

CHANGE REQUEST

Date: May 11, 2009
OMB Control No.: 0920-0234
Agency/Subagency: HHS/CDC
Current Title: NCHS National Ambulatory Medical Care Survey, 2007-2008
Type of Change: Delete "2007-2008" from the title
Proposed New Title: NCHS National Ambulatory Medical Care Survey

JUSTIFICATION

The NCHS National Ambulatory Medical Care Survey is an ongoing national survey conducted by the National Center for Health Statistics. Over more than a decade the title has included the specific years of data collection covered by the survey. Now, however, under the ROCIS system, it appears that we cannot easily change the survey years in the title. Thus, we would like to use the overall title of the Survey and refer to the covered years in the supporting statement.
