Notice Code: <Insert Code>

We recently wrote to you about your progress with work and earnings, education, or technical training from <INSERT MONTH AND YEAR> through <INSERT MONTH AND YEAR>. After every 12 months that you work with an Employment Network (EN) or State vocational rehabilitation (VR) agency, we must decide if you are making the expected progress. The 12 months only include months that your ticket was assigned to an EN and active or you were working with a State VR agency and active. We either received no response or the information did not show that you met the requirements for making the expected progress. If we do not hear from you in writing within 30 days of the date of this notice, you will no longer be excused from medical reviews as of <date of this notice +30>.

Why Social Security Does Progress Reviews

As long as you are working with an EN or a State VR agency and making the expected progress toward your work-related goals, Social Security will not conduct a medical review to see if you are still disabled under their rules. A Progress Review is the means used to decide if you are making enough progress with work and earnings, education, or technical training to continue to be excused from a medical review.

If you aren't meeting the progress review requirements you are not making the expected progress, and you will not be excused from a medical review. However, you may continue to work with your EN or State VR agency toward your goals.

What You Should Do

You have three options at this time:

EIN: <Insert #>
SSN: <Insert Beneficiary SSN>

Notice Code: F0001000

1. To Continue Making Progress

In the past, we requested your response to the attached Progress Review Form. This letter is your second chance to provide information about your progress with work and earnings, education, or technical training. If you have met the requirements for your <X> 12-month Progress Review, please complete the attached Progress Review Form, sign and date it, and return it to us within 30 days. If you have not met the requirements for this period, you may contact < INSERT name of EN/state VR agency> to help you continue making progress toward your goals.

2. To Request Inactive Status

At any time that you believe you are not able to make the expected progress, you may request Inactive Status. To do this, you may write MAXIMUS a letter asking for Inactive Status. MAXIMUS will notify your EN or State VR agency of this. However, you may continue to work with your EN or State VR agency toward your work goals.

The months that you are in Inactive Status do not count against the time limit for making progress toward self-supporting employment so we will not review your progress during this period. However, while you are in Inactive Status, you are not excused from medical reviews.

3. To Ask Social Security to Review Our Decision

If you would like Social Security to review our decision, you must send a written request within 30 days and explain why you disagree with our decision. Please provide evidence to show how you met the requirements for this Progress Review period. You must include evidence of your work and earnings or education or technical training. We require an original pay slip or school transcript, or statement from an employer or school. You may keep a copy of what you send us for your records. In place of this, we accept two pieces of evidence, such as photocopies of pay slips or transcripts, and a signed statement from you certifying that you met the required work or education or training. You may complete the enclosed Progress Review Form, sign it and return it to us in place of a signed statement. Please write your ticket number on each document you send us. The evidence must be clear and legible.

We will send your written request to Social Security. Once they review your evidence, they will send you a letter to tell you about their final decision.

If You Have Questions
