20 .....	Nuclear Regulatory Commission (NRC) staff informs the requester of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows (1) need for SUNSI or (2) need to know for SGI. (For SUNSI, NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents). If NRC staff makes the finding of need to know for SGI and likelihood of standing, NRC staff begins background check (including fingerprinting for a criminal history records check), information processing (preparation of redactions or review of redacted documents), and readiness inspections.
25 ..... Note: Before the Office of Administration makes an adverse determination regarding access, the proposed recipient must be provided an opportunity to correct or explain information.
205 .....	Deadline for petitioner to seek reversal of a final adverse NRC staff determination either before the presiding officer or another designated officer.

## OFFICE OF PERSONNEL MANAGEMENT

[OMB Control No. 3206-0156]

### Proposed Information Collection; Request for Comments on a Revised Information Collection; Standard Forms 2800 and 2800A

**AGENCY:** Office of Personnel  
Management.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review of a revised information collection. This information collection, "Application for Death Benefits under the Civil Service Retirement System (CSRS)" (OMB Control No. 3206-0156; form SF 2800), is needed to collect information so that OPM can pay death benefits to the survivors of Federal employees and

annuitants. "Documentation and Elections in Support of Application for Death Benefits When Deceased Was an Employee at the Time of Death" (OMB Control No. 3206-0156; form SF 2800A), is needed for deaths in service so that survivors can make the needed elections regarding military service.

Comments are particularly invited on whether this information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 68,000 SF 2800's are processed annually. The completion time for this form is approximately 45 minutes. An annual burden of 51,000 hours is estimated. Approximately 6,800 applicants will use SF 2800A annually. The completion time for this form is also approximately 45 minutes. An annual burden of 5,100 hours is

estimated. The total burden is 56,100 hours.
