Data from this survey are used to compute the index of Prices Paid by Farmers. This index measures price trends and changes that affect farm production input costs. Specifically, data from this survey are used for:

1. Evaluation of Farm policy and legislation.
2. Updating cost of production estimates used in determination of net farm income.
3. Computation of Parity Prices for selected agricultural commodities.

Individual reports are kept confidential. Response to this survey is voluntary and not required by law. However, your cooperation is very important in order to estimate these prices accurately. Please mail your report promptly in the enclosed postage paid envelope.

Please make corrections to name, address and Zip Code, if necessary.

Thank you for your cooperation.

INSTRUCTIONS

- Report prices currently in effect for bagged feed.
- Prices should be reported on a bulk basis if sales are made in bulk form.
- Report the price for the brand or quality with the largest volume of sales.
- Report prices only for items sold.
- Do not enter a range of prices.
- Exclude state sales tax.
