Part A Justification

A1 Need and Legal Basis

Why is this information necessary? Identify any legal or administrative requirements that necessitate the collection.

This request is for clearance of data collection and reporting to enable the U.S. Department of Housing and Urban Development (HUD) Office of Community Planning and Development (CPD) to monitor grantees that receive funding through the Homeless Prevention and Rapid Re-Housing Program (HPRP) on a quarterly basis. The need and legal basis for these reporting requirements are presented below.

Quarterly Performance Reports for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

The American Recovery and Reinvestment Act of 2009 (the Recovery Act) established the Homelessness Prevention Fund, now called the Homelessness Prevention and Rapid Re-Housing Program (HPRP), to provide homelessness prevention assistance to at-risk households and rapid re-housing assistance to households that are literally homeless. Section 1512 the Recovery Act requires that all grantees submit Quarterly Reports. (See Attachment A.) In addition, the Act specifically required HPRP grantees to report client-level data, such as demographic characteristics, in a Homeless Management Information System (HMIS) or comparable database.

HUD outlined the basic requirements for reporting on the HPRP program in its Notice of Allocations, Application Procedures, and Requirements for Homelessness Prevention and Rapid Re-Housing Program Grantees under the American Recovery and Reinvestment Act of 2009 [Docket No. FR-5309-N-1, March 19, 2009]. The Notice indicates that each grantee must prepare and submit the following reports to HUD:

- An Initial Performance Report, which covers the period between the grant agreement execution date and September 30, 2009, and which will serve as the ***first Quarterly Performance Report and Supplement***;
- Ongoing ***Quarterly Performance Reports***, which will include many of the same items as the first report, and will be due within 10 days of the end of each quarter for the period of program operations; and
- An ***Annual Performance Report*** to be submitted within 60 days of the end of each federal fiscal year.

The information that is requested in these reports will enable HUD to monitor spending and program activity, identify who is being served and what services are being provided, and assess program effectiveness.

This emergency request addresses the data collection requirements of the ***Initial Quarterly Performance Report for HPRP*** as well as the ***regular Quarterly Performance Reports***. A separate Request for Data Collection will be submitted at a later date for the HPRP Annual Performance Report.

HPRP and Homeless Management Information Systems (HMIS)

An HMIS is an electronic data collection system that stores person-level information about homeless persons who access a community's homeless service system. Over the past decade, HUD has supported the development of local HMIS by funding their development and implementation, by providing technical assistance, and by developing national data and technical standards that enable the collection of standardized information on the characteristics, service patterns and service needs of homeless persons within a jurisdiction and across jurisdictions. These standards are described in HUD's Homeless Management Information Systems (HMIS) Data & Technical Standards Notice (69 FR 45888, July 30, 2004). In conjunction with the addition of HUD's reporting requirements for the HPRP program, HUD is revising the data elements in the 2004 Notice. The original notice and proposed revisions to data elements are provided as a supplement to this OMB package.

A2 Information Users

How is the information collected and how is the information to be used?

Information for the Quarterly Performance Reports (QPR) will be collected by HPRP subgrantees and recorded in a Homeless Management Information System (HMIS) or comparable system. Subgrantees will submit their data electronically to grantees on a regular basis. Each grantee will aggregate subgrantee information and prepare and submit the Quarterly Report to HUD.

An initial Quarterly Performance Report and Supplement (that provides one-time information on the planned allocation of resources by subgrantee, projected program outputs, plans for targeting homelessness prevention funds, and plans for data collection and reporting) is due in October 2009 covering the period July 1, 2009 through September 30, 2009. Ongoing Quarterly Performance Reports are due beginning in January 2010 (covering the period October 1, 2009 through December 31, 2009). All Quarterly Reports must be submitted within 10 days after the end of each fiscal quarter in which HPRP funds are expended.

Quarterly Performance Reports will be submitted to HUD electronically via *e-snaps*. The data will be used by HUD to assess the performance of individual grantees and to determine compliance with funding requirements. QPRs will also be used provide information on overall program performance and outcomes to HUD staff, other federal agencies, the Congress, and the Office of Management and Budget.

Item-by-Item Justification

Attachment B lists each data element required for the Quarterly Performance Reports along with the justification for including the data element. This is followed a list of supplemental data elements required for the first Quarterly Report. All reporting items required by the Office of Management and Budget for Recovery Act grantees (OMB Approval Number 0970-0334.) are included in Attachment B along with items that HUD has identified as necessary for program monitoring.

The general topics covered in the Quarterly Performance Reports for the HPRP Program include:

OMB-required ARRA-Performance Progress Report Items

- **Report Authorizing Information**—Report items include grantee name and contact information, grantee identifiers, reporting period, and certifications.
- **Section 1: Award Recipient Information**—Report items include name of project or activity, total amount of funding, and amount of funds obligated or expended.
- **Section 2: Project/Activity Information**—Report items include description and status of project/activity, and number of jobs retained and created.
- **Section 3: Subawardee of Subcontract Award Information**—Report items include subgrantee name and contact information, amount of award, and award date.
- **Section 4: Subawardee or Subcontract Award Information – Aggregate Report** — Number of subcontracts and subawards that are less than and greater than \$25,000.

HPRP Quarterly Performance Report Data Elements

(Note: These items will be included in HUD’s revised Homeless Management System Data Standards Draft Notice)

- **Section 5: Grantee Information**—Contact information for individual completing the report, name of grantee authorizing official, and project identifying information.
- **Section 6: Program Performance**—Number of persons and households served by homeless status at entry and by services received, and housing outcomes of persons served.
- **Section 7: Financial Information**—Expenditures by broad eligible activities and by eligible service activities.

HPRP Quarter Performance Report SUPPLEMENT Data Elements

(Note: This information is required only for the initial Quarterly Performance Report)

- **Section 8: Grant Allocation**—List of all subgrantees, award amounts, and associated eligible activities.
- **Section 9: Projected Program Outputs**—Projected number of persons and households to be served by homeless status and eligible service activities.
- **Section 10: Homeless Prevention Targeting**—Factors to be used to prioritize homeless prevention assistance.
- **Section 11: HMIS**—Plan for entering data on households served into HMIS or alternate data system.

A3 Improved Information Technologies

Describe whether, and to what extent, the collection of information is automated (item 13b1 of OMB form 83-i). If it is not automated, explain why not. Also describe any other efforts to reduce burden.

Performance Reports will be submitted via a web-based reporting tool integrated into HUD's *e-snaps* system. In order to increase the accuracy of the data and reduce burden on grantees and sub-grantees, the system will have the following capabilities:

1. **Some Performance Report information will be pre-filled.** The Performance Report will be linked to information provided on the original application; portions of the Performance Report will be pre-filled with information from these sources.
2. **Built-in data quality checks.** The *e-snaps* system will check for data consistency and accuracy as grantees and/or sub-grantees complete the Performance Report and will identify potential data issues for the user prior to submission.
3. **Use of pick-lists or drop-down menus.** The Performance Report will contain drop-down menus where applicable to facilitate reporting and improve data quality.
4. **Automated calculations.** Rows or columns shaded in grey will be automatically calculated and thus do not require data entry or manual calculations.
5. **Other key features include:**
 - Secure data entry (128 bit encryption).
 - User login, save/review, and submit—including user registration with authorizing grantee official verification; data entry, review, edit prior to final submission; and data submission date/time stamp.
 - Electronic signature/approval by authorizing grantee and sponsor officials.
 - Navigation to access different sections/tables sequentially or non-sequentially.

- Help/look-up features—including highlight text linked to Performance Report instructions, definitions, or the HMIS Data & Technical Standards; a link to the full Performance Report instructions; and integrated Help Desk support.
- Integrated method for HUD review and approval—including interactive messaging with grantee contact to address questions/corrections; and HUD review and approval date/time stamp with grantee notification.

A4 Duplication of Similar Information

Is this information collected elsewhere? If so, why cannot any similar information already available be used or modified?

Quarterly reports are required for Recovery Act programs such as HPRP. HUD has designed a Quarterly Performance Report that will capture all data elements specified by OMB as well as a small number of additional data elements that will assist HUD in effective oversight of program dollars. In an initial quarterly Performance Report for HPRP Programs, grantees will be asked for one-time information about their plans for deploying HPRP funds.

A5 Small Businesses

Does the collection of information impact small businesses or other small entities (item 5 of OMB form 83-i)? Describe any methods used to minimize burden.

No small businesses are involved as respondents to this data collection effort. HUD's Performance Reports are completed by grantees and sub-grantees (local or state governments and nonprofit agencies) receiving HUD homelessness prevention funding.

A6 Less Frequent Data Collection

Describe the consequence to Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.

The Recovery Act requires that HPRP grantees collect and submit limited quarterly data on progress and performance. Less frequent data collection is not permitted under this program.

A7 Special Circumstances

The proposed data collection activities are consistent with the guidelines set forth in 5 CFR 1320.6 (Controlling Paperwork Burden on the Public—General Information Collection Guidelines). There are no special circumstances that require deviation from these guidelines.

A8 Federal Register Notice/Outside Consultation

Identify the date and page number of the Federal Register notice (and provide a copy) soliciting comments on the information. Summarize public comments and describe actions taken by the agency in response to these comments. Describe all efforts to consult with persons outside the agency.

In accordance with the Paperwork Reduction Act of 1995, the Department of Housing and Urban Development published a notice in the Federal Register Friday May 8, 2009, page 21705 announcing the agency’s intention to request an OMB review of quarterly data collection activities for the Homelessness Prevention and Rapid Re-Housing Program.

HUD also conducted focus groups and interviews with HPRP stakeholders during February 2009 in order to obtain input on the design of the HPRP program and reporting requirements. A list of organizations and individuals who participated in these meetings is presented in Exhibit 1.

A9 Payment/Gift to Respondents

Explain any payments or gifts to respondents, other than remuneration of contractors or grantees.

HUD does not provide remuneration to grantees for completion and submission of Quarterly Performance Reports. However, HUD does require grantees to complete and submit the Quarterly Performance Report in order to continue to draw HUD funds for project activities.

A10 Confidentiality

Describe any assurance of confidentiality provided to respondents and the basis for assurance in statute, regulation or agency policy.

The Quarterly Performance Reports contain only aggregated data on persons receiving homeless prevention and rapid re-housing services. These reports do not contain any protected personal information.

A11 Sensitive Questions

Justify any questions of a sensitive nature, such as sexual, religious beliefs, and other matters that are commonly considered private.

The Quarterly Performance Reports do not include questions of a sensitive nature for HUD grantees or subgrantees.

A12 Burden Estimate (Total Hours and Wages)

Estimate public burden: number of respondents, frequency of response, annual hour burden. Explain how the burden was estimated.

Exhibits 2 and 3 provide information on the estimated time and expenditures required to compile data and complete the Quarterly Performance Reports. Total burden for data collection for one year for the Quarterly Performance Reports is estimated at 113,652 hours. The average annual burden for HPRP grantees (inclusive of their subgrantees) to compile and submit data for the Quarterly Performance Reports is 210 hours at a cost of \$6,684.30.

**Exhibit 2: Estimated Annual Burden Hours

HPRP State and Local Government Grantees	210	\$31.83	\$6,684.30

*Hourly wage rates are based on the 2007 Occupational Employment and Wages published by the Department of Labor (5/9/08). The hourly wage rate in Exhibit 3 represents the average of “Business Operations Specialists, All Others” (\$29.88/hr) and “Data Base Administrators” (\$33.78), assuming an equal proportion of hours required to complete the Performance Report per occupational type.

A13 Capital Costs

Estimate the annual capital cost to respondents or recordkeepers.

There are no capital costs for respondents beyond customary or usual business practices or that are not otherwise required to achieve regulatory compliance not associated with the collection of information for purposes of completing the Quarterly Performance Reports.

A14 Cost to the Federal Government

Estimate annualized costs to the Federal government.

The federal costs associated with the Quarterly Performance Reports are accounted for as part of overall program oversight and management. It is not possible to separate out any specific costs attributed to the data collection effort that are borne by the government.

A15 Program or Burden Changes

Explain any program changes or adjustments in burden.

This is a new program.

A16 Publication and Tabulation Dates

If the information will be published, outline plans for tabulation and publication.

Quarterly Performance Report data will be entered and stored in the *e-snaps* system. HUD staff will review and assess each Performance Report to determine compliance with HUD regulations and grantee agreements. Aggregated data from the Performance Reports will be used to report to Congress, OMB, and other stakeholders on program performance on an as requested basis.

A17 Expiration Date

Explain any request to not display the expiration date.

The OMB expiration date will be displayed on all data collection instruments.

A18 Certification Statement

Explain each exception to the certification statement identified in item 19.

There are no exceptions to the certification.

Part B: Statistical Methods

B1 Potential Respondent Universe

All 540 grantees receiving HUD funds under the Homelessness Prevention and Rapid Re-Housing Program are required to complete and submit Quarterly Performance Reports.

B2 Statistical Methods and Data Collection Procedures

Since all grantees are required to complete Quarterly Performance Report, there are no statistical methods used or required for this information collection. Per the HMIS Data and Technical Standards, grantees are required to collect data on program participants of recipient entities at participant entry and exit and, for some data elements, at least once annually during program enrollment, if the period between program entry and exit exceeds one year.

Data are typically collected manually and then entered into the local HMIS by staff of the recipient organization. However, recipients may also collect and enter data into HMIS simultaneously or “in real time.” To complete a Performance Report, recipients must aggregate data contained in HMIS into Performance Report response tables associated with each question. The reports will then be uploaded to the e-SNAPS system.

Sampling Plan

There is no need to produce a sampling plan because all grantees must report.

Estimation Procedures

All Performance Report information is reported at the aggregate level; no statistical estimation procedures are required.

Any Use of Periodic (less frequent than annual) Data Collection Cycles to Reduce Burden

Not applicable. The Quarterly Performance Report is required four times per year for the HPRP program.

B3 Maximizing Response Rates

HPRP grantees are required to submit Quarterly Performance Reports in order to be compliant with their grant requirements. Assistance in completing the Quarterly Performance Report will be available through Help Desk support to any grantees that need it. There are no additional efforts planned to maximize response rates.

B4 Tests of Procedures or Methods

No tests of procedures or methods were conducted for the Performance Report.

B5 Statistical Consultation and Information Collection Agents

As stated in B2 above, there are no statistical methods to be employed in conjunction with the Quarterly Performance Report.
