

Master Appraisal Report (MAR) Amendment

U.S. Department of Housing
and Urban Development
Office of Housing
Federal Housing Commissioner

OMB Approval No. 2502-0493 (Exp. 03/31/2009)

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is required to obtain benefits and voluntary. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number. Section 203 of the National Housing Act authorizes the Secretary of the Department of Housing and Urban Development to insure mortgages on an application by an approved mortgagee for appraisal. The Master Appraisal Reports permit the listing of models covering types of individual homes proposed for construction. The information collection sets forth the general and specific conditions that must be met before HUD can endorse a Firm Commitment for mortgage insurance. The information collection is prepared by participating lenders working with developers. HUD has eliminated the need to have a separate Master Appraisal Report on individual properties, now the report can cover up to five or more models within a specific subdivision. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.

Name and Address of Mortgagee making request	Name of Project	MAR Number
		Amendment Number

For DE Use Only

MAR Expiration Date	Amendment Issue Date	Signature of DE Underwriter	ID #
---------------------	----------------------	-----------------------------	------

Property Data				Monthly Expense Estimates*			
House Type	Improved Living Area	Estimate of Value	Maximum Mtg. Amt.	Closing Costs (Est.)	Fire Insurance	Taxes	HOA Charge

* The estimates of fire insurance, taxes, homeowners association charge and closing costs are furnished for mortgagee and mortgagor information. These estimates must be used to prepare Form HUD-92900, Application for Mortgage Credit Analysis.

Schedule of Alternates

Alternate Number	Description of Alternates (Include House Type)	DE Accepted Value + or - Col. 3
Col. 1	Col. 2	Col. 3

Values may be increased by including any or all of the variations or items of equipment in the amounts stated on form HUD-91322.1, Attachment Number 1, MAR Number _____, dated _____.

However, the net increase amounting to more than _____% on any plan will require DE Underwriter approval to ensure that the property will not be overvalued in relation to comparable properties in the area. Options shown must be limited to those items that would affect the basis valuation of the dwelling.
