Public reporting burden for this collection of information is estimated to average .25 minutes per response, including the time for reviewing instructions, searching existing data sources, gather and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

This information is required in order to administer the Mortgage Insurance Program (24 CFR Part 203). This information is required to request permission to exceed cost limits when preservation and protection efforts cannot be performed in a specific jurisdiction for the costs prescribed. If HUD did not collect this information, it would prevent timely preservation and protection efforts, increased losses to HUD's Insurance Fund and would prolong the conveyances of properties to HUD. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.
