Financial Need

Financial need is determined each year on the basis of the requirements for need analysis prescribed by Title IV, Part F of the Higher Education Act of 1965, as amended. Please consult your institution's financial aid office for information or questions regarding the determination of financial need. Please note that, for GAANN purposes, tuition and fees are excluded from the fellow's cost of attendance (COA) in most every case because the fellowship includes an institutional payment that is provided in lieu of tuition and fees normally charged to the student. The preferred method for calculating the COA and thus, financial need for a GAANN Fellow is to exclude tuition and fees because of the institutional payment. However, an institution may need to report the tuition and fees amount as part of COA under certain circumstances, such as a State's requirement that even waived tuition charges must be posted to the student's account. In this situation, the amount of the institutional payment must be included as part of the amount that goes to meet that fellow's financial need. How an

institution determines a GAANN Fellow's COA can affect reporting of financial need and the resources used to meet that need.

14) What was the total COA for the current year? Enter the COA at the time of the fellow's need determination for the current year.

\$

15) If tuition and fees were added to the COA, please enter the amount of tuition and fees for the fellow for the academic year.

\$

16) At the time of need determination, what was the fellow's expected family contribution (EFC) to their education?

\$

17) What was the fellow's financial need at the time of need determination?

\$

Note: Financial need = Total COA – tuition and fees (if they were included in determining a fellows financial need) – EFC

Fellow's Stipend

18) What is the source of this fellow's GAANN fellowship? (Check one)

- Entirely from federal GAANN funds
- Entirely from matching/cost-share funds
- Combination of federal GAANN and matching funds

19) What is the amount of the fellow's stipend for the current funding year? This is the stipend amount provided directly to the fellow from either federal GAANN funds, matching/cost-share funds, or a combination federal GAANN funds and matching/cost-share funds. Remember the fellow's stipend should not exceed a fellow's financial need.

\$

If the fellow's stipend does not equal demonstrated level of need, please state the reason.

20) Please provide a dollar value and narrative summary of the benefits provided to the fellow using the institutional payment and/or matching/cost-share funds. This includes tuition and fee benefits.

Previously Funded GAANN Fellows

21) Please describe the type of support currently being provided to this fellow. Institutions are required to provide two additional years of support to GAANN fellows (through fellowships, assistantships, etc.). If the fellow has left the program or completed the course of study and received the Ph D, this section may be left blank.
