialogModule Functionality and may not directly reflect the actions of the SSA HostConnect application.*

# Chapter 5: Detailed Dialog Specification

## 5.1 General Behavior

### 5.1.1 Ending the call

At no time should the call simply end. All calls from this application should exit via one of the following SIBBs: Max Timeout, Max Retry, Max Invalid Menu Item

### 5.1.2 Global Defaults (Non-ASR Logic)

Help – Two helps per module – subsequent Helps should count towards Invalid/Timeout

Confirm if necessary – do not confirm yes/no

Append 8 in front of the Abandon Flag and provide in the CCR's only if the caller hung up in that module.

The Speech Flag is set in the DTMF application.

Certain language shows up in the application periodically as a transitional messaging between the modules. Those messages are below.

## 980 – Transitional Vocabulary

Speech Input		Transitional Vocabulary
Req. ID	Message Number	Text
TPPW-TV-1062-Prompt-LC-1	8524	"OK"
TPPW-TV-1062-Prompt-LC-2	8525	"Got it"
TPPW-TV-1062-Prompt-LC-3	8526	"Thanks for your patience."

The following commands should be available to any SIVR SIBB in the call plan:

## COMMAND Vocabulary

Speech Input	Command Vocabulary
--------------	--------------------

Option	Synonym(s)	DTMF	Action	Confirm.
help	help	N/A	Go to Help Menu for the particular menu	Never

## 5.2 Dialog Tables

## Chapter 6: Recording Lists

### 6.1 Application Recording List

Message 8001

“Now we are going to collect your full name using voice recognition. First, say your FIRST name.”

Message 8003

“Please say your last name. For example, if your last name was Kusack, you’d say Kusack. Go ahead.”

Message 8004

“Please say your OTHER LAST name. [Short Pause] For example if it was Jones, you’d say “Jones”. Go ahead.”

Message 8005

“Some people have another last name - for example, a professional or maiden name - that might be listed under their social security number. Do you have another last name? Please say Yes or No.”

Message 8100

“Sorry I didn’t hear you.”

Message 8101

“I didn’t hear you that time either.”

Message 8102

“Sorry I didn’t understand.”

Message 8103

“I didn’t understand that time either.”

Message 8104

“...you said none...”

Message 8110

“Please give me your first name.”

Message 8113

“Please give me your last name.”

Message 8114

“Please say your OTHER last name.”

Message 8115

“I need you to say your other last name for me. For example, if the last name was O’Neal, you’d say “O’Neal”.”

Message 8116

“I need you to say your first name for me. For example if your first name was Nick, you’d say “Nick”.”

Message 8117

“I think you said...”

Message 8118

“...is that correct?”

Message 8119

“We’ll try with just your first and last name.”

Message 8120

“I need you to say your last name for me. For example, if the last name was O’Neal, you’d say “O’Neal”.”

Message 8121

“Would you like me to also check under another last name? Please say YES or NO.”

Message 8122

Please say YES or press 1 if you think you might be listed under another last name. Otherwise, say NO or press 2.

Message 8123

“I need to know if you might be listed under an alternate last name. For example you may also have a professional name, or a maiden name, or one from a previous marriage. Would you like me to include another last name with this request? YES or NO.”

Message 8124

“...yes...”

Message 8125

“...no...”

Message 8126

"If you think you might be listed under another last name, press one. Otherwise, press two." \*\*\*Change 09/03/08\*\*\*

Message 8301           \*\*\*chg 7/11/07\*\*\*

"Say your FIRST name and then spell it for me. [Pause] For example, if your first name was Robin, you'd say "Robin, R O B I N."

Message 8302

"Sorry, please give me your first name with the spelling, or for more information, just say "help.""

Message 8303

"I still didn't hear you. Please give me your first name and spell it."

Message 8304

"I need you to say your first name and then spell it for me, for example if your first name was Nick, you'd say "Nick N I C K."

Message 8305

"Sorry, just spell your first name for me."

Message 8306

"I still didn't hear you. Please go ahead spell your first name for me, or for more information, say, "help.""

Message 8307

"Sorry I didn't catch that. Go ahead and spell your first name for me."

Message 8308

"Sorry I still didn't understand. Please spell your first name one more time. [Pause] For example, if your name was Nick, you'd say, "N I C K."

Message 8309

"I need you to spell your first name. For example, if your first name was Nick, you'd say, "N I C K."

Message 8310

"Please spell your first name for me again. [Pause] I'll understand you better if you just say, "s," instead of, "s as in Sam." Go ahead."

Message 8311

"Sorry, I didn't catch that. Go ahead and spell your first name for me."
