This section covers the by-project information to be provided by each State which accounts for how it plans to invest its allotment of ARRA funding. The list needs to be consistent with the list of projects provided in the State's Section 1511 certification, as it may be amended. States should provide their best estimates of complete list of projects to be funded with ARRA grants as of the plan's due date. If a State has not programmed all ARRA funds by that time, that information should be provided as well. The project list should be provided in an electronic format that allows for data sorting. For the purpose of this initial project plan report, the State may provide the Section 1511 list of projects if that list of projects provides all data are listed below. Simply referencing the STIP will likely not be sufficient, since most do not contain all of the required data. These data will be used for meeting the reporting requirements of Sections 1201, and 1512. The data are also used to link together State DOT and FHWA provided ARRA project data.

- Format:** The file can be provided as either a geospatial information system (GIS) shapefile, or an MS Excel spreadsheet.
- Due date:** By March 31, 2009. The State shall provide an additional list of projects within 2 weeks of the State issuing a new Section 1511 certification until September 2012.
- Due to:** The States will e-mail their list of projects to: ARRA.Submittal@dot.gov, with a copy sent to the FHWA Division Office official mailbox (state.fhwa@dot.gov). Questions should be directed to ARRA.Questions@dot.gov. Submittal of data to this e-mail account will not qualify as the required submittal under section 1511.
