

SUPPORTING STATEMENT

PROVIDER ENROLLMENT FORM (OWCP-1168) OMB NO. 1215-0137

1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collections. Attach a copy of the appropriate section of each statute and of each regulation mandating or authorizing the collection of information.

The Office of Workers' Compensation Programs (OWCP) is the agency responsible for administration of the Federal Employees' Compensation Act (FECA), 5 U.S.C. 8101 *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* These statutes require OWCP to pay for appropriate medical and vocational rehabilitation services provided to beneficiaries. In order for OWCP's billing contractor to pay providers of these services with its automated bill processing system, providers must "enroll" with one or more of the OWCP programs that administer the statutes by submitting certain profile information, including identifying information, tax I.D. information, and whether they possess specialty or sub-specialty training. Form OWCP-1168 is used to obtain this information from each provider.

If this information is not obtained before the provider submits his or her first bill for payment, the bill payment process is substantially prolonged and increases the burden on providers. The regulations implementing the above statutes that OWCP administers permit the collection of information necessary to allow its billing contractor to process and pay bills submitted by providers of medical and vocational rehabilitation services. (20 CFR 10.801, 30.701, 725.704 and 725.705).

2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.

The information provided is used by all three programs to identify the providers of medical and vocational rehabilitation services, and to direct payments to these providers accurately and in a timely manner. The information obtained also provides data for OWCP's billing contractor to carry out a wide range of

automated bill "edits", such as the identification of duplicate billings, the application of pertinent fee schedules, utilization review, and fraud and abuse detection. The profile information is also used to furnish detailed reports to providers on the status of previously submitted bills.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also, describe any consideration of using information technology to reduce burden.

Form OWCP-1168 is posted on the Internet so providers wishing to submit bills under one or more of the programs that OWCP administers can print it out, fill it in, and mail it in to OWCP's billing contractor (<http://owcp.dol.acs-inc.com/portal/formsAndLinks.do>). OWCP is currently working with its billing contractor to make the collection of this information possible online through the billing contractor's web portal, and will offer that option once technical and contractual issues have been resolved.

4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.

The information collected on this form is not duplicative of any information available elsewhere. The respondent is the only source of the information required to enroll the provider.

5. If the collection information impacts small businesses or other small entities (Item 5 of OMB Form 83-1), describe any methods used to minimize burden.

This information collection has been streamlined to obtain the minimum information needed by OWCP's billing contractor while imposing the minimum burden on respondents, and does not have a significant economic impact on a substantial number of small entities.

6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.

Please refer to Nos. 1 and 2 on pages 1-2. The information requested from respondents is the minimum needed to meet the bill processing needs of the three programs and is only collected on an occasional basis (after the first response, the information is only collected if there is a change in the type of information that is needed). Bills for medical and vocational rehabilitation services provided to beneficiaries cannot be processed for payment by OWCP's billing contractor without the information collected. Failure to collect this data would result in delayed manual payments to respondents.

7. Explain any special circumstance for conducting this information collection.

There are no special circumstances for conducting this information collection.

8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8 (d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments.

No outside consultations have been conducted concerning the use of this form. However, the form has been in use for several years in the three programs and thousands of responses have been received providing ample time for comments and consultation. To our knowledge, no respondent has voiced a complaint regarding the use of this form.

A notice inviting public comment on this information collection was published in the Federal Register on June 23, 2009. No comments were received.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

Respondents do not receive any gifts or payments to furnish the requested information.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulations, or agency policy.

All information submitted on Form OWCP-1168 is fully protected under the Privacy Act in the following systems of records: DOL/GOVT-1 (for FECA); DOL/ESA-6 (for BLBA); and DOL/ESA-49 (for EEOICPA). A Privacy Act Statement is included on the form.

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary; the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature on this form.

12. Provide estimates of the hour burden of the collection of information. The statement should:

- **Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated. Unless directed to do so, agencies should not make special surveys to obtain information on which to base burden estimates. Consultation with a sample of potential respondents is desirable. If the burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated burden and explain the reason for the variance. Generally, estimates should not include burden hours for customary and usual business practices. If the request for approval is for more than one form, provide separate burden estimates for each form and aggregate the hour burdens in Item 13 of OMB Form 83-1.**
- **Provide estimates of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14.**

The following burden estimates for the three programs have been derived from data compiled during FY 2008:

FECA: Approximately 54,240 respondents submit a Form OWCP-1168 each year for the FECA program. It is estimated that each Form OWCP-1168 takes about 8 minutes for the respondent to prepare, which results in an annual hour burden of 7,214 hours (54,240 responses x 0.133 = 7,214 hours).

BLBA: Approximately 6,000 respondents submit a Form OWCP-1168 each year for the BLBA program. It is estimated that each Form OWCP-1168 takes about 8 minutes for the respondent to prepare, which results in an annual hour burden of 798 hours (6,000 responses x 0.133 = 798 hours).

EEOICPA: About 9,945 respondents submit a Form OWCP-1168 each year for the EEOICPA program. It is estimated that each Form OWCP-1168 takes about 8 minutes for the respondent to prepare, for an annual hour burden of 1,323 hours (9,945 responses x 0.133 = 1,323 hours).

Combining the burden hours for these programs, Form OWCP-1168 has a total respondent annual burden hour estimate of 9,335 hours (7,214 + 798 + 1,323 = 9,335). Using the current hourly wage reported for general clerical work in offices and clinics of medical doctors (based on Bureau of Labor Statistics data for June 2009) of \$24.28 per hour, the respondent annualized cost estimate for this collection is \$226,654.

13. Annual Costs to Respondents (capital/start-up & operation and maintenance).

There are no startup costs for this information collection. Operation and maintenance costs consist solely of mailing costs. Using a cost of \$0.47 per response (\$0.44 for postage and \$0.03 for an envelope), operation and maintenance costs are estimated to be \$32,987 (70,185 responses x \$0.47 = \$32,987).

14. Provide estimates of annualized cost to the Federal government.

The estimated costs to the Federal government of collecting the information on Form OWCP-1168 are set out below:

Printing costs: OWCP estimates that it will print 50,000 OWCP-1168 forms yearly at a cost of \$2,400.00.

Mailing/Developmental costs: Providers seeking to enroll under one of OWCP's benefit programs may print out a copy of

Form OWCP-1168 from the Internet. However, OWCP anticipates that approximately two-thirds of providers will request a paper form; there will be a mailing cost of \$21,989(46,785 x \$.47 = \$21,988.95 or \$21,989) rounded for these forms. There are no developmental costs associated with this collection of information.

Processing/Reviewing Costs: OWCP pays its billing contractor \$25.96 to process one Form OWCP-1168. Therefore, OWCP's cost to have its contractor process 70,185 of these forms for the three programs is \$1,822,002(70,185 forms x \$25.96 = \$1,822,002).

\$2,400 (printing) + \$21,989(mailing) + \$1,822,002 (processing) = Total Estimated Federal Cost of \$1,846,391.

15. Explain the reasons for any program changes or adjustments reported in Items 13 or 14 of the OMB Form 83-I.

The bulk of respondents already enrolled in the three programs were required to re-enroll with current information due to the necessity to obtain new information required by other Federal agencies, i.e., the National Provider Identification (NPI) number and taxonomy codes. Also, there has been an increase in the number of respondents seeking to provide medical or vocational services to beneficiaries. There is an adjustment of +2,918 in burden hours and +\$15,251 in operational and maintenance costs.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

There are no plans to publish data collected by Form OWCP-1168.

17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

This information collection request does not seek a waiver from the requirement to display the expiration date.

18. Collections of Information Employing Statistical Methods:

Explain each exception to the certification statement identified in Item "Certification for Paperwork Reduction Act Submissions," of OMB Form 83-I.

There are no exceptions to the certification statement.
