

SUPPORTING STATEMENT
Application to File Declaration of Intention
(Form N-300)
OMB No. 1615-0078

A. Justification:

1. As provided for in section 334 of the Immigration and Nationality Act (Act), an applicant for naturalization, who is residing in the United States as a lawful permanent resident, may file a declaration of intention to become a citizen of the United States, with the Department of Homeland Security (DHS). 8 CFR 334.11 requires the applicant to submit the Form N-300.

2. The Form N-300 is used by permanent residents to file a Declaration of Intention to become a United States citizen. Although the Declaration of Intention is not required for naturalization, some permanent residents find it necessary, to file Form N-300 to fulfill requirements of states that mandate specific documentation from resident aliens seeking to work in certain occupations or professions, or to obtain various licenses. The Form N-300 helps facilitate this process.

3. The use of this form provides the most efficient means for collecting and processing the required data. Currently, USCIS does not have the automated capability in place to accept electronic submission of applications. However, this form has been designated for e-filing under the Business Transformation Project.

4. A review of the Forms Inventory Report revealed no duplication of effort, and there is no other similar information currently available that can be used for this purpose.

5. This collection does not have an impact on small businesses or other small entities.
6. The collection of this information is mandated by section 334 of the Act. The collection of information is required to verify the status of the permanent resident, and if the applicant is deemed eligible, to issue him or her a duplicate copy of the Declaration of Intention. Without such documentation, it may not be possible for some permanent residents to satisfy requirements of states that ask permanent residents to produce evidence of their intention to become U.S. citizens in order to engage in certain occupations or professions, or obtain various licenses.
7. There are no special circumstances applicable to this information collection.
8. USCIS published a 60-day notice in the Federal Register on February 11, 2009, at 74 FR 6915, allowing for a 60-day comments period. USCIS did not receive any comments from the public.
9. USCIS does not provide payments or gifts to respondents in exchange for a benefit sought.
10. There is no assurance of confidentiality.
11. There are no questions of a sensitive nature.
12. Annual Reporting Burden:

a. Number of Respondents	433
b. Number of Responses per Respondent	1
c. Total Annual Response	433
d. Hours per Response	.75
e. Total Annual Reporting Burden	325

Annual Reporting Burden

Total annual reporting burden hours are 325. This figure was derived by multiplying the number of respondents (433) x frequency of response (1) x hours per response (45 minutes) (.75).

- 13. There are no capital or start-up costs associated with this information collection. Any cost burdens to respondents as a result of this collection are identified in item 14. There is a fee charge of \$235 associated with the collection of this information.

14. **Annualized Cost Analysis:**

Printing Cost	\$ 120
Collecting and Processing	\$ 101,635
Total Cost to Program	\$ 101,755
Fee Charge	\$ 101,755
Total Cost to Government	\$ 0

Government Cost

The cost of the program to the Government is calculated by multiplying the estimated number of respondents (433) multiplied by the suggested fee charge of \$235 (which includes the suggested average hourly rate for clerical, officer, and managerial time with benefits). In addition, the cost includes estimated overhead cost for printing, stocking, distributing and processing of this form.

Public Cost

The estimated annual public cost is \$105,003. This is based on the number of respondents (433) x (1) response x 45 minutes (.75) per response x \$10 (average hourly rate), plus the number of respondents (433) x \$235 fee charge.

- 15. There has been no increase or decrease in the estimated annual burden hours previously reported for this information collection.

16. USCIS does not intend to employ the use of statistics or the publication thereof for this collection of information.
17. USCIS will display the expiration date for OMB approval of this information collection.
18. USCIS does not request an exception to the certification of this information collection.

B. Collection of Information Employing Statistical Methods.
