OMB Control Number -- 0910-0184

SUPPORTING STATEMENT

A. Justification

1. Circumstances Making the Collection of Information Necessary

Section 701 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(e)(2)) states that on or before the thirtieth day after the date on which an order is made public, any affected persons may file objections on the provisions of the order and may request a hearing.

The Food and Drug Administration is seeking OMB approval for the regulations that implement these statutory provisions at 21 CFR 12.22, Filing objections and request for a hearing on a regulation or order. This regulation sets forth the format and procedures by which a person may submit to the Commissioner of FDA, written objections and a request for a hearing.

2. Purpose and Use of the Information Collection

The information obtained is used by FDA to determine if a hearing is justified. It may also be used to justify modification or revocation of a regulation or order.

3. Use of Improved Information Technology and Burden Reduction

FDA is considering developing ways individuals can submit petitions and requests electronically.

4. Efforts to Identify Duplication and Use of Similar Information

No duplication of effort by Federal agencies has been identified and there is no similar data that can be used or modified for use.

13. Estimates of Other Total Annual Cost Burden to Respondents and Recordkeepers

The agency estimates that the cost of a fully supported professional employee (GS-13/5) required to review such requests and petitions, and prepare the response is \$47 per hour.

21 CFR Section	Total Hours	Total Cost to Federal Government
12.22	100	\$4,700
