

*Turn your
back on fear and...
Realize the power of a
mammogram.*

Any woman can get breast cancer, but as you get older your chances increase. If you are over 40 or have a family history of breast cancer, you should have a mammogram. All women should receive regular recommended screenings for breast cancer. The North Carolina BCCCP provides free or low-cost breast cancer screenings and follow-up services to eligible women in NC with highly qualified medical professionals. Be powerful and get a mammogram.

**To find out more about low- or no- cost mammograms
