## AT YOUR NEXT DOCTOR'S APPOINTMENT Ask your doctor about getting tested for colon cancer. Testing is important for all men and women aged 50 and older. There are several tests used to detect colon cancer. With your doctor, decide which screening test is right for you. Make arrangements to be tested. Find out when and how you will learn the test results. For example, will the doctor call you or mail the results? Or do you need to call your doctor's office to learn the results? If you have questions, please write them below and bring them with you to your appointment: After Your Doctor's Appointment I have chosen (please check one) FOBT Flexible Sigmoidoscopy or Colonoscopy for my colon cancer screening test. #kenruFord
