| Other change** The purpose of this change sheet is to request an amendment to the currently approved information collection, <i>2008/09 Baccalaureate and Beyond Longitudinal Study (B&B:08/09)</i> , OMB # 1850-0729 v.3. In collaboration with the National Science Foundation's (NSF) Division of Science Resources Statistics, NCES proposes to include in the B&B:08/09 student interview six items from NSF's 2008 National Survey of Recent College Graduates (NSRCG), related to alignment between the student's highest degree obtained and profession choices, as well as to student's country citizenship. This increases the burden time on individual students by 1 minute, for a total of 246 hours across 14,722 students. | | |
