

United States Department of Commerce National Oceanic and Atmospheric Administration National Marine Fisheries Service Northeast Region One Blackburn Drive Gloucester, MA 01930

February XX, 2009

Dear Fishing Vessel Owner:

Included in your permit renewal package is the Northeast Fishing Vessel Annual Cost Survey (attached) that the Permit Office is administering in cooperation with the Social Sciences Branch of the Northeast Fisheries Science Center. I am writing to ask you to participate in this survey that will provide better information about some of the costs incurred by fishing vessels. Participation is voluntary; permit renewal is not affected by whether you participate in the survey.

Cost information is needed by fishery economists at the Northeast Fisheries Science Center to further understand the factors that influence business decisions made by vessel owners. The data will also be used to estimate the economic impact of proposed fishing regulations (trip limits, closed areas, days-at-sea, quotas, etc.) and how these regulations will affect different components of the industry, different ports, and different groups of fishermen and fishing communities. With better data about costs, fishery managers will be better able to develop regulations that increase the net benefits from fishery resources.

To do these analyses, information about annual costs is needed. Annual costs include insurance, mooring and dockage fees, repairs and maintenance, and other costs that are not directly determined by the number or duration of trips a vessel makes. The survey is a mechanism for gathering more accurate information about annual costs. If enough vessel owners participate in this survey, annual cost questions may be phased out of the observer program (although the observers will continue to gather trip cost information).

Any data you submit in the survey must and will be kept confidential. In reports, the data from vessel owners will be combined to give a summary of costs by gear type, vessel size, region, etc. No individual owner's data will be published or made available to anyone other than the owner and analysts specifically authorized to work with the data.

Thank-you in advance to all owners who participate in the survey. Your cooperation will help fishery economists better evaluate the impacts of proposed regulations and will help fishery managers to make more informed choices.

For questions about completing the survey, contact Mike Morin in the Permit Office at 978-281-9196 or <u>Mike.Morin@noaa.gov</u>. Other Permit Office staff members are also available to assist you by calling 978-281-9370. For questions about economic data collection programs in the Northeast, contact Andrew Kitts at the Northeast Fisheries Science Center at 508-495-2231 or <u>Andrew.Kitts@noaa.gov</u>.

Sincerely,

Patricia A. Kurkul

**Regional Administrator** 

PAPERWORK REDUCTION ACT STATEMENT: The Northeast Fishing Vessel Annual Cost Survey provides economic data for all federally permitted fisheries in the Northeast region. This information will be used to improve research and management of these fisheries. Public reporting burden for this information collection, including time for reviewing instructions and collecting the needed data, is estimated to average 1 hour per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Andrew Kitts, Northeast Fisheries Science Center, 166 Water Street, Woods Hole, MA 02540; Email: <u>Andrew.Kitts@noaa.gov</u>, Phone: 508-495-2231.

Confidential name and address information may be released via a NOAA Fisheries website for informational purposes. All other data submitted will be handled as confidential material in accordance with NOAA Administrative Order 216-100, Protection of Confidential Fishery Statistics. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number

OMB Control No. 0648-0369 Expires: 07/31/2009

# Northeast Fishing Vessel Annual Cost Survey

United State Department of Commerce National Oceanic & Atmospheric Administration National Marine Fisheries Service Permit Office 55 Great Republic Drive Gloucester, MA 01930-2276 Tel: (978) 281-9370

**Instructions:** Please record the annual costs associated with only the vessel identified below. If you own more than one vessel, certain costs may need to be divided among vessels (for example, divide office expenses by the number of vessels owned). Record the combined annual cost for all fisheries you may have participated in this fiscal year. This survey does not have questions about trip costs such as fuel, ice, bait, and supplies. This type of information is collected by observers at sea. **IMPORTANT:** *if you do not know the cost of a particular item (but an expense was incurred), please leave the question blank. If this expense does not apply to your vessel, please check the "not applicable" box.* 

## Please return completed surveys to the Permit Office (may be returned with the permit renewal form) SECTION A - Vessel Information

12345678 Coast Guard Documentation or State Registration Number: (one survey per vessel) Fiscal year that corresponds with the annual costs you will provide below (use the most recent year for which you have complete records). Please provide information for *one* year only. Format: (mm/dd/yyyy) Start date: | | / | | / | | | End date: | | / | | / | | / | | | Vessel Ownership Type (check one): If you checked "D" (Corporation), please check which type: A. Sole proprietorship B. General partnership C corporation C. Limited partnership S corporation D. Corporation Limited Liability Corporation E. Other Please list the number of owners: Was the vessel purchased from a previous owner or was it bought new? Previous owner New In what calendar year did you acquire the vessel? Please estimate the market value of your vessel (including all equipment, fishing gear, permits, and fishing history).

## SECTION B -

## Improvements, Quota Transfer/Lease, Repair/Maintenance, Crew Compensation

What improvements (new or replacement gear, equipment, electronics, etc.) were made to the vessel this fiscal year? Please use the table to list the improvements. Also in this table, **please include the cost of buying PERMANENT quota** (surf clam/ocean qualog ITQ shares, for example). If you leased quota or days-at-sea, please provide those costs in the next question.

## SECTION E - Typical Lay System

Γ

What was your primary fishery (based on revenue) this fiscal year? Please list only one (e.g., groundfish, scallops, etc.)
For the <u>primary</u> fishery you listed above, which best describes how the crew (including the captain) is paid:
Clear lay (gross stock is split between boat and crew; then trip expenses are deducted from the crew's share)
Broken lay (trip expenses are deducted from the gross stock; then split between boat and crew)
Per-trip or hourly wage Other please describe in the comments section below
For clear or broken lay systems, what is the percentage share to the boat and crew? (should add to 100%)
% Boat (owner) share     % Crew share (include hired captain's share)
For clear or broken lay systems, which trip expenses are normally deducted? ( <i>check all that apply</i> )
Fuel Water Oil/lubrication Lost/damaged gear Fishing quota or days-at-sea
Food   Bait   Unloading fees   Settlement fees   Other:   I   I   I   I
Ice     Electronics     Cell phone     General fishing supplies (hooks, bags, totes, gloves, etc.)
For the <u>primary</u> fishery you listed above, do you hire a captain? Owner operated Hired captain
How many years of experience does the captain have in the primary fishery you listed above? $           $ year
What is the size of the crew in the <u>primary</u> fishery you listed above? $     $ crew members
(include the captain)
Please use this space to provide additional information or comments
