Overview

There are two Internet verification options you can use to verify that your employee names and Social Security numbers match Social Security's records. You can:

- Verify up to 10 names and SSNs (per screen) online and receive immediate results. This option is ideal to verify new hires.
- Upload overnight files of up to 250,000 names and SSNs and usually receive results the next government business day. This option is ideal if you want to verify an entire payroll database or if you hire a large number of workers at a time.

While the service is available to all employers and thirdparty submitters, it can only be used to verify current or former employees and only for wage reporting (Form W-2) purposes.

Why Should I Verify Names and SSNs Online

- Correct names and SSNs on W-2 wage reports are the keys to the successful processing of your annual wage report submission.
- It's faster and easier to use than submitting your requests paper listings or using Social Security's telephone verification option.
- Results in more accurate wage reports.
- Saves you processing costs and reduces the number of W-2cs.
- Allows Social Security to properly credit your employees' earnings record, which will be important information in determining their Social Security benefits in the future.

Steps to Register for SSNVS

 Register to Use SSNVS - Registration is required through <u>www.ssa.gov/bso/bsowelcome.htm</u>. Thirdparty preparers need only register once in their own firm's name. Complete the registration form and select your own password. Social Security will verify

SSNVS Attestation

Proper Use of Social Security Number Verification Service (SSNVS)

- SSA will verify Social Security Numbers (SSNs) solely to ensure that the records of current or former employees are correct for the purpose of completing Internal Revenue Service Form W-2 (Wage and Tax Statement).
- . Do not use the service to verify SSNs of potential new hires or contractors
- Company policy concerning the use of SSNVS should be applied consistently to all workers; for example
 - o If used for newly hired workers, verify information on all newly hired workers.
 - o If used to verify information on other workers on your database, verify the information for all workers on the entire database
- Third-party use of SSNVS is strictly limited to organizations that contract with employers to either handle the wage reporting responsibilities or perform an administrative function directly related to annual wage reporting responsibilities of hired employees. It is suggested that contracts between the third-party and the employer stipulate that the functions being performed by the third-party contractor relate to wage reporting responsibilities and SSNVS should only be used for wage reporting responsibilities for hired employees. It is not proper to use SSNVS for non-wage reporting purposes, such as identity, credit checks, mortique applications, etc.
- Anyone who knowingly and willfully uses SSNVS to request or obtain information from SSA under false pretenses violates Federal law and may be
 punished by a fine or imprisonment or both.
- I understand that SSA may ban me and/or the company I represent from the use of SSNVS if SSA determines there has been misuse of the service
- . SSA will advise you when a name and SSN you submitted does not match our records.
 - o This response does not imply that you or your employee intentionally provided incorrect information about the employee's name or SSN.
 - o This response does not make any statement about your employee's immigration status.
 - This response is not a basis, in and of itself, for you to take any adverse action against the employee, such as laying off, suspending, firing, or discriminating against the employee.

If you rely only on the information SSA provides regarding name and SSN verification to justify adverse action against a worker, you may violate State or Federal law and be subject to legal consequences.

Federal Privacy Act Statement for Third-Party Submitters

You can use a fee-based approach when offering SSNVS to your clients. However, caution should be taken. SSA offers services, like SSNVS, free of charge. Some companies in the private sector offer those same services for a fee and develop misleading brochures and advertisements. To discourage the use of misleading mailings about Social Security and Medicare, Congress enacted specific prohibitions in Section 312 of the Social Security independence and Program Improvements Act of 1994 that broadlened the existing deterrents. The prohibitions are codified at Title 42 of the U.S. Code, Section 1320b-10. You should ensure that you are aware of these legal provisions and conform to their requirements and:

- Be cautious not to suggest to your clients that this service is only available through you;
- Advise all clients that this service is available at no cost from SSA and that this service is not a unique or exclusive arrangement between SSA and your company, and
- Be sure not to give any impression when describing your SSNVS service to your clients that your company has an arrangement that allows direct access to SSA databases, program software, etc.

Paperwork Reduction Act Statement

This information collection meets the clearance requirements of 44 U.S.C. § 3507, as amended by Section 2 of the <u>Paperwork Reduction Act of 1995</u>. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 5 minutes to read the instructions, gather the facts, and answer the questions. You may send comments on our estimate of the time needed to complete the form to. SSA, 1338 Annex Building, Baltimore, MD 21235-0001.

User Certification for Use of SSNVS - Please Read Carefully!

I certify that:

- I have read and understand the above section titled "Proper Use of Social Security Number Verification Service (SSNVS)" and the "Federal Privacy Act Statement for Third-Party Submitters".
- I am verifying SSNs solely to ensure that the records of my client's or my current or former employees are correct for the purposes of Form W-2 reporting.
- I am authorized, under valid contracts with all outside employers of any individual for whom I will request SSN verification, to transmit employee SSNs and identifying information and to receive the results of SSNVS;

or

I have the authority from my employer (or am the owner of the company) to transmit employee SSNs and identifying information and to receive the results of SSNVS.
