REPORT
(FOR INSTITUTIONS AND HOUSEHOLDS)**

Public reporting burden for this collection of information is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Services, Office of Research and Analysis (0584-0293), Alexandria, VA 22302. Do not return the completed form to this address.

PURPOSE OF REPORT: The information provided in this report along with nutrition objectives, budgetary factors, and marketing indicators will be used by USDA to: (1) make purchasing decisions regarding the forms and quantities of commodities to procure for program participants for the following school/fiscal year; (2) develop new products desirable to program participants; (3) improve commodity specifications to ensure that USDA commodities are acceptable to RAs and HHs; and (4) provide commodities which will help program participants meet the Dietary Guidelines.

PLEASE COMPLETE THIS REPORT AND RETURN IT TO YOUR FNS REGIONAL OFFICE

BY APRIL 30

PART II - PRODUCT ACCEPTANCE

6. "TOP 10" MOST HIGHLY ACCEPTABLE PRODUCTS - BY FOOD GROUP. Below is a list of commodities expected to be available in USDA food distribution programs during this reporting period. FOR EACH FOOD GROUP, you may "X" up to TEN commodities receiving the "HIGHEST" evaluation scores by your RAs/HHs for this program. If any of your "Top 10" commodities are not listed, please add the name(s) of the product in the space provided at the end of the appropriate food group. NOTE: The DA/ITO may select fewer than 10 food items if no additional products were mentioned as frequently as the commodities selected for a particular food group. Please see the example given in the instructions on the back of this form. Also, the item Nos. shown below correspond with the commodity names to be used by USDA when tabulating the responses for item 6 ONLY. Also, please note that these item Nos. are NOT the same as the commodity codes printed in the FNS Commodity File Listing and MUST appear exactly as specified below for each " Top 10" item to be included on this report.)

PART II - GENERAL

8. NEW PRODUCTS - (OPTIONAL). List up to FIVE products NOT currently offered by USDA which your RAs/HHs would be interested in receiving especially those that might help them meet the FEDERAL DIETARY GUIDELINES. Please list and rank the items in 1-2-3 priority order with "1" representing the product "MOST" preferred by program participants. (NOTE: The DA/ITO should review the current FNS Commodity File Listing before completing the following to make sure, for example, a particular product or pack size is not ALREADY being offered by USDA.)

COMMODITY/CODE	PREFERRED FORM / PACK SIZE	PLANNED USAGE OF REQUESTED NEW PRODUCT		NUMBER OF RESPONDENTS REQUESTING THIS PRODUCT

INSTRUCTIONS

REPORT SUBMISSION REQUIREMENTS

By April 30 of each, each Distributing Agency (DA) and Indian Tribal Organization (ITO) must submit this report (Form FNS-663) to the appropriate Food and Nutrition Service (FNS) Regional Office, for EACH of the following programs.

- Child and Adult Care Food Program (CACFP)
- Commodity Supplemental Food Program (CSFP)
- Food Distribution Program on Indian Reservations (FDPIR)
- National School Lunch Program (NSLP)
- Nutrition Services Incentive Program (NSIP)

NOTE: This report must be completed at DA/ITO level in coordination with eligible RAs/HHs participating in each of the food distribution programs listed above.

PART I - DA/ITO INFORMATION

ITEM

1. STATE NAME, Self-explanatory.
2. DA/ITO 3-DIGIT CODE, Enter the 3-digit State DA code or the first 3-digits of the ITO code assigned by FNS and used on the FNS-52 or FNS-53 Food Order reports when placing food order requests with the appropriate FNS Regional Office.
3. REPORT MONTH/YEAR, Enter the applicable calendar year next to the pre-printed report month for which the data are being submitted.
4. PROGRAM IDENTIFICATION, Place an "X" in the appropriate block next to the program for which this report is being submitted (i.e., CACFP, CSFP, FDPIR, NSLP or NSIP).

NOTE: Only ONE Program can be checked per report.
- 5A. NUMBER OF ELIGIBLE RAs/HHs, Enter the number of eligible RAs/HHs within the State DA's/ITO's jurisdiction which are authorized to participate in the Program checked under item 4 (Program identification).
- 5B. NUMBER OF RAs/HHs SURVEYED, Enter the number of eligible RAs or HHs which the DA/ITO surveyed before completing this report.
- 5C. NUMBER OF RESPONDENT RAs/HHs, Enter the number, of eligible RAs/HHs which provided responses to the DA's/ ITO' s survey request and were used to complete this report.

NOTE: For each program, the DA's/ITO's response must represent at least 10 percent of the total number of eligible RAs/HHs in the State/ITO, or 100 RAs/HHs, whichever is less.

PART II - PRODUCT ACCEPTANCE INFORMATION

6. " TOP 10" MOST HIGHLY ACCEPTABLE PRODUCTS - BY FOOD GROUP, in accordance with the instructions given in item 6 of this form. FOR EACH FOOD GROUP, you may select or "X" up to TEN commodities receiving the "HIGHEST" evaluation scores by your RAs/HHs. However, the DA or ITO may select fewer than 10 items if appropriate,. For example, based on a survey of 100 respondents, the results were as follows:

Commodity	Number of RAs/HHs Listing This Product On Their Top 10 Meat List
NUMBER 1	96
NUMBER 2	94
NUMBER 3	90
NUMBER 4	89
NUMBER 5	86
NUMBER 6	85
NUMBER 7	70
ALL OTHER MEATS	(less than 50 each)

In this example, the DA/ITO had only 7 commodities which were the most frequently identified items listed by the 100 RAs/HHs responding to the DA's/ITO's survey request. Therefore, the DA/ITO should only "X" the top 7 commodities for the Meat Food Group. No additional commodities would have to be selected for this Food Group since no other products were mentioned as frequently as the 7 items shown in this example.

7. LEAST ACCEPTABLE PRODUCTS. See instructions provided in item 7 of this form. You may skip this item if your RAs/HHs are generally satisfied with the commodities received during this reporting period.

PART III - GENERAL INFORMATION

8. NEW PRODUCTS - (OPTIONAL). See instructions in item 8 of this form.

NOTE: The DA or ITO should carefully review all requests for new products BEFORE entering them on this report to be sure that the products or pack sizes being requested are not ALREADY being offered by USDA including: reduced-fat Cheddar Cheese, reduced-fat potatoes wedges, Low - Fat Turkey Ham, which is 95 percent fat-free, smaller and larger pack size for various products, etc.
9. REMARKS & GENERAL RECOMMENDATIONS - (Optional), Enter remarks, if any, and the most frequently made recommendations for improving the USDA commodity program.
10. SIGNATURE OF STATE OFFICIAL. The approving State Official signs the form here to certify that the information provided is representative of the information provided by the RAs/HHs.
11. FULL TITLE OF STATE OFFICIAL. Enter the approving official's full title including the name of his/her DA.
12. DATE SIGNED. Self-explanatory.
