

NIST In-depth Interview: Perceptions of Online Security Interview Questionnaire

1. Have you ever received any type of computer security training or education?

If Yes:

How often

What type (online, classroom)

Who provided the training?

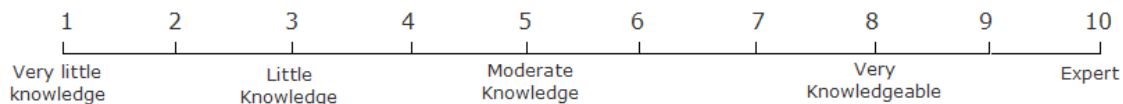

Was it beneficial and were you able to understand the content?

Did you change your behavior after the training?

IF YES - What information accounted for that change?

2. Self-assessment of security knowledge and awareness.

Please provide an assessment of your knowledge of security from 1-10. The following scale will be used:

3. Definition of Security

Please describe what you think about or how you define or describe online security.

In general, what do you think you are protecting and who/what are you protecting that from?

If you are using your computer at home - what do you think you are protecting and who/what are you protecting it from?

If you are using your work computer - what do you think you are protecting and who/what are you protecting it from?

More specifically:

If I said - What do you think about security with regards to:

- Your email(s) account(s)
 - o What is it that you are protecting?
 - o Who do you think wants the information and what would they do with it?
- Online shopping
 - o What is it that you are protecting?
 - o Who do you think wants the information and what would they do with it?
- Online banking or bill paying
 - o What is it that you are protecting?
 - o Who do you think wants the information and what would they do with it?
- Social websites
 - o What is it that you are protecting?

- o Who do you think wants the information and what would they do with it?
- Administration and configuration
 - o What security related issues can happen and how?

4. Security Icons

Have you ever seen these security icons/trust marks before (please circle icons you have seen before)?

- Firewall
- Keylogger

- HTTP/HTTPS
- Phishing
- Spyware/ant-spyware
- Spoofing
- SSL
- Virus
- Worm

NOTE: This questionnaire contains collection of information requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB Control Number. The estimated response time for this questionnaire is **60** minutes. The response time includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information." Send comments regarding this estimate or any other aspects of this collection of information, including suggestions for reducing the length of this questionnaire, to the National Institute of Standards and Technology, Attn., Mary Theofanos, mary.theofanos@nist.gov , 301-975-5889. The OMB Control No. is 0693-0043, which expires on 10/31/2012.
