Public reporting burden for this collection of information is estimated to average 20 minutes per response including the time for reviewing the instructions, searching the existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this burden to Jason Rueter, National Marine Fisheries Service, 263 13th Avenue South, St. Petersburg, Florida 33701. This reporting authorized under 50 CFR 622.5(c)(3)(ii). Information submitted will be treated as confidential in accordance with NOAA Administrative Orders. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection displays a currently valid OMB Control Number. The NMFS requires this information for the conservation and management of marine fishery resources. This data will be used to monitor the quotas for these fisheries.
